IN MEMORIAM

JAMES A. E. MacDONALD

On Tuesday, August 27, Mr. James A. E. MacDonald, dearly oved and highly respected resident of Little Pond passed to his eternal reward at the age of 86 years.

Though in failing health for the last few years, his sufferings became more intense as the weeks passed until his soul was called back to his Maker on the above mentioned date. Born at Little Pond the deceased spent all his life there, where he engaged in farming. He married Mary MacDougall of Blooming Point who predeceased him 19 years ago.

During his years in Little Pond the charm of his personality won for him the esteem and affection of neighbors and friends and although engaged in his own duties he was always ready to lend a helping hand to those in need.

The deceased was a lifelong memeber of the Souris Branch of The Knights of Columbus. A fitting tribute was paid by his fellow Knights who came in a body to see his remains and offer prayers for the repose of his soul. The frequent visits of his pastor, Rev. Charles Gallant during his last days on earth brought to the departing Christian all the blessing of the peaceful death with family and neighbors surrounding his bedside offering their humble petitions for the dying brought a fitting close to the life of one who tried to serve God faithful in days of health.

Friends from far and near came to see his mortal remains and pay their respects, this together with the numerous masses offered testify to the esteem in which he was held.

On Friday morning one of the largest funerals in Little Pond was seen when his remains were conveyed to Saint Francis de Sales Church where solemn requiem mass was celebrated by his nephew Rev. Allan MacDonald with Rev. Francis Corcoran, Deacon and Rev. W. D. MacDonald, Sub-Deacon. Present in the sanctuary were Monsignor J. A. Murphy, Rev. Dr. L. P. Callaghan, Rev. George MacDonald, Rev. Bennet MacDonald, Rev Wilfred Keefe, Rev. George MacCormac, Rev. Reginald Phelan and Rev. Charles MacDonald. The choir under the direction of Rev. Charles Gallant was assisted by Rev. Wm. Simpson and Rev. Frank Ledwell and also by George MacDonald of Tracadie.

Interment was in the Church Cemetery where the service was conducted by Rev. Charles Gallant P.P. The pall bearers were J. W. MacDonald, Reid Underhay, Roy Howlett, Charles S. MacDonald John Joe Macdonald and J. F. Macdonald.

He leaves to mourn two sons and two daughters, namely: Sister Joan Mary C.S.M. Charlottetown, Kathleen, Antigonish, N.S., John D. Pisquid and Gerard on the homestead. Also two sisters, Mrs. Margaret MacLellan, Indian River and Mrs. J J. MacDonald, Glenfinnan and seven grandchildren.

May his soul rest in peace.

IN MEMORIAM

MRS. HERBERT ANDREWS

At the P.E.I. Hospital on Sept. 11, 1957, there passed peacefully away, Mrs. Margaret Andrews, widow of the late Herbert Andrews, Wheatley River, who predeceased her by almost thirteen years.

Three months previous to her passing she had the misfortune to fall, which necessitated her removal to the hospital where she was tenderly cared for until her passing on the above date.

The late Mrs. Andrews, born in Wheatley River on July 12, 1870, daughter of the late John Ling and Mary MacRae, was the last surviving member of a family of ten.

On Dec. 25, 1894, she married Herbert Andrews also of Wheatley River and resided there until advancing years compelled her to retire from active work.

After her marriage she united with the Fairview Baptist Church, North Milton where she was a faithful and regular church attendant as long as health premitted.

Left to mourn her passing are three sons: Arthur S, West Acton, Mass.; Charles and Gordon in Wheatley River, and two daughters, E. May (Mrs. Charles Ross) Mattapan, Mass. and Mary A. (Mrs. Kenneth Graham), Breadalbane. A son Robert of Randolph, Mass.; predeceased her by a month. She also leaves four grandchildren and three great grand-children. One grandson, Wesley Ross died of wounds received in World War II.

The funeral service, which was largely attended was held from the Fairview Baptist Church and was conducted by her pastor, Rev. Owen Cochran assisted by Revs. H. L. Mitton and C. R. Moase, who spole words of comfort and hope to the bereaved. Hymns sung, The Lord Is My Shepherd and Abide With Me, were favorites of the deceased. By a special request, Mr. Ira Drysdale sang very feelingly "Face to Face.

The pall bearers were Raymond Albert, and Harry Ling, Arnold Neill, Paige Nunn and Lester Johnston, all nephews of the deceased.

Interment was in the Church Cemetery.

Flower bearers were: Walter Ling, Preston Rackham, Fred MacRae, and Herbert Stevenson.

The funeral was under the direction of James Andrews, Hunter River.

Federation

Continued from page 1

bership now been in operation for slightly over two years and growers are being asked to pass judgment on its record and achievements.

TWO PLEBISCITES

"The two plebiscites held in 1954 appear to indicate that growers were supporting a type of Board which would concern itself with marketing problems. The present Board has apparently kept clear of any involvement in marketing and has given no indication in this respect of its policy in the future, neither does there appear to be any commitment on the part of anyone in authority whether or when producers will be allowed to the Board.

"It would appear that support and continuation of the present type of Board will mean that no active attempt will be made to deal with marketing. If potato producers feel that marketing is not important or presents no problem then support of the presnet Board may be justified on the basis of its work in promotional matters. If however orderly marketing and placing a measure of authority in the hands of the producers are of importance then on its record the present Board would not appear to merit support; in fact a vote favourable to it will continue in operation a body which may effectively prevent the development of any Board which is in reality a marketing Board rather than a second Promotion Committee and one which imposes levies on the industry without allowing the producers democratic representation.

GROWERS' REPRESENTATION

"The Federation of Agriculture has been for some time concerned with the fact that no commodity group or organization broadly representative of potato growers now exists in the Province. The importance of the industry indicates the desirability of growers being actively concerned in matters of potato policy and in developing organizations which will bring their problems to the general farm organization both provincially and nationally.

"The purpose of marketing legislation and boards is to put control and bargaining powere in the hands of the producers. In short, a board should be answerable for its action to the producers other than by plebiscite, the present board is responsible to the government, a condition which falls short of the basic requirements set out above.

"The present board is raising and apparently plans to continue raising funds from the industry and while this is justified to the extent these fund are used for disease control, promotion and advertising, etc., nevertheless the system would appear to constitute taxation without representation on the part of producers.

"While the Board is a convenient agency for signing the "Agreed Freight Charge Contract" it would not appear to be the only authority competent to do so.

"However, regardless of the results of the plebiiscite on October 30 the necessity will still face the growers of developing and supporting a strong and effective organization to promote and represent their industry. Whatever efforts may be initiated in good faith in this regard the Federation of Agriculture stands prepared to support and will place its facilities at the disposal of the potato producer.

Imports Hurting U. S. Steel Trade

CLEVELAND (AP) — Imports are hurting the steel industry and there's no relief in sight, Steel magazine says.

"The administration is ghatering its forces for an all-out push in 1958 to keep foreign trade high," the trade weekly says. "It contends that imports must be kept high to provide foreign countries the dollars with which to buy our exports."

The magazine says the reduced pace of business will show up in fourth - quarter earnings of the metal-working industry, but adds that orders are coming in at a faster rate, especially from automotive supplies.

Prices of new steel remained steady last week, but steel making scrap was cheaper. Steel's price composite on heavy melting steel dropped one dollar to $36.83 a gross ton. It was the 10th consecutive week of decline.

Steel mill operations dropped 1.5 points to 79.5 per cent of rated capacity, with a yield of 2,034,794 net tons.

Cattle Roundup Held At Amherst

AMHERST (CP)The first fall roundup of cattle on the big 2,000-acre community pasture held was completed Tuesday, as the Minudie Marsh took on the appearance of a western prairie.

Agriculture Minister E. D. Haliburton and his deputy, F. Waldo Walsh, watched as the 49 farmers rounded up their 479 cattle and prepared to take them home for the winter.

It was the first year of operation for the community pasture and Mr. Haliburton expressed "complete satisfaction."

N. Y. Stock Market All Even Following Hectic Five Days

NEW YORK (AP)—The stock market was all even by the end of last week after one of the most hectic five-day periods in history.

The Associated Press average of 60 stocks closed at $156.70, unchanged from the week before. But volume soared to 20,804,199 shares, highest total since th week ended Oct. 1, 1955, the first week after President Eisenhower's heart attack.

This was a climactic week in the long decline, now well into its fourth month, since the market reached its 1957 high July 12. The tremendous volume, the repeated series of late ticker tapes, the almost frenzied scale of selling and buying on the heaviest days—these were the factors that spelled "climax" in the language of Wall Street.

WHAT NEXT?

It was a climax to a long decline—but what next? A strong recovery? A continued slide to new lows for the year?

Financial analysts say the market must "test" the lows reached this week. If it sinks through them, the market is in for a continued decline; if it rebounds, then the prospects are good for a fairly sustained recovery. In that case, market theory calls for a recovery of from a third to two thirds of the ground lost since July 12.

The market tumbled Monday closed moderately liwer after a than 5,000,000 Tuesday and rebounded Wednesday.

The Wednesday advance, greatest since 1929, brought an estimated rise of $7,200,000,000 in the quoted value of stocks listed on the New York exchange. This wiped out the losses of the two preceding days.
