KNIGHTS OF LABOR.—The annual report of the Treasurer of the Knights of Labor shows that the membership decreased about 300,000 in the past fiscal year, and at the present time the receipts are not sufficient to meet necessary expenses.

ANNOUNCEMENT.—John R. Clarke will give two of his lectures, entitled, "Gough in Humor and Eloquence," and "The Rose, Shamrock and Thistle," in the Y. M. C. A. Hall, on Monday and Tuesday evenings next. Admission only 25 cents.

A GOOD PRICE FOR PIE.—Says the Chatham World: At a social in Nelson, recently, a young man who was bound to have his best girl's pie, was forced by the competitive bids of another man to pay \$5.75 for it. He would have paid ten times as much if his rival had dared to bid so high.

MISSING.—A Halifax girl named Lizzie Murphy went to Boston in the steamer Halifax last week. She was on her way to her brother-in-law, who resides at Peabody. Up to Wednesday, says the Boston Herald, she has failed to reach her destination, and it is feared some accident has happened.

MORMONS WANT MONEY.—The Mormon delegates waited on the Minister of Agriculture, at Ottawa, a few days ago, and asked for pecuniary assistance towards promoting immigration to the Northwest. Mr. Carling said he could grant no aid, as the government had abandoned the policy of assisted immigration.

QUERY.—A correspondent, for whose letter we have no space, asks why the Patriot, in its recent article in reference to the water-works, puffs up Messrs. McIntosh and Macdonald so elaborately, and has not a word to say about Mr. W. H. Fraser. He thinks that the work done by the latter is just as worthy of praise as that of the former. Perhaps our contemporary will explain.

AN ISLANDER DROWNED.—Says the St John Sun of yesterday: The body of Nantes McKinnon, 21 years of age, belonging to Prince Edward Island, arrived in the city yesterday from Bangor Lake, Me., where he was drowned on Sunday last, by the upsetting of a canoe. The remains were transferred to the eastern train en route to the Island.

REWARDING HEROISM.—James Hunt, the Halifax stevedore, who had his foot crushed between the wharf and the steamer Carroll, as chronicled a few days ago, has had a fund started for his benefit, which already exceeds \$500. Mr. Harkiss will address the meeting.

THE HEAVENS IN NOVEMBER.—The November moon falls to-morrow (Sunday). Neptune is morning star until the 22nd, when he becomes evening star. He stands first on the planetary record of the month, for an event occurs in his history that brings him to his nearest point to the earth. This event is his opposition with the sun on the 22nd, at 1 p.m. The earth is then between the sun and Neptune. If discoveries are made concerning the far away planet, they will probably be made when he is in opposition.

UNCLE TOM'S CABIN.—The Lyceum was filled last evening to witness the opening performance of Peck & Fursman's Uncle Tom's Cabin Co. The acting throughout was very good indeed. Topsy's dancing and music and the antics of the two Marks kept the audience on the broad grin continually. Aunt Ophelia looked and acted her part well. Uncle Tom was a very careful impersonation, and the part of Eva was well and cunningly taken by Little Lotta. The other parts were also well taken. The singing of the Mystic Quartette was capital. The Company gave a matinee this afternoon, and will give another performance this evening, when they will, no doubt, have another crowded house.

WON'T DO IT AGAIN.—Mrs. Mitten and Miss Lutes who live a few miles from Moncton, got on board the express at Boundary Creek, on Wednesday forenoon, to proceed to Moncton. Just as the train was about to enter the Moncton yard, about a mile and a half from the station, a brakeman entered the car where the women were, and shouted "Moncton." Thinking that the time had come for leaving the train, the two women got up quickly, ran out on the platform of the car, and, unnoticed by any one in the train, leaped off. The train was then running at the rate of twenty-five miles an hour. The women were missed when the station was reached, and a party went back to search for them. They were found in Officer O'Rourke's residence, both badly injured. One had her collar bone fractured and was unable to speak; the other had a broken arm. They were taken to Moncton, where they received medical attendance. Although living so near the railway, one of the women had never been on a train before.

SPECIAL DESPATCHES BY THE EXAMINER'S Intercidental in Dartmouth.

HALIFAX, Nov. 16. Dr. Weeks, of Dartmouth, was to-day committed to jail to await trial at the next sitting of the Supreme Court on the charge of maliciously setting fire to the dwelling house of Mrs. Finn, his next door neighbor. Mrs. Finn testified that Dr. Weeks came to her house on the afternoon of Wednesday, tried to get in and kicked at the door. He then went away and came back with a can and bottle, poured their contents on the steps and set them on fire. She saw him from the parlor window. It blazed up. Before going for the can he said he would burn the house down. The doctor has been drinking hard of late. He made the following statement: "I had no design to injure either property or people. I was casually using the chemicals. Some one rang the bell several times and ran away. I considered it was either young Finn or the servant girl on their way to remonstrate. I have no recollection of spilling the fluid or lighting it. If I lit it, it was possible it occurred to me it was the easiest way to clear it up." He is a brother of O. S. Weeks, M. P. P.
