## CONVENT DE NOTRE DAME, CHARLOTTETOWN, P. E. I.

THIS INSTITUTION affords peculiar advantages in the way of delightful location, excellent board, well-heated and airy apartments, firm yet mild discipline, and careful instruction in the useful branches of Education. Qualifying candidates for the Profession of Teaching is made a specialty. The Departments of Music, Drawing, Painting and Needlework are presided over by efficient Teachers. French may be learned practically and thoroughly,—the teachers being conversant with that language. A conscientious care is bestowed on the moral and physical well-being of the Pupils, and judicious efforts are made to inculcate principles of courtesy and social amenity. Semi-annual bulletins of the proficiency, application and deportment of Pupils will be sent to parents and guardians. Differences of religion will not be regarded in the admission of Pupils. No reduction made for occasional absence. The Scholastic Year is divided into two sessions, commencing on the First of September and on the First of February.

MRS. ROSS,—I wish to inform you that your "Magic Healer" Salve has proved a sure cure for Salt Rheum. A young lady residing in my house tested the Salve, and found it the best article she ever tried, after using other Salves without doing any good. I recommended her to try the "Magic Healer," and before using half a box, the Salt Rheum disappeared. I cheerfully furnish the above facts, and remain, yours,

## Quick Passages.

ACROSS THE ATLANTIC, AND HOW THEY COMPARE WITH THE ALLAN LINE STEAMERS.

In view of the discussions relating to the advantages of fast steamers, and the quick runs made by the so-called ocean greyhounds between Liverpool and New York, with the demand for similar steamers to the St. Lawrence, the official figures bearing on the subject are surprising. One of the latest and best runs made across the Atlantic, according to the abstract of log published in the newspapers, shows that a steamer which left Liverpool on July 9th arrived at Sandy Hook on July 16th. And yet it is found that the Parisian, which left Quebec on July 31st, arrived at Liverpool on the morning of the 8th August, practically showing that but a few hours at the most could have been saved by a passenger taking one of the fastest trans-Atlantic liners from New York. The regularity of time made by the steamers of the Allan line has so accustomed the Canadian public to finding certain steamers at their wharf on a particular day that they do not stop to consider when they get there, or how a few hours difference in time was lost or made; and it is for this reason that a few of the runs made by the mail steamers this season are given, as they show regularity and speed not generally understood. It is not pretended that a little faster time is not desirable, as, of course, every hour counts so far as mail matter is concerned. What is apparent, however, is that passengers who take steamers from United States ports in preference to Canadian must have some specific object in view other than that of saving time, and there is no doubt whatever that without taking the railway journey to New York into consideration everything is in favor of the Canadian lines. The following statements show some of the average runs in 1890—

Sardinian left Quebec, 12th June, 10 a. m.; left Rimouski, 12th June, 10.40 p. m.; Arrived Moville, 21st June, 7.30 a. m.; arrived Liverpool, 21st June, 10 p. m. Passage, Quebec to Liverpool, 9 days, 1 hour and 30 minutes.

Circassian left Quebec, 10th July, 9.40 a. m.; left Rimouski, 10th July, 10.20 p. m.; Arrived Moville, 18th July, 12.50 p. m.; arrived Liverpool, 19th July, 11.10 a. m. Passage, Quebec to Liverpool, 8 days, 17 hours.

Parisian left Quebec, 31st July, 9.30 a. m.; left Rimouski, 31st July, 9.50 p. m.; Arrived Moville, 7th August, 2 p. m.; arrived Liverpool, 8th August, 2 p. m. Passage, Quebec to Liverpool, about 7 days and 12 hours.

It must be borne in mind that the foregoing figures are from Quebec to Liverpool, and that passengers embarking at Rimouski and landing at Moville (Londonderry), have at least one day less on the steamer than their fellow-passengers. Then, again, if the average time made by the Parisian on her last trip across is taken, the result is the astonishing figure of less than five days from land to land.—Montreal Gazette, Aug. 14th.

The Sardinian has made the trip from Derry to Rimouski in 6 days and 19 hours. The Parisian in 6 days and 17 hours, or 4 days and 17 hours from land to land. Messrs. Carvell Bros. are the agents in Charlottetown for these steamers.

## Boston Markets.

BOSTON, Aug. 29.

Eggs.—Receipts are lighter again and under a very fair demand the market is working upward a little. At the close extra eastern were scarce and firm at 21 and 22c. N. B. and P. E. Island are selling well at 19 and 20c., and Canadian are bringing the same. Good western are well sold up at 18½c. and extra Michigan are generally held at 20c.

POTATOES.—Receipts have been light, especially for the past three days and at the close prices are ruling from 25 to 50c. per bbl. higher with a very good demand. A. The roads choice N. H. bulk stock is firm at 95c. per bush. Some small consignments of Russet Burbanks, etc. have been received from New York and Vermont, and the market will probably soon be well supplied.

## Lawn Tennis Tournament.

The tennis courts at Victoria Park presented a lively appearance during the progress of the tournament on Saturday afternoon. The players having drawn for partners, play began at 3.30 o'clock, and it was not till nearly sundown that the last set in the finals was played. Fate ordered that Miss DesBrisay and Mr. Pope—two champions in former tournaments—should play together. The combination formed by Mr. Pope's "demon" serve, and Miss DesBrisay's steady all-round play, proved too strong for their opponents, who succumbed one after another—though not without a hard struggle for victory in every set. The prize won by Miss DesBrisay was a beautiful gold watch chain charm, presented by A. A. Bartlett, Esq.; Mr. Pope's prize a silver cup, presented by Richard Sloggett, Esq.

The Truro prize winners were in the field, and had the tournament been "ladies' doubles" they no doubt would have added further chaplets to those already won.

The following shows the result of the drawing and the scores made:—
