

TOP KITTENS AT CARNIVAL

One of the features of the Summerside Lobster Carnival's children's day yesterday was a cat and dog show held on the Gaudets Save-Easy lot on Granville Street. Two of the winners in the cat competition were Heather Gay, 5, and Anna Gay, 9, above, daughters of Mr. and Mrs. Robert Gas, Summerside. The children are seen holding their winning kittens.

Miss P.E.I. For 1966 Is Named At Summerside Lobster Carnival

SUMMERSIDE — A Summerside girl, Kay Andrews, was selected Miss P.E.I. for 1966-67 by a panel of four judges here last night.

Eighteen-year-old Miss Andrews is the daughter of Mr. and Mrs. Donald Andrews and was sponsored by the Summerside Rotary Club.

Selected princesses to reign with Miss P.E.I. were 17-year-old Joan Murray sponsored by the Summerside Junior Chamber of Commerce and 18-year-old Pamela Judge sponsored by the Summerside Lions Club. Miss Murray is the daughter of Mr. and Mrs. Claude Murray, Bedouque and Miss Judge is the daughter of Mr. and Mrs. Ralph Judge, Summerside.

Bob Schurman, Summerside was the master of ceremonies for the proceedings. In his remarks Mr. Schurman had high praise for Mrs. Margaret Ann Craig, chairman of this year's contest, for the fine job she did in organizing it.

Carnival president W. Chester S. MacDonald presented a bouquet of flowers to the new queen and a corsage to each princess.

The new queen will be crowned by last year's acting Miss P.E.I., Carol Salter, at the Stadium at 2 o'clock on Saturday.

The judges were Mrs. Helen Bard, Dorval, Quebec; Mrs. Vernon Horne, Dartmouth, Nova Scotia; Lieutenant Ted Kelly and Lieutenant G. Comeau. Both men are in command of navy ships here for Carnival Week. JAMBORÉE

A highlight of last night's program was the rock and roll jamboree and a large number of leading island bands were on hand to perform. A special attraction sure to please the men in the crowd were the "go go" dancers.

A Charlottetown band, the "Blue Crystals", were chosen as the top band and were awarded a prize of \$50. This band will be playing at the teenage Cornation Dance to be held on Saturday night beginning at 9 o'clock at Civic Auditorium.

Yesterday was children's day and a large round of activities were arranged for the enjoyment of the young fry.

MISS P.E.I.

Another case adjourned until July 21 to hear further evidence was the case of Camille Edmund Lantaigne, Cardigan, charged with impaired driving. The accused was represented by Frank Sigsworth.

A considerable number of cases under the Liquor Control Act were also on the docket.

Representing the Crown in all cases was Deputy Attorney General J. Arthur McGuigan, Q.C.

King Lion Allan MacPhee presided over a regular meeting of the Georgetown Lions Club, held in the clubroom on Tuesday night.

The meeting opened with the Lions Prayer by Lion Paul Balchidier and the minutes were read by past secretary Eric Wood, in the absence of the Secretary, Herbie Stewart, who is a patient in hospital.

King Lion MacPhee and Stillman Mar reported on their meeting with the town council on the question of forming a fire fighting brigade. Literature on this subject has been obtained from the Town Clerk and a survey will be made of the number of club members qualified to be members of such a brigade and other parties will be contacted regarding their willingness to serve on the brigade.

The committee plans meetings with the fire committee of the council and to report back to the regular August meeting of the town council with proposals that could be put into a town-by-law governing the formation and operation of a fire fighting brigade.

The King Lion appointed the workers for the weekly dances for the next two week period and it was decided to proceed with certain alterations to the dance hall canteen and also to have a thorough cleaning.

A lengthy discussion was held and plans formalized for a Mammoth Bingo August 5 in the rink, which will see a total of thirty games played. The club feels that to carry on their service work in the community, a major fund-raising event during the summer months must be held. Arrangements were made for the advertising of the event and plans will be completed at the next regular meeting.

The harbor master estimates an average 1,200 logs a month are being changed from dead head to live-log status by using the device.

The harbor commission bombing campaign against North Viet Nam, Moore told a press conference.

"Although these pressures may not by themselves be decisive, added to the setbacks elsewhere and lack of forthright external military support from the Communist world, in my opinion continued selective bombing of military significant targets in North Viet Nam should convince the Hanoi government to consider some form of disengagement."

The general, who was commander of the 7th air force, RCMP here reported Thursday said he believes the bombing of a second body had been recovered from Ashby Lake in Labrador where five men disappeared.

The dog and cat show held at Gaudets Save-Easy parking lot on Granville Street drew a large crowd yesterday morning. Richard Dunn was master of ceremonies and chief judge.

First place in the dog show went to the pet owned by Kathy MacWilliams, North Bay. Second place went to Kim MacWilliams, Summerside and third went to Bruce Armstrong, Summerside for their pet.

The grand champion of the dog show was the Armstrong dog and the grand champion cat award went to the pet belonging to Kathy Harris, Summerside.

First prize in the doll carriage parade went to Debra Ryan, Summerside, with her "Peter Pumpkin Eater" carriage and second and third prize went to Shannon and Shelly Gaudet of Summerside.

A drawing was made by Carol Salter, Miss P.E.I., 1966 for four bicycles. The winners were Kathy Gillis, Travellers Rest, Sylvia Arsenault, Summerside, Judy Gallant, Summerside and Michael Roger Kelly, Summerside.

Other activities during the day consisted of bingo at the Royal Canadian Legion, vaudeville acts, horse racing under the lights, a demonstration by the Summerside Majorettes and the "Fashionette" show.

Today has been set aside as "Acadian Day" and a program of Acadian music, folk singing, fiddling, and step dancing should prove very enjoyable to all.

RECORD

Doug Seiditz, who farms 1,500 acres in the Richardson, Sask. district southeast of Regina, examines the heads of some wheat from the farm.

The Dominion Bureau of Statistics reported Wednesday in Ottawa that prairie farmers have planted a record 29,790,000 acres of wheat in anticipation of favorable moisture and market conditions.

POP TREND SLIPS LONDON (CP) — Younger children are losing their interest in pop music, say the program planners of a commercial television company. They are reworking several juvenile shows to take the emphasis off the latest hit records.

Births Decrease, Deaths And Marriages Rise In Past Year

Island births during 1965 have decreased, while deaths, infant deaths and marriages have all risen in comparison with statistics of 1964, according to figures released by the Provincial Bureau of Statistics.

It was also pointed out that June, which used to be the popular month for marriage, is no longer so, with most marriages being solemnized during the month of August.

A total of 2,317 births occurred during 1965. The island's birth rate per 1,000 population dropped from 25.5 in 1964 to 23.3 in 1965.

Deaths in 1965 (excluding infant deaths) totaled 1,036. The death rate per 1,000 population rose from 9.2 in 1964 to 9.6 in 1965. Infant deaths rose from 25.4 per 1,000 live births in 1964 to 29.4 per 1,000 live births in 1965. There were 74 infant deaths on the island last year.

The province of Prince Edward Island had 713 marriages in 1965. This is an increase of 0.4 per 1,000 population in comparison to the number of marriages in 1964. Marriages by month show August 124, July 120, September 80.

Total of violent and accidental deaths last year was 76. Included in this number were the following: motor vehicle accidents, 25; other accidental deaths, 41; suicide, 6; homicide, 4.

Figures released by the Dominion Bureau of Statistics indicate fewer births were recorded in Canada during 1965 than in the previous year while the number of deaths and marriages increased.

A total of 418,595 infants were born in 1965 as compared with 452,915 births in 1964. The national birth rate per 1,000 population dropped from 23.5 in 1964 to 21.4 in 1965, the lowest birth rate recorded since 1939. The annual number of births has declined steadily from the record high of 479,275 registered in 1959. Almost all infants born in 1965 were delivered in hospital.

Deaths in 1965 totalled 148,989 as compared with 145,850 in 1964. The death rate per 1,000 population remained unchanged from the record low 7.6 in 1964. Of the 148,989 deaths recorded in 1965, 75,542, or 50.7 per cent, were due to diseases of the heart and circulatory system; cancer accounted for 26,050 or 17.5 per cent of all deaths; accidents took 10,979 or 7.4 per cent of all lives. The corresponding 1964 figures are 72,786; 25,637; and 10,561, respectively. These have been the three leading causes of death since 1951 and there was little change in their relative importance from 1964 to 1965.

to 21.4 in 1965, the lowest birth rate recorded since 1939. The annual number of births has declined steadily from the record high of 479,275 registered in 1959. Almost all infants born in 1965 were delivered in hospital.

Deaths in 1965 totalled 148,989 as compared with 145,850 in 1964. The death rate per 1,000 population remained unchanged from the record low 7.6 in 1964. Of the 148,989 deaths recorded in 1965, 75,542, or 50.7 per cent, were due to diseases of the heart and circulatory system; cancer accounted for 26,050 or 17.5 per cent of all deaths; accidents took 10,979 or 7.4 per cent of all lives. The corresponding 1964 figures are 72,786; 25,637; and 10,561, respectively. These have been the three leading causes of death since 1951 and there was little change in their relative importance from 1964 to 1965.

The number of marriages in Canada rose from 138,111 in 1964 to a record high of 145,319 in 1965. The national marriage rate per 1,000 population rose from 7.2 in 1964 to 7.4 in 1965, the highest since 1939.

The number of tuberculosis deaths increased slightly from 670 in 1964 to 697 in 1965. The number of fatalities from major types of accidents, with 1964 figures in parentheses, is as follows: motor vehicle, 5,049 (4,882); falls, 1,635 (1,583); drownings, 1,119 (1,072); fires, 656 (657); and poisonings, 415 (421).

Of the 148,989 deaths recorded in 1965, 9,862 were infant deaths, equivalent to a rate of 23.6 for every 1,000 infants born alive. The infant mortality rate has been declining steadily and the 1965 rate is the lowest on record.

The number of marriages in Canada rose from 138,111 in 1964 to a record high of 145,319 in 1965. The national marriage rate per 1,000 population rose from 7.2 in 1964 to 7.4 in 1965, the highest since 1939.

Hank Johansen Develops Gimmick

By JACK BRAUCKMAN NEW WESTMINSTER, B.C. (CP)—Hank Johansen is trying to get people to make a lively business out of deadheads.

Capt. Johansen, harbor master for the Fraser River harbor commission here, has come up with a gimmick that floats water-soaked logs so they can be towed to a mill and converted into cash.

The deadhead—a log that has become heavier than water at one end, and lies almost vertical in the water with only a small portion near the surface—is a menace to navigation. Clearing the waterways is Capt. Johansen's main purpose in promoting his invention.

"All it is really, is a gimmick—a new application of an old idea. We take two floats, connect them with a rope that has swivelling corks attached, and place the rope under the light end of the log.

"Then we hitch on to the log with a choker-chain and run the tugboat full ahead. The float mechanism rolls back as the log comes up parallel to the surface. Then we halt the tug abruptly and presto—we have a floating log, which can be part of a boom.

"The prime object in our using this system is to show salvage and mill operators that it is economic to haul the deadheads up. This means money to them, and means greater safety for pleasure and commercial craft," Capt. Johansen said.

The harbor master estimates an average 1,200 logs a month are being changed from dead head to live-log status by using the device.

The harbor commission bombing campaign against North Viet Nam, Moore told a press conference.
