Two cases of drunkenness at the Stipendiary Magistrate's Court this forenoon. CAPTAIN WEBB bequeathed his property to his wife and two children in England. SIR CHARLES TUPPER leaves London for Berlin to-day on business of importance. The amateur incendiaries will be examined by the Stipendiary Magistrate on Monday. A MAN over in New Brunswick has invented a machine for killing potato bugs, which he intends exhibiting at the Dominion Exhibition next fall. R. W. STEVENSON will preach in the Meeting House, Upper Great George Street, to-morrow morning and evening at the usual hours. The letter of "Justice" is "too personal," the charge is a very grave one and the name of the writer is not given. These are the reasons why it was not published. DAVID McLELLAN, M. P., has been sworn in as Provincial Secretary of New Brunswick, to fill the vacancy caused by the death of Hon. Wm. Elder. MESSRS. STEWART, of the firm of George Davies & Co., and Paton, of the firm of W. A. Weeks & Co., left for England yesterday to purchase goods for their respective firms. PROFESSOR LAWSON, of Halifax, has been at St. John, and the changes in the Prize List of the Dominion Exhibition, demanded by him on behalf of Nova Scotia, have been made. The person who took the wall bracket from the Salesroom of Mr. Dodd, without paying for it, had better return the same to save further trouble. The owner's name is written on the back of it. A SPECIAL MEETING of the Benevolent Irish Society will be held in St. Patrick's Hall on Monday, the 30th inst., at 3 o'clock, p. m. As important business will be transacted, a full attendance is requested.—H. FITZGERALD, Secretary. LORD DUFFERIN'S "vision of the future," as related to the Empire Club, is a splendid one; but we estimate that at the close of the next Century the population of Canada will be much nearer eighty millions than fifty millions. EVANGELIST PREACHING.—An Evangelist, sent by the Restored Apostles, will speak at the Academy of Music, Sunday evening, July 29, at 8 o'clock, on the words Acts, 1:1—"This same Jesus which is taken up from you into Heaven shall so come in like manner as you have seen Him go into Heaven." This is especially intended for all Christians. FIFTY people drink at the free ice-water fountain near the New York Postoffice every minute, and 3,000 pounds of ice are used every day to keep the water cool. The fountain is supported by the Moderation Society, and affords the only place for half a mile where a thirsty man can get refreshment without paying for it. We learn that the "Northern Assurance Company," through their agent, Mr. F. W. Hyndman, yesterday paid in full Miss McGill's loss by Sunday night's fire, and also Mr. John McLean's claim for loss of factory and stock, at Bull Creek, burnt 20th June. The prompt settlement of these claims by the "Northern" speaks well for Mr. Hyndman's company. THE Advisory Board of this Province will meet on Wednesday next at 2 o'clock in the Legislative Library. We regret to say that it is probable that at this meeting the board will finally decide against forwarding a Provincial exhibit to the Dominion Exhibition at St. John. Owing to the fact that the suggestions of the Board have not been favorably entertained by the St. John committee. THE barque "Marcepolo," lost at Cavendish Capes, was one of the oldest and luckiest vessels which sailed the Atlantic. During the past thirty years she has been noted by mariners as the leading clipper ship. In her voyages she always eclipsed her opponents, and arrived at port maintaining a good lead. She is a total wreck, but during thirty years she did good work, and reflected credit on those who built her in New Brunswick. "A RESIDENT" of East Wiltsford complains that the public school of that district has not once during the past year been visited by the Inspector for the Western section of the Province. This complaint should, in our opinion, be brought to the notice of the Board of Education. Neglect of duty should not be tolerated in any official; and it is the duty of persons aware of such neglect to lay a complaint in writing before the proper authorities. ROBERT H. PALMER & Co., have commenced the construction of a Sash and Door Factory at the head of Peake's No. 3 Wharf. The main building is forty by thirty feet, two stories high, and the engine room is twenty-five feet square, and one storey high. The factory will be fitted up with first-class machinery, driven by a twenty-five horse power engine. It will commence operations in about three weeks, when all kinds of work such as sashes, doors, window blinds, church work, stair building, etc., will be done. We wish the firm success.

THE Admiration OF THE WORLD. Mrs. S. A. Allen's Hair Restorer IS PERFECTION! Public Benefactress. Mrs. S. A. ALLEN has justly earned this title, and thousands are this day rejoicing over a fine head of hair produced by her unequalled preparation for restoring, invigorating, and beautifying the Hair. COMPLIMENTARY. "My hair is now restored to its youthful color; I have not a gray hair left. I am satisfied that the preparation is not a dye, but acts on the secretions. My hair ceases to fall, which is certainly an advantage to me, who was in danger of becoming bald." This is the testimony of all who use Mrs. S. A. ALLEN'S WORLD'S HAIR RESTORER. "One Bottle did it." That is the expression of many who have had their gray hair restored to its natural color, and their bald spot covered with hair, after using one bottle of Mrs. S. A. ALLEN'S World's Hair Restorer. It is not a dye.
