Refit Of Nfld. Ferry Planned

HALIFAX (CP) — The CNR ferry William Carson will enter drydock Tuesday for annual refit an official of Halifax Shipyards Limited said Monday. The Carson which operates between North Sydney, N.S., and Argentinia, Nfld. arrived here March 3. Normally she does not undergo refit until later in the spring, but a fire in the engine room control panel last month made a trip here necessary. Dan Scouler, general superintendent of Halifax Shipyards, said damage was not as serious as was first thought. Mr. Scouler said the refit will take 10 to 12 days.
