THE DAILY EXAMINER

JULY 14, 1900.

HOW THE DEBT INCREASED.

THERE was no subject about which the Liberals were more in earnest, when in opposition, than the increase of the debt of Canada, caused by the construction of the Canadian Pacific Railway, the construction and deepening of the canals, and the other great public works of fundamental importance to the country, which were begun and carried out by the Liberal-Conservative Government. It was promised and understood that when they rerched office the increase of the public debt should ceasee They reeched office at the end of 1896,—and this is their record :

INCREASE OF DEBT.

1897	$3,041,163
1898	2,417,802
1899	2,317,047
Increase of debt in three years	$7,776,012

This great increase of the public debt has been effected notwithstanding an increase in the amount collected by taxation of $10,000,000, in the year 1899-0 alone.

Besides nearly $8,000,000 of debt, as shown above, the following liabilities have been fastneed upon the country within the past three years :

Railway Subsidies	$14,223,944
Crows Nest Pass Railway	30,630,000
Drummond County Railway	1,600,000
Pacific Cable, Canada's share.	2,361,000
Grand Trunk, rented 99 years	13,860,000
	$35,684,944

These figures show how the Liberals, have performed their promise to lighten the burdens of the country.

IMPERIAL FEDERATION.

A spe... Globe, ... ated Lo... ly ... Westminster ... the ... passage of the Australian C... alth Bill, says :

"There is nothing ... of im-portance. ... the federation of the colonies tend to what is know... tion en essence? We believe it ... hardly as imperial federation is ordinarily understood. We see little chance of any constant colonial representation in either house of Parliament, or in the executive. The colonies will do much voluntarily ; but little compulsorily. The old fear of being taxed from home is by no means completely exorcised, and the idea that taxation imposed by the Imperial Parliament may follow representation in the Imperial Parliament, or the Imperial executive, is, we believe, for the present, fatal to all the schemes which ingenious constitution-mongers provide from time to time. But as the colonies federate themselves, they will provide a loose but effective ready-made federation for the Empire. The thing is immensely simplified when, instead of having to deal with a score of colonial governments, the Imperial Government finds itself in the presence of two or three great groups of colonies, with their executives.

"We may easily conceive a time when the British Government will find it absolutely impossible to take any important step, involving the whole Empire, without consulting the prime ministers of the Dominion of Canada, Australia and Federated South Africa. When that comes about we shall find that the Empire has federated itself, though, as usual, in absence of mind. There is nothing visionary in this outlook, and we look forward to it in the considerable hope that that world-wide consultation will bring steadiness and sobriety to our policy. But we must deal with our colonies straightforwardly and without flattery."

CIGARETTE-SMOKING is said to cause shortness of breath. If this is so, the remedy is, leave them off. But if the short breath comes from a cold or asthma, the remedy is Adamson's Botanic Cough Balsam.
