Why we call it "Store News."

We generally avoid the use of the word 'advertisement,' because in its later significance it savors of solicitation. And to solicit you to come or to buy are things that we never do.

We try to put the facts before you, and leave the rest to you. We don't argue and we don't lie. Here is the store-news of to-day. If it interests you, you will come in. If it doesn't, we are regretful, but resigned.

On this principle, you can understand why we try to make the news as economically interesting as we possibly can. The facts must do their own talking—consequently they must be forcible. A bad bargain is the very worst thing we could give you for our own interests. So we make them good, quite as much for our own benefit as for yours.

Here are some—
