LECTURE.—Remember Rev. Mr. De Soyres' lecture in St. Paul's schoolroom this evening. The subject of the lecture is Dr. Johnson.

THE STANLEY arrived at Georgetown about five o'clock this afternoon. Mails and passengers will arrive in the city this evening.

A SUPERIOR Mason & Hamlin Organ, 12 stops, suitable for hall or church purposes, can be had at a great bargain by applying at this office.

ST. VALENTINE'S DAY.—Remember the Tea and Bazaar by the ladies of the Earnest Workers band of the Second Methodist Church, in the Market Hall on St. Valentine's day.

LECTURE THIS EVENING.—A rare treat is, without doubt, in store here for those who attend the lecture to be delivered by the Rev. J. De Soyres at St. Paul's Schoolroom this evening.

Y. M. C. A.—The Bible Class for young men, led by Rev. Mr. Carruthers, will meet in the upper parlor of the Y. M. C. A. this evening, at 8 o'clock. Subject—"The Bible a Rule of Faith."

REVIVAL AT TRYON.—In a letter to the Freeman the Rev. H. P. Comperthwaite says: "We are having a gracious revival of religion on the Tryon circuit. Special services have been held for two weeks, and over thirty have already evinced their desire for salvation, many of whom have found peace in believing in Jesus."

A NATURAL MISTAKE.—We have received the following complaint: "In the poem which I sent you the proof reader made me say 'hungering regret,' whereas I wrote 'lingering regret.' That's all right. The proof reader understands that a poet is a good deal more apt to hunger than he is to linger."—Chicago Times.

AN OFFER REFUSED.—The Glace Bay Mining Co. have declared a five per cent. dividend. An officer of D. J. Kennedy, on behalf of an American syndicate, to buy out the company at 75 cents on the dollar per value of shares, was declined. Thus the Glace Bay company refuses to be swallowed up by the monopoly that seeks to control the Cape Breton coal mines.

PRESENTATION.—The Farmer reports that Messrs Jesse S. Burns, Peter Stavert and Nelson Howatt, from Bedouque and Summerfield Presbyterian congregation, waited upon their pastor, Rev. Mr. Tufts, last Monday, and presented him with a beautiful driving sleigh. Such kindness speaks well for the esteem in which Mr. Tufts is held by his people. He is a talented and earnest pastor, and we feel sure such pleasant relations will long continue to exist.

Personal

Mr. W. W. Beer, of Beer Bros., left for Georgetown last night en route for the British markets.

William K. Vanderbilt and a party have left Baltimore for a cruise of seven months in the steam yacht Alva.

It is announced that Mrs. Cleveland danced a quadrille in Washington last week for the first time since her marriage.

It appears that Lieutenant Tilley, whose name has been mentioned as the principal in a very interesting ceremony, is not the son of Lieut.-Governor Tilley.

The son of Justin McCarthy, M. P., of the same name and also a Home Rule M. P., and a brilliant literary worker, has met with a severe affliction and has broken down in health. He was engaged to be married to a lovely girl, the daughter of Mr. Toole, the famous comedian. A short time ago, Miss Toole contracted typhoid fever, and after a short illness, died. The shock was so terrible to young Justin that he was prostrated, and his health seems to be completely shattered. His sister has taken him to Algeria, where their father will soon join them.

Mr. Laurence Peel, the last surviving brother of the great Sir Robert Peel, has died in England, in the eighty-eighth year of his age. The London Times said of him that "few of those who 'lived at home in ease' were ever more beloved or respected than the accomplished, courteous, and sympathetic gentleman who has just breathed his last. Nothing was more interesting than to hear Mr. Laurence Peel recount the changes in social life of England which he had himself witnessed, and the improvements which Brighton had undergone in his time. In youth and middle age he was acquainted with every body worth knowing in the best society of the West End, and had enjoyed the intimate friendship of that once celebrated queen of fashion, Sarah Countess of Jersey."

Notes and Clippings.

—St. John Sun: The Moncton Transcript has our congratulations. Proprietor Hawke announces that he has procured a new outfit of presses and other plant "commensurate with the probable rapid growth of the town." Judging from the tone of the Transcript's political articles one would sometimes be led to suppose that New Brunswick's towns are going down hill. It is gratifying to notice that Proprietor Hawke is less pessimistic than editor John T. Hawke.

—Referring to the recent visit to Montreal of Sir John Macdonald and Lady Macdonald, the Catholic Weekly Review says:

"While her husband was viewing the city, Lady Macdonald drove out to the Sacred Heart Convent at Sault-au-Recollet to visit the little daughter of Sir John's son, Mr. Hugh Macdonald, who is being educated by the Ladies of the Sacred Heart. Her Ladyship was most favorably impressed with the chaste beauty and marked simplicity which characterizes this celebrated educational establishment. The good habits of Sault-au-Recollet are getting quite familiar with these days—as Sir John Thompson is a frequent visitor to his daughters, who are being educated at the convent—as is also the Premier of Prince Edward Island to his, although probably the Misses Sullivan do not see their father quite so often as they will when the much talked of subway is un fait accompli."

The Review also refers to the fact that Albany, the Canadian Queen of Song, was a pupil of "The Ladies of the Sacred Heart."

Prowse's new hats are selling fast. Misses' and Boys' Felt Overshoes, only 85c. as R. K. Jost's.

"Ayer's Cherry Pectoral has given me great relief in bronchitis. Within a month I have sent some of this preparation to a friend suffering from bronchitis and asthma. It has done him so much good that he writes for more."—Charles F. Dumerville, Plymouth, England.

DOMINION PARLIAMENT.

Summary of Proceedings.

Notes and Comments.

OTTAWA, Feb. 7.

The House sat only fifteen minutes today. In answer to Mr. Choquet, Hon. Mr. Bowell stated that no petition had been received for the appointment of a French superintendent for the Intercolonial railway in Quebec. Mr. Ives has replaced his notice of motion of several days ago with another of wider scope. He proposes that a select committee be appointed to inquire into the amount of tonnage and kind of freight during the year 1887 going to or from Canada and passing through the United States in bond, its destination and shipment, both to exports and imports, and what changes or improvements are necessary to make it advantageous to shipping and importers to have such freight carried by lines of transit wholly through Canadian territory and received at or shipped from Canadian ports, also to report upon the cost of transportation of such freight when carried over lines of transit not passing through the States.

Mr. Edgar's motion for copies of the resolutions of the Quebec Interprovincial Conference of 1887, and correspondence relating thereto, passed without discussion. Major-General Laurier, re-elected since last session for Shelburne, N. S., arrived to-day and was introduced by Sir John Macdonald and Sir John Thompson.

A large delegation of members interviewed the Government to-day and urged the re-imposition of the duty on small fruits, vegetables and nursery stock.

Boot and shoe manufacturers are protesting vigorously against any increase in fancy leathers.

A delegation waited on the Government to-day and urged an increase in the duty on flour.

Mr. Jamison has given notice of a resolution in favor of a prohibition measure.

Mr. Madill's bill respecting elevators requires that an automatic guard should be placed on each floor touched by a public hoist.

Speaker Oulmet gave the first of his parliamentary dinners to-night.

The Montreal Carnival.

MONTREAL, Feb. 7.

The city never saw so many people on the streets as to-day to witness the grand fancy drive, which was, perhaps, the piece de resistance of the Carnival. The procession, which was more gorgeous than the Lord Mayor's show, was two miles in length. It was watched by a hundred thousand people. The devices were most ridiculously funny. One club had gone into poetry, and gave, "If you want cod for supper, you will have to ask Sir Charles Tupper." Cleveland and Harrison drove a fast team. The whole procession drove past the Windsor, and was reviewed by Lord Stanley and the vice-regal party. The magnificent ball tomorrow evening will be the closing event of the week's celebration.

A Fizzle.

HALIFAX, Feb. 7.

The grand bonspiel ended in a fizzle. Last night it was decided to proceed with the bonspiel if the weather was favorable. A meeting was to have been held at 7 o'clock this morning. It froze hard during the night and to-day there was excellent ice, but no meeting was held. At 7 o'clock none of the committee were present and somebody said President Matthews had declared the bonspiel off, and visiting anglers took the morning train for home. The arrangements were disgracefully bungled and visitors have gone home thoroughly disgusted.

Halifax Notes.

HALIFAX, Feb. 7.

Miss Gertie Smith, of this city, who eloped with Rev. Mr. Hutchison, the Baptist missionary, some months ago, has been deserted by her whilom lover and is now residing in England.

Some twenty thousand tons of shipping are under construction in Nova Scotia.

Fire at Malaga gold mines destroyed McGuire's engine house and the hoisting and pumping gear. Loss \$3,000.

The estate of the late Archbishop Hannan has been wound up. It amounted to \$11,418.

Safe Arrival.

SHANGHAI, Feb. 7.

The whole community of Kiango Foo, except a dozen Customs and Consular officials, arrived here safely. The foreign concession is almost destroyed. The American Mission Chapel, outside the concession, was burned, and this place is in the hands of the Chinese. It is stated that the Chinese officials and soldiers abetted the conspiracy. American and British men-of-war have arrived here.

Dominion Alliance.

OTTAWA, Feb. 7.

The annual convention of the Dominion Alliance was held here to-day. There was a small attendance, owing to the snow storm. The chief business was the passage of a resolution censuring Lieut.-Governor Royal for controverting the prohibition clauses of the territories.

Weather Bulletin.

A neighbor, Mrs. Glenn, had the measles, and the cough was relieved by the use of Ayer's Cherry Pectoral. I have no hesitation in recommending this medicine to every one afflicted."—Robert Horton, Foreman *Zionlight*, Morrilton, Ark.

Cough Medicine

"I have been afflicted with asthma for forty years. Last spring I was taken with a violent cough, which threatened to terminate my days. Every one pronounced me in consumption. I determined to try Ayer's Cherry Pectoral. To my great surprise, I was immediately relieved and continued to improve until entirely recovered."—Joel Bullard, Guilford, Conn.

"Six months ago I had a severe hemorrhage of the lungs, brought on by an incessant cough which deprived me of sleep and rest. I tried various remedies, but obtained no relief until I began to take Ayer's Cherry Pectoral. A few bottles of this medicine cured me."—Mrs. E. Colburn, 29 Second st., Lowell, Mass.

"For children afflicted with colds, croup, sore throat, or croup, I do not know of any remedy which will give more speedy relief than Ayer's Cherry Pectoral. I have found it, also, invaluable in cases of Whooping Cough."—Ann Lovejoy, 1257 Washington street, Boston, Mass.
