Lloyd has been appointed choir-master of St. Paul's Church. CONCERT in the Lyceum this evening. Admission 15 cents; reserved seats 25. Doors open at 7.30; concert begins at 8. THE members of the Caledonian Club are requested to meet at the Club Room, at 10 o'clock a.m., to-morrow, to attend the funeral of the late Captain Duncan MacRae. THE LYCEUM.—Attend the concert in the Lyceum this evening, and thus lend a helping hand to an organization that is doing much good in our midst. The price is so low that everyone can afford it. ARRIVED AT QUEENSTOWN.—The steamer Teutonic arrived at Queenstown this morning from New York, six days and four hours out, all well. The passage was a very stormy one. Among the passengers were Mr. Jas. Paton and Mr. W. W. Stanley of this city. THE TEXAS WAY.—Miss Millie Crayton, daughter of a well-known resident of Austin, Texas, was drugged at that place on the day appointed for her marriage to Charles Bradwell, and forced to marry a young man named Blakely, a rejected suitor. Her parents acquiesced. TO EVERY BAND IN CANADA.—The Surprise Soap manufacturers have now arranged to present the full score of My Own Canadian Home, as played by Gilmore's famous band, to every band in Canada. Bands may apply to Morley McLaughlin, Pagan Place, St. John, John, N. B. SCOTT ACT.—This morning evidence was taken in the charge against John McQuaid, but judgment was reserved for one week pending enquiry into the point raised by Mr. Peters that the Magistrate could not now convict owing to the repeal of the Act. The case against Mrs. Trainor was further adjourned one week. CHANGED.—During the last election campaign the grit leaders confidently predicted the overthrow of the Government. At present they are not so sanguine and virtually admit that Sir John and his party will be returned to power. A citizen holds several bets on the result, but in each case the Liberal-Conservative had to give odds two to one. WHEELMEN are invited to inspect the manufacture of Columbia at the factory at Hartford, Conn., and see for themselves that which goes to substantiate the claim that the Columbia lead all other makes in the world. Then will the wheelmen be convinced that the Columbia give the most for the money.—American Storekeeper, Chicago. A WORD WITH SHIPPERS.—Attention is directed to the advertisement of W. Worthington de Bler, Liverpool, which appears elsewhere in to-day's issue. Mr. Worthington served under the late Mr. William Bullen, so far as his aim to pay special attention to the transaction of business for those for whom Mr. Bullen acted. Any orders in their line will be promptly attended to. SOCIAL.—The members of the Wesley Mission Band of the Methodist (brick) church, are at present making extensive preparations for a social which they intend giving on Thursday, 26th inst., in the basement of the church. A choice programme, consisting of readings, choruses, etc., forms part of the evening's enjoyment. There will also be a sale of fancy and useful articles made by the young ladies of the band. See advertisement in another column. PHILHARMONIC SOCIETY CONCERT.—Every one should take the advantage of hearing the sacred concert to-morrow evening when Mendelssohn's Hymn of Praise will be given by the Philharmonic Society. This great work of musical art, which is one of Mendelssohn's masterpieces may be said to contain in itself the result of three thousand years of European and Asiatic civilization. The composer, though born and educated among the cultured Germans of Europe, yet belonged to that ancient Jewish race who even far away in the dim remoteness of the Assyrian captivity when their harps were hanging upon the trees of the waters of Babylon were asked by their captors to sing them one of the songs of Zion. Island Hospital has received the following:—Tryon and Bonshaw Presbyterian Churches, \$13; Montague Presbyterian Church, Union Prayer Meeting collection, \$2.29; John Ings, Esq., \$5; John Goff, Esq., Cardigan, \$2; Wm. SPECIAL DESPATCHES TO THE EXAMINER.

Traitors at Work.

EXPOSED BY SIR JOHN.

Cartwright and Laurier at Washington.

DEVISING WAYS

To Bring Canada into the Republic.

INDIGNATION AT TORONTO.

The "Globe" Office Protected by Police.

TORONTO, Feb. 18. The Toronto Academy of Music was packed at six o'clock last evening to hear Sir John Macdonald and Sir Charles Tupper. Thousands were unable to gain admittance. Sir Charles spoke first for nearly an hour. Sir John received a ten minutes ovation of singing and cheering, and spoke for over an hour. Sir John accused Cartwright, Charlton, and Farrer, (Editor of the Globe) of treachery to Canada and of attempting to coerce us into union with the United States. Sir Richard Cartwright had sneaked to Washington. He did not go to an hotel or register his name anywhere; but went in secret to sell Canada. Sir John said there was a deliberate attempt by the grits to secure American assistance to defeat the Government. Farrer had been bought by Cartwright and transferred from the Mail to the Globe to further his peculiar aims. This man, Farrer, with his own hand, had prepared a document telling the Americans how to force Canada. He tells them to grant nothing; to forego the bonding system, and gave them every possible hint towards perfecting Annexation. Farrer added that Annexation was impossible while Sir John lived, but he was seventy-five years old. Sir John read the concluding paragraph of Farrer's document, which pointed out discontent in the Maritime Provinces, and the best way to increase discontent was by imposing heavy obligations on fishing industries. Interest and excitement followed Sir John's revelations. The Globe's printing office have secured police protection, fearing assault by the infuriated people. Farrer acknowledges the authorship of the document, but pretends that he wrote it for an American at his request.

THE TUNNEL.

SENATOR HOWLAN

Denounced by the Grits.

OTTAWA, Feb. 18. Yesterdays' Free Press (Ottawa grit organ) contains a vicious attack on Senator Howlan in connection with the tunnel, and urges Sir John should be driven from power to encourage him in giving the scheme. Senator Howlan's conduct is characterized as barefaced and infamous, and the tunnel denounced as an attempt to bribe Islanders into returning Government supporters. The Grits are challenged to publish Edward Blake's letter of retirement, but fear to do so. Numbers of prominent reformers are daily declaring their adhesion to the Conservative party. They are disgusted with the annexation scheme of Cartwright and Laurier. There is no truth in the grit report that Sir John is in falling health.

SIR JOHN EXPOSES THE GRITS

TORONTO, Feb. 18. The Conservative meeting held here last night was without a doubt the greatest political meeting in Canadian history. Three thousand people were present, and the streets in the neighborhood of the Academy of Music were packed with a throng that was unable to gain admittance to the hall. Sir John Macdonald and Sir Charles Tupper were the speakers. The Premier, in the course of his speech, created a great sensation, and made a telling hit by producing documentary evidence showing that Editor Farrer of the Globe had prepared

A PREMIER SPEAKS.

VICTORIA, B. C., Feb. 18. Premier Robson, of British Columbia, (grit) in two speeches delivered at a railway celebration, denounced unrestricted reciprocity and declared in favor of Sir John's scheme for reasonable reciprocity and maintenance of British connection.

Another Flood Feared

NEW YORK, Feb. 18. Great anxiety is felt at the prospects of a terrible flood occurring in the Alleghany and Monacahe rivers. It has been raining very heavily for over thirty hours, and the waters are rising. In many places great damage has already been done. At Bradford one of the lowest streets has been inundated and the people have had to be rescued in boats. At Johnstown the situation is becoming serious.

Wentler's Bulletin.

TORONTO, Feb. 18.—10 a. m. Strong winds and gales, cloudy with snow or rain.

Meeting at Hunter River.

The meeting last evening was a great success for the Liberal Conservative Party. The meeting was called by the Liberals on the quiet; but our friends circulated the news and Hon. D. Laird, A. B. McKeenzie and Oliver Rattenbury were met by D. McKay Esq., Hon. N. M. Leonard, A. A. McLean, Esq. The hall was crowded and the majority appeared to be in favor of the Government. The people in that section are alive to their true interests and will give a majority to the party of progress, led by Sir John Macdonald. The Liberals are tired of supporting the Opposition.

St James' Concert.

The St James' Church Y. M. L. A. Concert last evening was well patronized. The programme was lengthy, and it was requested of the audience that no encores be asked for in spite of the request the duo of Misses Wilson and Earle, and afterwards the solo of Miss Earle, "That Melody Divine," and the piano solo of Mr. Fred E. Morris, called forth such long continued applause that the performers were compelled to respond. The solo of Mr. A. A. Bruce was well received. The entertainment was, in every feature, a success, and was much enjoyed by all present. Much credit is due to Mr. Earle for his management of the entertainment.

Do the People Like to be Galled?

IF NOT, HOW IS IT THEY WILL PATRONIZE WORD COMPETITIONS? Why do they buy Shoddy for Cloth? Why do they send, in answer to a foreign newspaper advertisement, for a SOLID GOLD PLATED CASE WATCH, with WALTHAM style movement, when they can get the GENUINE article at a less price than is often paid for the imitation.

Watches have been brought to us by the hundred from parties who have bought as above, and which no respectable Watchmaker could repair and guarantee. Glass for jewels, brass where steel ought to be, and iron for steel. They will give when carried, \$5.00 to \$25.00 is often paid for a Watch that is not literally worth more than the price of old metal.

Now there is no need or excuse to keep up such a trade, for the cheapest Watches made by the large American Watch Companies—the Waltham, the Elgin, the Rockford, the Hampden, the Columbia, and even the despised Waterbury—are far away ahead of the best of these imitation articles, and can be had in those days of perfected machinery at prices far below their actual value.
