To Mr. and Mrs. Murray Orr and family:

On hearing of your intended departure from our midst we could not let this opportunity pass without expressing our regret at your leaving us.

You Murray, we have known since childhood, living so near our community and attending church and Sunday School you have been a good neighbour and always lent a helping hand in sport and community affairs.

Pauline, we have known a shorter time but you have found a place in all our hearts which will be hard to fill; you have been a faithful member of the church and Women's Missionary Society of which you have been our secretary for the past six years and have always helped willingly in all community projects.

The children, we will miss their smiling faces in both Sunday School and Mission Band. Please accept this small token of our esteem and we hope you have success and prosperity in your new home.

Signed on behalf of your friends and neighbours.

ABEGWEIT—MY ISLE OF DREAMS

Oh, Isle of dreams each melody. The breezes blow atop the trees And then into my heart, I'm free! What joy and peace then come to me.

O Isle of dreams! I've dreamed so long, Of harbor lights and inland song. Some day I'll come where I belong. And fight will come of every wrong.

Oh! Isle of dreams, where wood-nymphs play. And fairies dance the night away. The willow dryads bend and sway. While angel stars alight their way.

O Isle of dreams! where love is true, And friends stretch out these arms to you. They cheer you on when you are blue. And help you up and pull you through.

Thoughts For Our Time

Continued from page 3 against an overly self-conscious generosity which is actually a form of self-complacency.

As we read the Gospels, we become aware, that one of the main features of God's New Testament with men is the great care He took to make sure that men would not again succumb to their virtues. The new commandment that Our Lord gave us is not merely that we should do to others what we would have them do to us; it is that we should love one another as He has loved us. The Son of God loved us to such a degree that no one can fulfill this commandment adequately. It is precisely for this reason that we are able to make great advances toward becoming a wholehearted son of God, without too much danger that we will spoil it all by self-complacency.

We should thank God for enabling us thus to accept his gifts in our daily life. We often realize in particular situations that we could do something much better if it will always fall short of the

And take notice that after the expiration of one month from the date of the first publication of this notice, the Department of Public Works and Highways will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa, for approval of the said site and plans.

than we usually do, but we are held back by the feeling that if we did break our normal pattern we would tend to set ourselves above our fellow men. This is not only a fear of ridicule that holds us back; we have a genuine dislike for the pharisaical "holier than thou" attitude and we dread putting ourselves in a situation where we might seem to be criticizing others by our actions.

Were we to think that we are not really expected to perform extraordinary generous acts, we would stifle these good inspirations which prompt us to act as a son of God. Thus, it seems that the only way in which we can even begin to live as a whole-hearted son of God is to realize that, however extraordinary and generous any act of ours may be, standard that has been set for it, and that even if we did live up to that standard, we would still be profitless servants, having done only that which we were asked to do.

In August 1950 work began, and on June 20, 1951 the completed Gymnasium-Auditorium was officially presented to the College. It had cost the Alumni Association \$112,000.00 but has given to St. Dunstan's and to her students of the present and future generations excellent gymnasium and auditorium facilities.

The Alumni Association has still a project of considerable magnitude in connection with this undertaking, but its progress to date leaves little doubt that it will some day be completely concluded. At present the Executive, which is presided over by President, Mr. Justice Mark R. MacGuigan, is devoting much of its time and effort towards the Centennial Alumni Reunion which
