HOW TO TREAT A COLD.

Don't stuff a cold, as the old adage advises, if you do you will have a fever to starve. A genuine cold is a shock received by the many million nerves which approach near the surface of the human body, and which control the nearly seven million pores of the skin. This shock closes the pores of the skin, is transmitted to the nerve centre and back to the system, forcing a great amount of blood to these membranes, creating more or less irritation and consequent fever, inflammation, dryness, then watery discharge and a runny nose. The shock may have its source from a chill, from improper eating, a nervous fright and various other causes which irritate the nerves of the skin and mucous membranes of the nose, throat and bronchial tubes. Excess of blood in the stomach still more clogs the system and pores of the skin, so that effete matter, which should be carried off by the natural course, is retained, which is the reason for not stuffing a cold. Experimenting with a severe cold is a dangerous custom, as most persons try one remedy until some friend suggests another "sure cure." When slight hoarseness or tightening of the nasal membranes warns one of a skin exposure or chill from whatever cause, act promptly, delays are dangerous, with children it may mean croup and strangulation with adults, catarrh, bronchitis, perhaps pneumonia. Scores of mother-would-as-soon-go-to-bed without matches in the house as with it that old-fashioned remedy, Johnson's Anodyne Liniment near at hand for cough and croup children. The proprietors, I. S. Johnson & Co., Boston, Mass., will send their new illustrated book entitled "Treatment for Diseases," free to any person for the asking.

"O'Fack—When I was in the water- every sin I ever committed flashed through my mind."
"O'Fack—Be th' saints, no doubt that saved ye."
"O'Fack—How could it?"
"O'Fack—Ye had enough to hold out till the boys from a rope."

CAUSE AND EFFECT.

Death the Inevitable Result of Neglected Kidney Disease.

Lower January Day, N. S. Jan. 21—The majority of human ailments can be traced, either directly or indirectly, to a diseased condition of the kidneys. Kidney disease may not be suspected for the reason that these organs have few nerves of sensation, and may be even in a condition of advanced disease before the true condition is discovered. Ninety per cent. of all diseases may be prevented by using Dodd's Kidney Pills. Samuel Locke's case, which caused such wide-spread interest throughout this province, is a case in point. The price at which Dodd's Kidney Pills are sold places them within the reach of all. They may be procured from all dealers at fifty cents per box or six boxes for \$2.50. Take no imitations.

The teacher of a Pennsylvania school was instructing his class in the use of the preposition.

"You may take it as a rule," he said in conclusion, "that a preposition is a bad word to end a sentence up with."

Then the scholars gazed at each other in silence.

Hands and Ankles Raw.

For years I have been a great sufferer from itchy skin trouble and salt rheum. My hands and ankles were raw and itched. The first application of Dr. Chase's Ointment allayed the burning, itching sensation. One box and a half entirely cured me. It is also instant relief for chilblains. Henry A. Parmenter, St. Catharines, Ont.

"So you refuse me!" said Charlie Callow bitterly.

"Of course," said the charming widow.

"Won't you even be a sister to me?"

"No I'm engaged to marry your father. I'll be a mother to you.—Washington Star.

No one need pity you if you die of consumption, without having tried Miller's Emulsion of Cod Liver Oil, "the kind that cures" coughs, colds, bronchitis and all pulmonary diseases. Every bottle warranted. No oily taste like others. In big bottles, 50c. and \$1.00, at druggists.

Mr. Goff—What side of the street do you live on?

Witness—On either side. If you go one way it is on the right side; if you go the other way it's on the left.

"I have spent thousands of dollars and been in the best hospitals of Europe and America under treatment for catarrh," said a gentleman recently, "and have never received so much genuine relief as I have from a twenty-five cent box of Hawker's catarrh cure."

A poet in The Century says: "I would I were her violin, to rest beneath her dimpled chin."

That would be nice, certainly; but he might repose near her dimpled chin if he were simply her bean. And that would be nicer.

Success produces imitations. Genuine Pond's Extract is sold only in bottles, with landscape view on buff wrapper.

Cholly Chumpleigh—Miss Coldeal, our friendship has lasted a long time. If I should ask you to marry me, will you promise to think it over?

Miss Coldeal (rising)—Yes, Mr. Chumpleigh, I should think it was over, at once.

For Over Fifty Years.

An Old and Well Tried Remedy.—Mrs. Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays the pain, cures the colic, and is the best remedy for Diarrhoea. It is pleasant to the taste. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.—W. L. Wilky—17

What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrup, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria.
"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
—Dr. G. C. OSOON, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are doing their loved ones, by forcing opium, morphine, soothing syrup and other harmful agents down their throats, thereby sending them to premature graves."
—DR. J. F. KINCHELOE, Conway, Ar.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
—H. A. ALLEN, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
—UNITED HOSPITAL AND DISPENSARY, Boston, Mass.

All About Phosphorous.

Phosphorous is one of the most potent life giving principles, and is found abundantly in the Norwegian Cod Liver. Combined with hypophosphites of lime and soda, it forms the wonderful blood creator known in science as Miller's Emulsion of Cod Liver Oil produced from the Norwegian fish is the finest preparation of this oil in the world. Its flesh and blood producing qualities enables it to sufferer to gain the mastery over consumption and commence a new life under higher physical conditions. Miller's Emulsion is the great nerve strengthener and blood maker, and cures Coughs, Colds, Bronchitis, Scrophulous Lung Affections. In Big Bottles, 50c. and \$1. at All Stores.

With Invalids.

Yes! with invalids the appetite is capricious and needs coaxing, that is just the reason they improve so rapidly under Scott's Emulsion, which is as palatable as cream.

A remarkable cure.—J. W. Jenni o' Gilford spent between \$200 and \$300 in consulting Doctors, tried Dr. J. S. and all other treatments but got no better. One box of Chase's Catarrh Cure did me more good than all other remedies, in fact I consider myself cured, and with a 25 cent box at that.

Harper's Weekly
IN 1895

HARPER'S WEEKLY is a pictorial history of the times. It presents every important event promptly, accurately and exhaustively in illustration and descriptive text of the highest order.

The manner in which during 1894, it has treated the Chicago Railway Strikes and the China-Japanese War, and the amount of light it was able to throw on Korea the instant attention was directed to that little known country, are examples of its almost boundless resources. Julian Ralph, the distinguished writer and correspondent, has been sent to the seat of war, and there joined by C. D. Weedon, the well-known American artist, now for many years resident in Japan, who has been engaged to cooperate with Mr. Ralph in sending to HARPER'S WEEKLY exclusive information and illustration.

During 1895 every vital question will be discussed with vigor and without prejudice in the editorial columns, and no special articles by the highest authorities in each department. Portraits of the men and women who are making history, and who are the chief actors in the drama of the editorial columns, will be characteristic features. This Busy World, with its keen and kind commentary on the lesser doings of the day, will remain a regular department.

Features—There will be two powerful serials, both handsomely illustrated—"The Red Cockade," a stirring romance of olden days by Stanley J. Weisman, and a novel of New York, entitled "The Son of His Father," by Brander Matthews—several novelettes, and many short stories by popular writers.

Send for Illustrated Prospectus.

The Volumes of the WEEKLY begin with the first number for January of each year. When no time is mentioned, subscriptions will begin with the Number current at the time of receipt of order.

Clubs—There will be each volume, suitable for binding, will be sent by mail, post-paid, on receipt of \$1.00 cash. Title-page and Index sent on application.

Remittances should be made by Post office Money Order or Draft, to avoid chance of loss.
