

This Is Retarded Children's Week.. Give Your Full Support.. Won't You?

This is Sue.

She is mentally retarded.

There are about 3000 mentally retarded on Prince Edward Island. In fact one child in every 30 is born mentally retarded. These children need our help.

Your provincial association for Retarded Children is dedicated to giving all who need it the special care and training which can help them grow into useful, happy citizens.

If you feel that you would like to help support this vital work, please send your contribution in the envelope you have received.

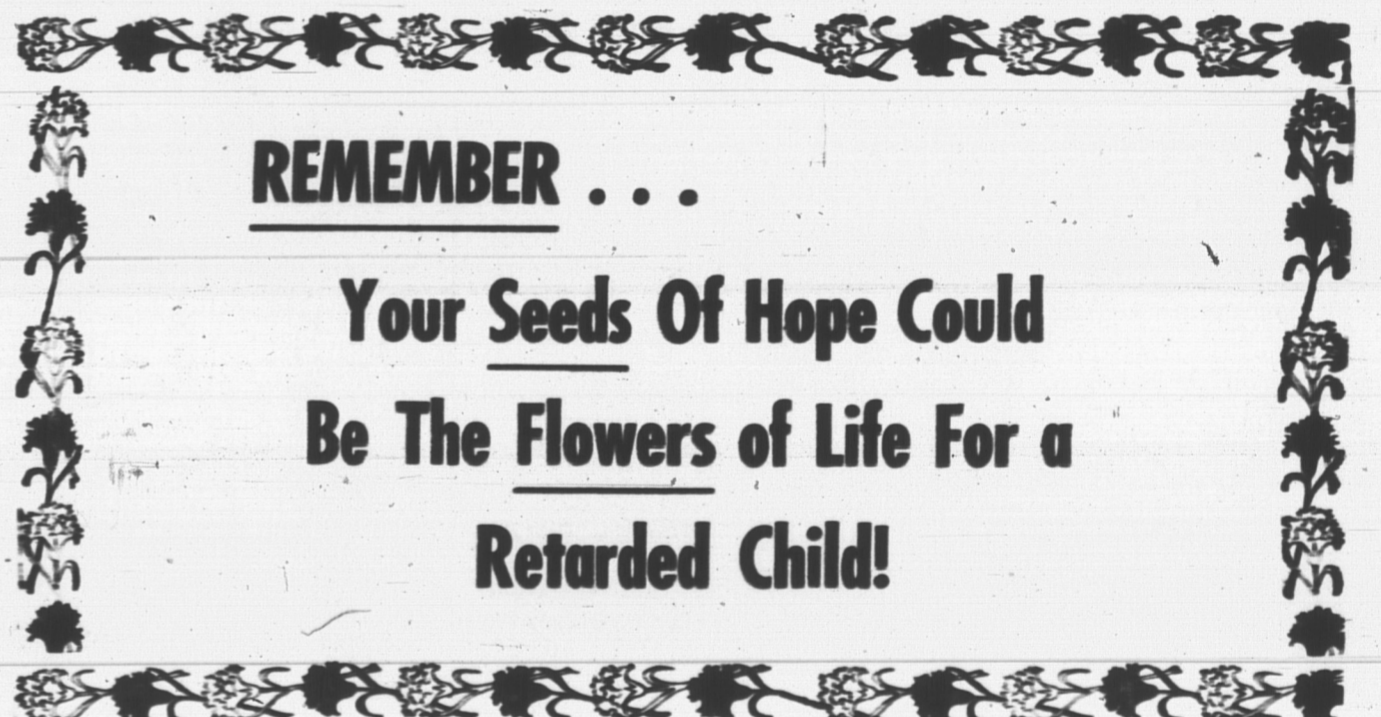

TONIGHT

A Volunteer Canvasser Will Call At Your Home... Have Your Donation Ready Please!

A Mother's Hope...

Every mother's first hope is for the health and happiness of her children, normal or retarded. But the mother of a retarded child knows that without HELP, that child is a child without HOPE. He needs more help than just the love and devoted care of parents. He needs your help and understanding based on knowledge of his handicap to develop his capabilities to the limit... the kind of help that recognizes his rights as a person:

Your dollars can bring this kind of help to the mentally retarded in your community, and HOPE to their parents.

REMEMBER . . .

Your Seeds Of Hope Could
Be The Flowers of Life For a
Retarded Child!
