After the long weary winter. After storms that are past. There comes a time when we can say, That, "Spring is here at last." The silky willow catkins bud. The cold they do not fear; The birds return from winter homes. And soon their songs we hear. The frogs join in the evening song. New hope and cheer they bring. And even the little grasses Do speak to us of Spring. The trees put forth new buds and shoots. And soon new leaves appear; The birds do sing upon the bough And fill our hearts with cheer. Oh! how busy the birdies are Building their little nests. As God in Heaven showed them how And taught them what was best. We feel a quiet stillness, Hushed by the Hand of God; As everything begins to grow, New life from out the sod. And everywhere new life appears, And in our hearts we sing A song of thanks to God above That once again, "tis Spring." —Mrs. Alexander Blue, Little Sands, P. E. I.

53rd Annual Meeting Of Labourers' Union

Lemuel G. Rush was re-elected President of the Labourers' Protective Union at the annual meeting Friday night.

Other officers selected were:
1st Vice President, Arthur Peterson (re-elected).
2nd Vice President, Roy McKinnon (re-elected).
Secretary Treasurer, William A. Hughes (re-elected).
Recording Secretary, Hector MacQuarrie.
Sgt.-at-Arms, Walter Cullen.
Guardian, Wallace McDonald (re-elected).
House Committee, Frank Hughes chairman; Maurice Gormley and Wilfred Hughes.

PRESIDENT'S REPORT

This is our 53rd annual meeting and I am happy to report that it is perhaps the best year we have had since this Union started in 1902. Organized labor has made great advances since then. At that time we were alone. Today some fifteen unions are operating in this province and others will follow soon. This is as it should be because Prince Edward Island is known across this country because of our labor laws as the gutter of wages in Canada. Today we have men working on our Federal building for wages paid to girls in upper Canada. Burnt out veterans in the C. of C. who are only able to do light work receive \$1.07 per hour in British Columbia and 97 cents per hour in Ontario, while able body labourers in Prince Edward Island receive 70c per hour and are asked to pay a \$25.00 poll tax.

Contrary to reports there is still considerable unemployment in this city. The \$25.00 tax for outside workers is a move in the right direction and we hope this by-law will be carried out to the letter. We appreciate the action of the City Council in this matter. It is something that should have been done years ago because every good job that came to Charlottetown local labor was left out in favor of outsiders. I believe the day is not far away

when all unions will unite and use their ballots to defeat a government who would allow 650,000 men to be unemployed in this rich country of ours. Proper planning and timing of construction jobs would place more than half of those on jobs across Canada.

CASUAL LABOR

"At the present time it is the casual labourer who is taking the beating. We have fought their battles in the past, but the time has come when this union must do something definite on behalf of those men. Their rate of pay is outrageous. How anyone could expect a man to raise a family on 70 cents per hour is more than I can understand. It is time they were organized and I believe it is our duty to do it."

"Our financial report will be a pleasant surprise to many of our members. It shows that this union is in a very strong position at this time. We have made great advances and we are in a stronger financial position than at any time in the history of this union."

A great deal of credit goes to our secretary treasurer, Wm. A. Hughes. His untiring efforts on behalf of this union is responsible for the great showing in this report.

The April meeting of the Auxiliary of the W. M. S. was held at the home of Mrs. J. L. LePage.

The meeting opened with quiet music with Mrs. Sellar at the piano, followed by moments of silence. The President read the

call to worship, hymn: "Rejoice the Lord is King" was sung, and scripture reading by Mrs. Montgomery.

The Theme, "Christ the Hope of the World," was given by Mrs. MacLeod, assisted by Mrs. Fred Smith and Mrs. LePage. Hymn: "Jesus Shall Reign" was sung and all knelt in the circle of prayer. The president gave a reading on Christian Citizenship, with questions discussed and answered by the members.

Minutes were read and approved; 12 members and one visitor present; 32 home and three hospital calls reported and 12 books read.

Mrs. Seaman and Mrs. MacLeod gave some of the stories of the different characters in the Book of Judges.

A pleasing feature of this meeting was a visit from Mrs. Cutcliffe, Presbyterian President. Mrs. Cutcliffe gave some of the highlights of the Branch meeting which she was privileged to at-

tend; she also gave each officer in the W. M. S. some enlightenment on her duties. A vote of thanks was extended to Mrs. Cutcliffe for this splendid address. The May meeting will be at the Manse with "Serve" as roll call word; the book of Ruth to be the study.

Soviet Veterans Invite Yanks To Visit Moscow

LONDON (AP)—The Soviet veterans of the Elbe linking between Russia and America and veterans in the Second World War invited their American counterparts Sunday to visit Moscow next month. Moscow radio broadcast the text of a telegram sent by the "Soviet participants in the meeting of the Elbe" to the American veterans. It was signed by 15 Russians. The reunion would be to celebrate the 10th anniversary of the meeting of the forces.

A week ago Pravda announced that an organization called "American veterans of the meeting of the Elbe" had invited Soviet veterans of the junction to a celebration in Washington next Monday, the actual anniversary of the meeting.
