

Health Hazard Advice Asked

By IRA DRYSDALE
WINNIPEG (CP)—The Con-

sumers' Association of Canada has asked the federal government for a "comprehensive brochure" on possible health hazards from the "continued use of pesticides."

The association asked the government to publish the

brochure "for consumers" in the federal health department's Food and Drugs Act to require the list of ingredients to be printed on containers of all packaged food products.

The request was made "in view of the increasing public concern regarding the use of pesticides."

Another resolution asks for amendment to a regulation un-

IS GOOD FOOD
Asparagus contains large amounts of vitamin A and significant amounts of iron and vitamin C.
