The SCOTCH WHISKY chosen by the Red Cross Society, London, for use by the invalided troops and hospitals in South Africa, is the famous WHITE HORSE CELLAR brand of MacKie & Co., Distillers, Limited, Islay and Glasgow, one of the oldest firms in the trade. On intimation of this, Messrs MacKie, with usual generosity, presented 200 cases free of charge, and shipped them by first steamer to the Cape.

One of the family is a volunteer in the Imperial Yeomanry, and on his way now to the Cape. It is hoped that he may give a good account of himself.

THE ABOVE MENTIONED BRAND IS FOR SALE AT

**AN UNKNOWN KINDNESS.**

For Which He Expected to Be Liberally Rewarded.

"I know," said the poor cousin to his haughty millionaire relative, "that I have no claim upon you except my destitute condition and a slight tie of blood which is more of a damper than an incentive to bestowing the humble dollar which I have asked you to advance me for a few years. Of course you are within your right to refuse. Yet I cannot but recall with what gladness I complied with the only request you ever made of me—complied with such sympathy even though I could not feel that in the same circumstances I would ask as much of you."

"What are you talking about?" shouted Mr. Bullion, his face flushing with wrath. "I never asked a favor of you in my life and never shall. You have a hard cheek that would make the Sphinx take a back seat. Favor! Bur-r-r!"

"It was done secretly. You do not know to this day that I did it. I never mentioned it to you before, nor would I now except that I cannot but recall your instantaneous, stony refusal of the first request I ever made of you and despite myself think of the unhesitating way in which I complied with the only request you—"

"Don't drive me crazy with this insane talk. If you can tell me of any request of mine to you, whether you complied with it or not, I swear to draw my check here and now for you for \$100."

"Charles, it is not the hope of reward that leads me to speak of my consideration to your petition. I have never breathed it to a living soul before. I will accept your check, flung to me as one throws a bone to a mongrel cur, only that the moral lesson may be impressed upon your mind better. When your wife died, Charlie, and you advertised your loss in the papers you added, 'Please omit flowers.' I didn't send one."—New York World.

It takes a man who is a whole man, at least physically, to be a western cow-boy. His every-day life calls for great physical endurance, and upon some occasions this must also be backed by considerable nerve.

It would be a good thing for many a hard working business man if he could turn cow-boy for a couple of months each year. It would give him a chance to get the free, pure, invigorating air of the prairies into his lungs, a little steel into his muscles, a little edge to his appetite and a little of the calm of the boundless plains into his nerves.

Unfortunately, the rush of modern business will not permit the average hard working business man to turn cow-boy even for a short time each year. The only resource left him, if he does not wish to break down prematurely, is to keep a watchful eye upon his health, and when he finds that he is getting out of sorts, let up a little on work, and resort to the best of all known tonics. That tonic is Dr. Pierce's Golden Medical Discovery. It promptly puts a worked out man into condition, because it starts at the right place. It begins by restoring the lost appetite. It corrects all disorders of the digestion and makes the assimilation of the food perfect. It invigorates the liver. It purifies the blood and fills it with the life-giving elements of the food. It is the great blood-maker and flesh-builder. By enriching the blood it nourishes and builds up every organ and tissue in the body. No man ever broke down with nervous exhaustion or prostration who resorted to this great medicine when he felt him- self threatened by ill-health.

An honest dealer will not urge a substitute. There is nothing in the world "just as good," although avaricious druggists will sometimes say so for the sake of the greater profit to be made upon the inferior article.

Keep your head up and your bowels open. The "Golden Medical Discovery" will put steel in your backbone, and Dr. Pierce's Pleasant Pellets will cure constipation.

**A Frenchman Finds Canadian Weather Had a Bad Effect on His Health**

St. EUSTACHE, Que., Feb. 12.—Auguste Dubois landed here from France, a perfect stranger to the weather conditions prevailing in this country. The food also differed from that to which he had been accustomed, and his heart being weak, the change had a serious effect upon it. He went to a medical man who did him no good. He went to others with a similar result in each case.

"I had to go to Montreal," he says, "to work for the Grand Trunk in that city and met a man who was suffering the same as myself, but had started to take Dodd's Kidney Pills. He told me they were doing him good. He was kind enough to give me a few of them. I took them. I felt much better. I procured a box, and in fifteen days felt like a different man."

**THE ALMOST MIRACULOUS CURE OF JOHN McDONALD, CAPE NORTH, N. S.**

For Years He Was Afflicted With Spinal Trouble and Paralysis of the Legs—Was Treated by the Best Specialists in Victoria General Hospital, at Halifax, Without Benefit—Dr. Williams' Pink Pills Have Restored Him.

Mr. John McDonald, a well-known merchant at Cape North, N. S., was for many years a sufferer from spinal trouble, which eventually resulted in partial paralysis. Treatment of many kinds was resorted to, but without avail, until finally Dr. Williams' Pink Pills were used, with the result that Mr. McDonald is again enjoying almost perfect health. Mr. McDonald's story is given as follows in his own words:— "Almost thirteen years ago I caught a bad cold which lodged in my back, producing a terrible pain. Liniments were first resorted to, but they had no effect, and the trouble became so bad that I could hardly walk, and could not go out of doors after dark, as I would be almost certain to fall if I attempted to walk. Medical treatment did me no good. I tried six different doctors, but the result was always the same. I spent \$30 for an electric belt, but it was simply money wasted. Years went on and I was continually growing worse, until the spring of 1895 my lower limbs could scarcely support me. In June of that year I went to the Victoria Hospital, Halifax, where I remained for two months under the treatment of the best specialists, but when I returned home I was actually worse than when I entered the hospital. This thoroughly discouraged me, and I gave up all hope of ever getting better. I continued to grow worse until about the first of January, 1896, when I had become so bad that I could not stand alone, as my legs were sticks under me. My only means of locomotion was crutches, and my legs dragged after me like useless pieces of lumber. I could not raise them one inch from the floor. About the first of the following April, Rev. Mr. McLeod strongly urged me to try Dr. Williams' Pink Pills. I had tried so many things without benefit, that I did not think the Pills could help me, but nevertheless decided to give them a trial. After using six boxes I could see that there was a slight improvement, and I continued using the pills until I had taken thirty boxes, and by that time new life and vigor had returned to my legs, and I have since been able to attend to my business behind the counter without the aid of crutches, or even a stick. Under God's blessing Dr. Williams' Pink Pills have restored me to a new measure of health and energy I never expected to again enjoy in this world.

My restoration has caused a great wonderment in this section, and as a result I have sold many gross of Dr. Williams' Pink Pills in my store, and many of those who have bought them from me tell me they have cured them of their troubles."

Dr. Williams' Pink Pills act directly on the blood and nerves. They do not purge, and therefore do not weaken like other medicines. They give strength from the first pill to the last used. There are many dealers who offer pink colored substitutes, because the substitute gives them a greater profit, but these should always be refused, as substitutes are either dangerous or absolutely worthless.
