OLD and young, rich and poor can get plenty of crockery at the cheap crockery store.—W. P. Colwill. sep28 dy wy 2w MR. GEORGE PERRY, representing J. R. McLaren, Montreal, is on his way through the Provinces with a line of samples in sleighs, oil tanks, etc.

THE meetings of the Hospital Sewing Circle will commence on Monday, Oct. 3, in St. Paul's School Room. A full attendance is requested.—L. P. Beer, Secretary. sep29 2i

THE great Western Canada Exhibits of farm produce will arrive at Charlottetown on Monday, October 3, and will be on view at the Exhibition on Wednesday and Thursday, October 5th and 6th.

THE steamer M. A. STARR arrived here from Halifax at 11 o'clock, with a general cargo and one passenger, Mr. Taylor. She sails on return at 5 o'clock this evening, with a cargo of oats, potatoes, pork, &c.

MR. CHARLES ELLIS, an old and respected resident of Milloove, died at his residence, Donaldson Farm, on the 27th inst. Mr. Ellis was in his 93rd year. He came to this Island from Perthshire, Scotland, 43 years ago.

THE next term of the County Court of Queen's County, sixth circuit, will be held in the Court House, at Charlottetown, on Tuesday, the twenty-fifth day of October next, at 11 o'clock, a. m. The last day for issuing summonses for said Court, Saturday, the 15th October, 1887.

AT the Stipendiary Magistrate's Court this morning a drunk and disorderly was given 30 days in jail; a young lad found roaming about in the collar of a store on the North Side of Queen Square, at 11 o'clock last night, was held over for further examination; a Scott Act defendant acknowledged the corn and forked over \$50; and a number of defaulting dog tax-payers contributed their mite to the Civic exchequer.

EYES out of their own mouths are they condemned. A prominent member of the Legislative Council lately purchased a farm near Bedeque, containing about one hundred acres, paying the snug sum of \$6,000 for the same. Although the M. L. C. alluded to is a supporter of the Opposition, he evidently disbelieves the Grit howl that our people are on the verge of starvation, or that there is a mortgage on every man's farm.

As there is no looking station between Charlottetown and Willsboro, the necessity for the opening up of a post road from the Malpeque and Brackley Point Roads to the Junction is manifest. Such a road would accommodate a large number of people, and until it is opened it is thought that special passenger trains should stop up at the way stations. We understand that a number of people collected at Winslow Station yesterday with the intention of boarding the special for the Summerside Exhibition, but as the train did not stop they were left.

THE crowing of a number of roosters in the vicinity of the Rankin House, at 10 o'clock last night, caused some little excitement among the people of that locality. It appears that a bet was made by the proprietor of the Rankin that Mr. George Perry, a traveller in the hardware line, could set all the roosters in the neighborhood crowing, and the bet was taken by one of the party. Mr. Perry then went out to the rear of the building, and in a short time crowing was heard in every direction. The gentlemen were amazed, until in the midst of the uproar one particularly lusty rooster began to grow about sleighs, oil tanks and other articles of hardware, and furnished those present with a clue to the mystery.

NARROW ESCAPE FROM DEATH.—Just prior to leaving on its return to Charlottetown yesterday, the express train stood in the usual place at the Summerside station. Two teams were being driven past when one of the horses, frightened by the escaping steam from the engine, became unmanageable and bounded into the accompanying team. Both wagons were overturned and the occupants—two ladies and two gentlemen—were thrown violently to the ground. It appeared as if one of the ladies would have been trodden to death by the infuriated horse, but luckily help was at hand and all escaped serious injury. An improvement is much required at the place referred to, and we hope the railway department will attend to the matter.

MR. BRUCE BARLOW, mill owner of Northam, had the greater portion of his right foot and toes of his left taken off by the special from Summerside last evening, at Wellington station. It appears that Mr. Barlow was a passenger from the Summerside exhibition, had got off the train at Wellington along with a number of other passengers from that station. The train being a heavy one, and on a heavy gradient, backed down to get a run, and as she passed the station Mr. Barlow attempted to jump on the engine, but, in so doing, stepped and fell, the tender and the train passing over his feet with the results above stated. It being dark at the time none of the train hands or engine men noticed the accident.

LETTERS TO THE EDITOR.

SIR,—Poison—I cannot call it liquor—was freely indulged in at the Summerside Exhibition yesterday. It would be impossible to injure and madden the people if only pure undiluted drinks were sold, but the wholesale manufacture from vitriols and other poisons, and the dispensing of the same among our people, is a crime deserving of the most severe punishment. If the evil of intemperance cannot be killed we should at least restrict it. At present it appears we have the choice between two evils. The question should be: Does the present state of affairs tend to improve and educate the masses in temperance more than could be effected under a strictly guarded and improved license system? This query should be answered dispassionately and free from any fanatical bias.

KING'S COUNTY EXHIBITION

Held at Georgetown To-Day.

A VERY GOOD EXHIBIT.

LARGE NUMBER OF PEOPLE PRESENT.

GEORGETOWN, Sept. 29.

The annual Exhibition for King's County opened here to-day at one o'clock, when the Chairman of the Commissioners, Hon. D. Gordon, presented His Honor Lieutenant-Governor Macdonald with the following address:—

To the Honorable Andrew Archibald Macdonald, Lieutenant Governor of Prince Edward Island, &c., &c., &c.

MAY IT PLEASE YOUR HONOR.—The Commissioners appointed to manage the King's County Exhibition for the year 1887 have much pleasure in welcoming Your Honor on the present occasion.

They feel gratified to think that your Honor's interest in the welfare of this your native County, continues unabated, and they feel assured that the exhibits in this building and on the cattle show grounds will amply demonstrate the progress and improvement that are yearly being made. It is true that in some classes of live stock the advancement made has not reached so high a point as could be desired, yet we feel satisfied that the excellence of many of the animals exhibited here to-day, will justify the belief that in the near future this County will compete successfully with the more favored sections of this Province.

We feel assured that Your Honor will be greatly pleased to notice the excellent quality of the cereals and vegetables shown in the Drill Shed, giving evidence, as they do, of the bountiful harvest with which this part of the Dominion has been favored.

We regret that the fruit crop is not so abundant as last year, but the interest awakened in this important industry will, no doubt, be maintained, as many new orchards have been planted this season in various sections of this County.

We feel satisfied that spontaneous expressions of loyalty, which the jubilee year of Her Most Gracious Majesty evoked, is the best assurance of the love and respect entertained by the people of this County for our Sovereign. We trust that Queen Victoria may long be spared to reign over us.

To you and Mrs. Macdonald we again accord a hearty welcome, and now request Your Honor to open this Exhibition.

His Honor made a suitable reply, after which he declared the Exhibition open. Thousands of people, among whom are a large number of prominent citizens of Charlottetown, are present. The weather is beautiful.

The show of horses is very fine, and the sheep fair, but the cattle are rather inferior. The exhibits in the Drill Shed look very well, but are not so numerous as last year.

Another Victory.

OTTAWA, Sept. 29. At the Charlevoix election yesterday, Cimon (straight Government) was elected by a majority of four hundred. This is a Government gain.

ANOTHER DESPATCH.

QUEBEC, Sept. 28. Cimon has been elected for Charlevoix, for the Federal House, by about 500.

A Dastardly Act.

OTTAWA, Sept. 28. An elderly woman, Mrs. Mullins, who was to have left to-day for Scotland, to claim a fortune, is lying at the point of death. She drew \$1,000 from the bank yesterday, and on returning home she was accosted by three men, one of whom held a chloroformed handkerchief to her nose till she grew unconscious. She was not discovered for three hours, and her money had disappeared.

Forest Fires.

MONTREAL, Sept. 28. Forest fires are still raging on the Peninsula. In consequence of the smoke nine steamships which have cleared are unable to leave. Amongst these are three with cattle on board and the mail steamer Oregon.

The Quebec boat did not leave Montreal last night and will not to-night.

Senator McMaster's Will.

TORONTO, Sept. 28. It is rumored in legal circles that the heirs of the late Senator McMaster will contest his will. It is claimed that his donation of \$800,000 to McMaster University is void, owing to the fact that McMaster University does not legally exist until November 1.

That Election Petition.

HALIFAX, Sept. 28. Judge McDonald gave judgement to-day in the Cocheister election petition. He was of opinion that there was not sufficient evidence to personally disqualify the Minister as the acts were not sufficiently within his knowledge.

Movements of the Ministers.

TORONTO, Sept. 28. The Mail's cable of London, 27th, says Sir Charles Tupper sailed to-day for Canada. Mackenzie Bowell returns to-day and Chapleau on Thursday.

A Check Raiser Sentenced.

MONTREAL, Sept. 28. Charles Hage, who raised checks on the Jacques Cartier and Montreal Bank to the extent of \$25,000, was sentenced to-day to 14 years' imprisonment.

Twine Factory Burned.

MONTREAL, Sept. 28. Barrington's twine factory was burned to-night. Loss estimated at \$40,000.

Terms of Credit.

The following information respecting the terms of credit allowed in various countries is derived from reports of United States consuls published by the Government:—

It appears that in Germany the credit system is very widespread, and that the time allowed purchasers to settle their accounts is generally much longer than in France and England. Nearly every commercial and manufacturing branch of business has its own particular terms of credit, and there is no uniformity in this respect. In England, a payment of the price of the goods delivered is required at the end of three months, dating from the day of shipment. In France, a four months' acceptance is required to be sent in settlement of the invoice. In Italy, but little credit business is done, and none without good security being given. In Spain, four-fifths of the transactions is done on a cash basis, while in Portugal great liberality is shown, and quite a long credit is usually allowed. In Austria, it is scarcely possible to do business without allowing a very long credit which is always one of six months. In Turkey, even objects of prime necessity are sold on credit, and in this country, as well as in Russia, the time allowed is in most cases twelve months. In Mexico the large commercial houses willingly give credit for from six to eight months, and in the retail trade long terms are given customers in which to settle their accounts. In Costa Rica a credit of from six to twelve months is given in case of merchandise imported from Europe, in order that the goods may be easily and quickly disposed of. But since this system of credit has often led to losses it is now being given up. In Cuba the time fixed for payment is generally four to five months after delivery of the goods. The Consul General of the United States at Rio states that one of the greatest drawbacks to commercial intercourse with Brazil resides in the necessity of allowing too long a credit. At Rio Janeiro, as in Buenos Ayres, the minimum credit is six months and even more. In the Bermudas accounts are settled but once a year. The 30th of June is the day usually fixed for the payments. In Asia Minor, a credit of but two or three weeks is in most cases all that is allowed. In China it is not customary to give credit. Money is obtained from lenders, who exact an interest of from 8 to 12 per cent. Business is nearly all conducted upon a cash basis. In Australia, a credit of six months is generally allowed.

We ask the public to remember that we sell Watches as cheap as anyone.

We warn the public against those who offer Watches for sale and take very much less than asked. An instance came to our notice the other day where \$35 had been asked and \$20 accepted for a Watch that we and other regular Watchmakers sell for less than \$15. Since then, several similar cases have been brought to our notice. Our object is not only to sell goods but to supply articles, whether Watches or Jewelry, that will best answer the purpose required by our customers and to sell at such a price that it will pay them to buy from us.
