REV. A. FRANK MacLean (left) and Rev. G. Howard Christie (right) at a ceremony held at Trinity United Church last night received as candidates for the Ministry of the United Church of Canada, Alexander MacLean (second from left) and Frederick Seller (third from left). Mr. Seller is the son of Mr. and Mrs. Russell Seller, and Mr. MacLean is the son of Rev. A. Frank MacLean.

Two Young Men Received As Candidates For U. C. Ministry

At a solemn service held last night at Trinity Church Frederick Sellar and Alexander MacLean were received as candidates for the Ministry of the United Church of Canada. Rev. A. Frank MacLean and Rev. G. Howard Christie on behalf of the Prince Edward Island Presbytery received the two young men.

In his sermon "Design and Disorder" Rev. Mr. Christie said it was the duty of the Minister to declare God's design for mankind that the disorder of the world might be overcome.

The reception for Rev. Mr. MacLean held a special significance because it was the second time within a year that he had presided at the reception of one of his sons to the Ministry. Last year Ian MacLean was among those accepted by the Island Presbytery.

Frederick Seller is the elder son of Mr. and Mrs. Russell Seller, City. At the present time he is in his Junior year of Arts at Dalhousie University. During his four years at College he took a very prominent part in student activities. He was especially active in dramatic and musical productions.

In church activities he has been a valuable member in the bass section of Trinity Choir. He assumed an active role in the Y.P.U. group and is a past president of that organization. Yesterday he was observing his 21st birthday.

Alexander (Sandy) MacLean is the second son of Rev. and Mrs. A. Frank MacLean. He is in fourth year Prince of Wales College, where he has consistently played a prominent part in student life. "Sandy" is president of Trinity Young Peoples Union and has been an active member of the Y.P.U. for a number of years. He will complete his arts course at Dalhousie University.

Following the reception ceremony members of the Presbytery extended the right hand of fellowship to the new candidates. The Benediction was pronounced by Rev. T.A. Wilson.

CITY AND CENTRAL

DANCE — Lot 65 Hall, Monday Dec. 30. Sponsored by C. W. L.

ZION CHURCH Choir Presents Candlelight Service, Sunday Dec. 29, 8:30 p. m.

CIVIC TAXES — last installment due and payable on or before Tuesday December 31st.

PATRIOT Five Cents--On Saturday the Evening Patriot announced that it will increase its single copy price to five cents effective today. Practically all dailies sell for five, six, or seven cents. Several Canadian dailies and about seventy United States dailies now sell for ten cents.

IN CAR ACCIDENT—In the three- car crash at Springhill Junction, N.S., Mr. Weston Carmody, Junior, son of Mr. and Mrs. Weston Carmody, Fitzroy Street, was one of the people injured. The hospital gave optimistic reports on the condition of the victims except for Richard who is still on the critical list.

THE PICTURES you take at Christmas and new Years receive the finest date-stamped photo finishing, in your choice of glossy or silk - surfaced deckle edged prints, when you mail or take your films to George Wotton, Photography, MacDonald Building, First Street, Box 1312, Summerside.

FUNERAL SUNDAY — The funeral of the late Bertram Toombs was held from the MacLean Funeral Home yesterday afternoon. Service was conducted by Rev. E. C. Evans. During the service Mr. Wendell Phillips sang as a solo "God Will Take Care Of You." Interment was in Sherwood Cemetery. The pallbearers were. Roy White, Warren Henderson, Leonard Nicholson, Raymond Gauthier, Louis MacLeod, Hooper Essery.

FUNERAL SATURDAY — The funeral of the late John W. DuPasquier was held on Saturday afternoon from the MacLean Funeral Home to St. Peter's Bay United Church. Service at the funeral home was conducted by Rev. R. A. MacLeod and at the church by Rev. Mr. MacLeod and Mr. A.G.N. Ware. During the service Messrs. Gordon and Layton Coffin sang as a duet "Saviour First of All". Interment was in Midgell Cemetery. The pallbearers were Eric Shepherd, Thomas Sanderson, Jack Murphy, Ebbie Devine, Arthur MacDonald, Jack Crosby. The funeral was very largely attended.

BIRTHS

SMITH—Born at the Charlottetown Hospital, Dec. 22, 1957, to Mr. and Mrs. Keith Smith, of North Rustico, a daughter, Nadine Agnes, weight 7 lbs, 6 ozs.

STEWART — At Charlottetown Hospital on Dec. 28, 1957, to Mr. and Mrs. Fenner Stewart, City, a daughter.

ACORN — At the P.E.I. Hospital on Dec. 26, 1957 to Mr. and Mrs. Edward Acorn, Charlottetown, a daughter, Norma Lee.

POLLARD — At the P. E. I. Hospital on Dec. 26, 1957, to Mr. and Mrs. Melville Pollard, New Haven, a son, Irwin James. Weight 6 lbs. 13 oz.

AITKEN — At the Kings County Hospital, on December 28th, to Mr. and Mrs. Fred Aitken, Lower Montague, a daughter, Jane Leslie, weight 9 lbs., 13 oz.

NORTON — At the Saint John General Hospital on December 21 1957 to Mr. and Mrs. Frederick E. Norton, West St. John (nee Jean Nickerson) twin boys, Douglas Allan 6 lbs 13 1-2 oz. and David Frederick 7 lbs 5 1-2 oz.

ENGAGEMENTS

MRS. FRANCES HENNESSEY, of Charlottetown, P.E.I., wishes to announce the engagement of her daughter, Marion Joan to Gerald Augustine Hickey, son of Mr. and Mrs. Clarence Hickey, of Darnley, P.E.I. Wedding will take place early in January.

DEATHS

CAMPBELL — At Nashwaak, N. B., Shelly Lynn Campbell, age 1 year, 4 months, daughter of Mr. and Mrs. Sheldon Campbell, formerly of Augustine Cove, P. E. I. Resting at the Chisholm Funeral Home, where the funeral service will be held this afternoon, Monday, Dec. 30, at 2 p. m. Interment Church of Scotland Cemetery, Cape Traverse.

CHAMPION — At Darnley, Dec. 28, 1957, Mrs. Arthur Champion, age 73 years. Remains resting at Davison's Funeral Home until noon today (Monday) thence to Keir Memorial Church, Malpeque where funeral service will be held at 2 p.m. Interment People's Cemetery, Malpeque.

COOK — At Winnipeg, Dec. 29, 1957, Edwin L. Cook, formerly of Charlottetown.

STEWART — At the P. E. I. Hospital Dec. 29, 1957. William Stewart of Winsloe in his 90th. year. Remains are resting at the Cutcliffe Funeral Home from where the funeral will be held Tuesday, service starting at 2 o'clock. Interment Highfield cemetery.

ARSENAULT — At the home of his daughter, Mrs. Stanley Arsenault, Summerside on December 28, 1957, Andrew Mark Arsenault in his 83rd, year. Forwarded Saturday afternoon from the Compton Funeral Home to his late residence, 68 Northumberland Street, from where the funeral will be held this morning. (Monday) to St. Paul's Church for Requiem Mass at 9.30 a. m. Interment will be in St. Paul's Cemetery.

Too Many Off-Weight Hogs Reduces Returns To Farmer

In spite of the fact that P.E Island has the highest percentageof Grade A hogs in Canada, Island hog producers ship a higher percentage of light and heavy hogs than the producers in any other province reports H. W. Clay, Senior Livestock Fieldman. This carelessness results in a very heavy loss in net returns.

The following comparion of values will emphasize this loss:—

Grade	Carcass Weight	Price	Premium	Value
Al	169	28.00	2.00	49.32
Bl	169	27.00	1.00	46.63
C	169	25.00	Nil	42.25
B3	178	26.40	Nil	46.99
Heavy	187	24.75	Nil	46.28
A	140	28.00	2.00	41.20
B	140	27.00	1.00	38.80
Extra Heavy	196	20.00	Nil	39.20
C	122	25.00	Nil	30.50
B2	131	27.75	Nil	35.04
Light	117	24.50	Nil	28.66

Over an average year the total loss of Island swine producers, due to off-weights, amounts to 100,000 dollars or more. If the loss was confined to the odd pig in every lot shipped it would not be a serious matter, but when we find some producers shipped five or more pigs all over weight the loss becomes a matter of concern.

Here is a concrete case:-Five pigs, all B3's, averaging 180 lbs. dressed, were shipped by one farmer. At $26.40 his net returns totalled $475.00. If these same pigs and averaged 165 lbs. dressed at $28.00, his net returns would have been $502.00, plus $10.00 premium if all made Grade A, or a total of $512,000. Here the farmer kept his pigs too long, put on an extra 150 lbs. in weight and lost $37.00 as well as the feed used to put on this extra weight. This extra feed would amount to at least one-half ton, worth another $37.00. In this case, a total of $74.00 was lost on five pigs for no other reason than that the owner neglected to weigh his hogs and ship them before they weighed close to 215 lbs. live weight.

During the past year about 20 percent of all Island hogs shipped were outside the proper dressed weights of 140-170 lbs.

Another factor which influences the net returns is that too many hogs are kept to dress close to 170 lbs. and grade B1 due to over-finish, when the same hogs if shipped to dress around 150 lbs. would grade A.

While pigment or color in Island hog carcasses is quite rare, our hog producers should know that if this color is found in the carcass at time of slaughter that carcass will not make Grade A. Often this color is associated with short, thick hogs which frequently make Grade C and suffer a three cent per lb. discount as well as losing $2.00 premium. On a 150 lb. carcass this total loss is $6.50.

A thin hog carcass is rarely found in our Maritime packing plants. The most glaring defect is that of our-finish. If Island swine producers would breed for longer, leanner hogs and feed less fattening ration, our level of Grade A hogs could be raised to 80 percent or higher. Even with the breeding stock now on our farms we could have at least 75 percent Grade A hogs if more attention were paid to weights and feeding.

The profit on any phase of farm production is not so great that even small losses can be suffered as the result of inefficient practices. This makes it very surprising when we find so many hog producers deliberately throwing away dollars by not weighing all pigs before shipment. As a rule, the producer who markets a large number of hogs is the most careful in regard to weights. One producer shipped 141 hogs in one year and had 137 Grade A. Not one hog in this entire output yas outside the proper weights.

In one week recently, 122 Island farmers shipped 468 hogs with 183 either too heavy or too light. At the same time, 198 farmers shipped hogs with every one at the proper weight. If the loss on these off-weight hogs were totalled, the amount would indicate that at least one-third of our Island hog producers are throwing away an amount equal to the entire net profit on the hogs involved.

A close study of the above statement of weights, grades, and values should emphasize the fact that the shipping of off-weight hogs is a short road to unprofitable hog production.

His Excellency

Most Reverend Malcolm MacEachern

Bishop of Charlottetown

will receive at

THE BISHOP'S RESIDENCE

On Wednesday, January 1st 1958

from 3:00 p.m. to 5:00 p.m.

Injured Nun Is Progressing Satisfactorily In Hospital

Sister Edmund Theresa, C. S. M., is "progressing very satisfactorily", hospital authorities reported last night. The nun was taken to the Charlottetown Hospital Friday night following an accident which occurred at the intersection of Sydney and Rochford Streets at approximately five o'clock.

At the Hospital examination disclosed that Sister Edmund Theresa had five fractures of the pelvis in addition to numerous cuts and abrasions about the face.

Sister Edmund Theresa, the former Theresa Roche, is a member of the staff of the Catholic Social Welfare Bureau. Rev. Edmund Roche of St. Dunstan's University and Rev. Clarence Roche at St. Dunstan's Basilica, are brothers of the injured nun.

Police reported that the driver of the vehicle was Minne Veisser of Orwell Cove.

New Year Is Bright With Hope For Injured City Man

The New Year shines bright with hope for paraplegic Ralph Carmody of Charlottetown. Nineteen months after a highway accident left him with a severed spinal cord and total paralysis from the waist down, he is about to enter into a new career as a laboratory technician with the local government.

In May 1956 the young Army Corporal was involved in a car accident near his hometown. When the extent of his injuries became evident he was flown to Halifax where he underwent specialist treatment at the Victoria General Hospital.

When it became feasible Cpl. Carmody was transferred to the care of the Veterans' Affairs Department at Camp Hill Hospital. Later still he was sent to Queen Mary Veterans' hospital at Montreal.

CHOOSES CAREER

As recovery progressed he was faced with the problem of choosing a new job. He decided to become a lab technician.

Details were worked out between representatives of the Department of Veterans' Affairs, the Canadian Paraplegic Association and the Province of Prince Edward Island and in June of 1957 Ralph Carmody returned to Camp Hill Hospital once again, this time as a lab technician in training.

Early in the new year Mr. Carmody will fill the position waiting for him with the Provincial Laboratory of Prince Edward Island at Charlottetown.

He is the son of Mrs. Helen Carmody, Charlottetown, and is married to the former Grace Taylor. They have two children, Donna Lee, 6, and Karen Ann 4. They are residing at 8 Beach St, Charlottetown.

Beef Prospects Are Promising

The reports from stockyards across Canada should give encouragement to farmers who have cattle which can be finished to make beef during the present winter, spring and early summer.

Apparently there is a shortage of cattle in the United States. This is indicated by the fact that during the week ending December 12th, 2,798 slaughter cattle and 15,877 feeder cattle were exported to the United States with the price of feeders ranging up to twenty cents per pound.

Another factor which adds strength to the market outlook is that up to December 7th this year 41,825,000 pounds of dressed beef were exported by Canada. This is an increase of 214 percent over 1956. During the same period the exports of dressed pork to the United States were 33,674,000 pounds, a decrease of 44 percent. This decrease is not surprising when it is noted that Chicago hog prices have been about six cents per pound below the Canadian price.

In 1956 Canada exported the equivalent of 750,000 hogs to the United States in spite of a six to eight cent lower price there. This apparent paradox - can be explained by the fact that the United States consumer was willing to pay a higher price for the leaner Canadian pork cut. One is prompted to wonder what would have happened to the Canadian hog market if these 750,000 hogs had been forced on the home consumer market.

The volume of meats in storage in Canada on November 1st 1957, show a decline when compared with the five year average, in brackets:

Beef 14,817,000 (19,321,000).
Veal 4, 969,000 (5,116,000).
Pork 8,951,000 (14,653,000).
Mutton and lamb 1,617,000 (3,251,000).

These figures add further strength to the short term meat outlook.

With the outlook promising a strong beef market and with the cost of Island grown grain at a very low level there should be great encouragement for the farmer this winter to force-feed his cattle in order to have them make at least top commercial grade before next mid-summer.

Renovate Clyde River Church

The Presbyterian Church at Clyde River was reopened this month after being closed for the purpose of Renovation far more than three months. During this period the congregation worshipped in the Baptist Church, a privilege freely and graciously granted by the Baptist congregation.

The renovation was made possible by a large legacy bequeathed by the late Mr. Thomas Beer.

The Session, Trustees, Board of Managers, and all the members are deeply grateful for the gift which has enabled them to put a basement under the whole building to put in a valuable heating system, and to make other outstanding improvements. They also appreciate the presentation by Mrs. Thomas Beer of their Family Bible for the Pulpit.

Notwithstanding inclement weather, and almost impassable sideroads resulting therefrom, there was a very good attendance at the Reopening service. The Baptist congregations of Clyde River and Kingston cancelled their services for the day, and the Baptist pastor, Rev. Owen Cochran, assisted in the service, which was conducted by the minister, Rev. George Killen. Mr. Ira Auld, senior elder gave an account of the money given of the Bible presented, and also of the work done by members of the congregation. Mr. Killen chose as his text Nehemiah 13: 11 "Why is the House of God forsaken?" The Belfast Male Quartette rendered three messages in song.

A large and enthusiastic congregation assembeld for the Evening Service. The theme of the Sermon was "Soul Winning," based on the text: "And He brought him to Jesus." (John 1: 42). Mr. Craig, Charlottetown, brought three messages in song.

The Pastor and Session deeply appreciate the cooperation of the various neighbouring churches and denominations, and thank all members who gave freely of their time and talents, or who helped in any way in the work of renovation, and above all, God is worthy of all the praise and Glory, for as Jesus, Who is God Incarnate, said in the Gospel according to St. John, Chapter 15: "Without ME ye can do nothing."

Brig. W. W. Reid Will Represent P. E. I. At Ottawa

Brigadier W. W. Reid, Deputy Minister of Welfare, will represent this province at a conference called for Ottawa by the Canadian Welfare Council on "certain social security interests". The dates are January 8, 9, and 10.

The Council states that it is expected that the views expressed at the conference will "assist it in a re-examination of its policy on old age security, public assistance and unemployment measures and lead to recommendations by the Council to government on these matters."

Four of the top American experts will be attending as well as leading Canadians in the subjects which will be under review.

Reds Fire New Nuclear Blast

WASHINGTON (AP) — Russia set off another nuclear explosion Saturday.

The U.S. Atomic Energy Commission said in a brief announcement that "the Soviet Union is continuing its testing of nuclear weapons. The most recent nuclear explosion occurred Saturday, Dec. 28, at the usual Soviet test site in Siberia."

This is the first announcement of a Soviet atomic test since last Oct. 10.

The AEC announcement gave no hint o fthe size of the explosion or whether an atomic or hydrogen device was involved.

Record Output Of Steel Third Consecutive Year

CLEVELAND (AP) — For the third consecutive year the world has produced a record output of steel, and Russia and Iron Curtain countries accounted for 25 per cent of production against 24 per cent a year ago, Steel magazine said Saturday.

The weekly journal of metalworking said world output in 1957 totalled an estimated 322,139,400 net tons of steel for ingots and castings, compared with 310,785,979 tons in 1956.

In its survey, Steel divided the production among "free world" countries with 240,251,400 tons, up 6,000,000 tons over 1956, and "Iron Curtain" countries with 79,518,000 tons, up 5,200,000 tons from 1956. Other countries produced 2,370,000 tons against 2,155,000 tons last year.

The percentage of increase over 1956 was about 2.6 for the free world countries and 7 per cent for the Iron Curtain countries, with Russia producing 56,500 000 tons, or 71 per cent of the Iron Curtain total. Last year Russia accounted for 53,471,000 tons, or 72 per cent of the Iron Curtain output.

NOT FULL CAPACITY

U.S. production in 1957, Steel said, was 113,000,000 tons, or about 80 per cent of capacity as of last Jan. 1.

Thus, Russia's 1957 steel production was about half of the U.S. output, in 1944, Steel said, the Russian steel output was about one-tenth of this country's.

The third biggest steel producing country this year was Western Germany with 27,000,000 tons, up 1,500,000 tons from last year, and Britain with 24,200,000 tons against 23,138,000 tons in 1956, the journal reported.

Only other countries to exceed 7,500,000 tons of steel output in 1957, Steel said, were France with 15,500,000 tons and Japan with 14,430,000 tons.

In the week ending Saturday U.S. production, slowed by the Christmas holiday, dropped to about 60 per cent of capacity, lowest pace of the year.

Hotel Company Shows Profit

HALIFAX (CP)—The Lord Nelson Hotel Co. Ltd. showed a net operating profit of $101,235 in 1956, the annual report revealed Saturday. This compared with $61,948 the previous year.

The 200-room hotel is the city's largest. An addition to the building is under construction.

ANCIENT SITE

Khartoum, capital of the Sudan, is built on a tongue of land between the White Nile and the Blue Nile.

Flying Time Of Search And Rescue Group Up 25 Per Cent

OTTAWA (CP)—Flying time of the RCAF's search and rescue organization in 1957 jumped by 25 per cent over the previous year, principally because a general increase in service and civilian flying saw more people get lost.

The air force, in a year-end roundup, said its planes logged 8,200 flying hours on aerial searches and mercy missions.

Search operations increased to 41 from 26 in 1956 while mercy missions dropped to 158 from 161. The latter ranged from short helicopter flights of injured to hospital, to the flying of serum to Eskimo communities.

Of the 41 search operations, 29 resulted in finding lost aircraft and in 10 of these lives were saved.

The most common search is for a bush pilot whose plane disappears on a short flight in the northern wilderness. This type of search may involve only a couple of aircraft and a few hours' flying time, or scores of search planes and hundreds of hours aloft.

The biggest CAF aerial search in 1957 was Operation Haffey, named after a pilot who with three passengers disappeared on a flight over northwestern Quebec. The search lasted from July 3 to 26.

LOG 1,807 HOURS

By the time the lost plane was found — the four aboard were killed in the crash—a total of 27 RCAF planes of eight types had logged 1,807 flying hours and had covered a 200,000 - square - mile area stretching from Great Whale River, on the southeast shore of Hudson Bay, south to Val D'Or, Que., 320 miles north of Toronto.

The RCAF's main search units are based at Torbay, Nfld., Halifax, Trenton, Ont., Winnipeg, Edmonton and Vancouver. For a search such as Operation Haffey, planes are drawn in from several commands.
