Grain

WINNIPEG, Sept. 28 - (CP) - Trading was quite active towards the close of today's session on the Winnipeg Grain Exchange and early advances in coarse grain futures were reduced or erased. U.S. interests were buying oats and barley on a fair scale, especially oats. Processing orders in flax appeared during the early trading. U.S. houses were buying rye.

Late declines in prices on U.S. markets were reflected in increased offerings on the Winnipeg market and a decline in prices.

No export loadings of wheat were reported but 200,000 bushels of barley were reported exported to Belgium.

Prices for class two wheat and I.W.A. were unchanged except No. 4 northern which advanced one cent.

Closing prices: Oats - Oct. 87 1/2; Dec. 87 3/4; May 89 1/4.
