

In search of the green

by Laurie Reeves

Hello again. This week's column has a few items in it for you.

First, I would like to begin by congratulating those students from last year who are on the U.P.E.I. Dean's List, as well as those who are receiving prizes for their outstanding work. The university population recognizes and congratulates this achievement. One way is through an Awards Dinner which is scheduled for this evening.

I would like to include the names of the prize winning students in next week's column because I want to stress that hard work really does pay off. Most of the prizes presented at the Awards Dinner are of monetary value due to the annual generosity of donors. These people want you, the students, to meet your potential. I encourage you to take advantage of this opportunity.

Second, I would like to say that the Student Loan forms are not complicated; well they are not supposed to be. Often, the problems encountered are generally ones concerning paperwork. Please feel free to drop by and I will do what I can to assist you.

My hours are:

Monday's - 12:30 p.m. - 3:30 p.m.

Tues. & Thurs. - 11:45 a.m. - 2:15 p.m.

Wednesday's - 10:30 a.m. - 12:30 p.m.

FROLICKING FRESHMAN

By Dean MacMillan

Hello freshman, welcome to your very own section of the university newspaper. My name is Dean MacMillan. I am the former freshman rep. on the UPEI student council, this means of course that I was a freshman last year. While I was a frosh I noticed there was a lack of ways for frosh to get involved and a general lack of spirit in the freshman class. Sometimes frosh even felt slightly out of place here on campus. Well now that I have experienced my freshman year I can tell you that there is no need to feel this way. There are a million things for you to

do here at UPEI and even more ways to get involved. I have decided to continue the Frolicking freshman to hopefully let you know how to get involved and to increase communication between you and the rest of the university. The frolicking freshman will be a bi-weekly article at least until such time as there is a new freshman rep elected and maybe until years end.

Well like I have said, I have experienced what it is like to be a frosh and can tell you that it can and will be a fantastic experience for you. There

is a tremendous amount of things about to happen to you all of em good! You are not only embarking on a new life of learning and personal growth but you will also have a fantastic time doing it. You will meet many many good new friends, and you will get all kinds of chances to get involved in university life here at UPEI. If there is one thing I would like to tell you, it would be to urge you to get involved in things here at the school. There are literally dozens of ways to do that. Perhaps one of the most promi-
