

THE DAILY EXAMINER.

OCTOBER 22, 1889.

Notes and Clippings.

The Pioneer says that THE EXAMINER "appears to recognize fairly well the conditions and the necessities of the situation in respect to the vacant chair in Prince of Wales College."

The Patriot has a timely warning for those who are convalescing after an attack of typhoid fever. Great danger—perhaps the greatest danger—lies in going out too soon after the fever is gone, and in exposure to drafts.

Course of Lectures.

The fifth annual course of concerts and lectures under the auspices of the Literary Society of St. James' Church, will open on the 5th November next in St. James' Hall.

Nov. 5—Opening Concert. Nov. 19—"Elizabethan Vikings," Rev. A. Robertson, New Glasgow, N. S.

Dec. 3—"Lithogenesias of Great Men," Rev. W. W. Brewer. Dec. 17—"As you like it; or the forest of Arden," Rev. James Carruthers.

Feb. 4—"How we fought in days gone by," Capt. W. A. Weeks. Feb. 18—Concert.

March 4—"Three German cities," illustrated by stereoscopic views; Rev. H. Dickie, A. M. Summerside. March 18—Subject to be announced.

April 1—Closing concert. Judging by the success that has attended the concerts and lectures given under the auspices of this society in the past we feel safe in predicting that the programme above outlined will be carried out in an excellent manner.

An I. C. R. Train Cut in Two.

FIREMAN AND ENGINEER JUMP AND SAVE THEIR LIVES.

MONCTON, Oct. 20.—A serious railway collision occurred yesterday at Humphrey's siding, about a mile from town. Conductor Crockett's special, with engine 148, left here shortly after two o'clock with orders to cross Conductor Sears' coal special, engine 155, at Humphrey's siding.

Personal.

Mr. Edward J. Hodgson returned last evening in the Superintendent's private car which was kindly and thoughtfully placed at his disposal by Mr. Unsworth. The body of his departed wife was brought by the same train. The Sun, of St. John, furnishes the following brief particulars of the mournful event which to-day saddens many homes in Charlottetown:

"Mrs. Hodgson left home about two weeks ago, accompanied by her niece, Miss Wright. After spending a couple of days in this city they proceeded to Fredericton, returning here again on Monday last. On Wednesday Mrs. Hodgson was taken quite ill and Dr. Holden was summoned and he found that she was suffering from an attack of inflammation of the lungs. Mr. Hodgson was informed by telegraph and he reached here Thursday night. Saturday morning no serious result being apprehended, Miss Wright left for her home in Charlottetown. During the morning Mrs. Hodgson took a turn for the worse and died quite suddenly—so suddenly that Mr. Hodgson, who had occasion to leave the hotel for a few minutes, found her a corpse when he returned."

A. A. Nichol, agent for E. R. Clarke & Co., nurserymen, Annapolis, N. S., is registered at the Osborne. Mr. Gordon Alley, son of Judge Alley, left here this morning to attend Bishop's College, Lennoxville, Que.

IRON GONE UP.—It is stated by an exchange that the iron merchants, in consequence of an advance in Great Britain, have increased the price of refined iron to \$2 75 per 100 lbs., and common best iron to \$1.60 per 100 lbs.

A FINAL CALL.—As will be seen on reference to our advertising columns, the directors of the Charlottetown Driving Park have ordered a final call of 20 per cent. on subscribed stock, payable on or before the 30th November next.

A ROUGH PASSAGE.—The steamer Ulunday arrived at Halifax from London on Sunday. She encountered very rough weather to Cape Race.

Wedding Bells.

The Chatham, Mass., Monitor contains a lengthy account of the recent marriage at that place of Mr. S. G. Chase, the good-looking and popular first officer of the steamer Carroll, and Miss Avis A. M. Young. The ceremony was performed at the residence of the bride's mother. At a quarter of eight in the evening, says the Monitor, the orchestra began to fill the house with music, and at eight o'clock sharp, the bridal pair, preceded by four gentlemen and four ladies, entered the parlor and took their positions under a very handsome marriage bell, where the knot was tied by Rev. N. C. Alger. The bride was dressed in a "Moonlight on the Sea" ottoman silk corsage, with hand bouquets of bride's roses. The groom wore the customary full dress suit of black. The bridesmaids wore cream white with bouquets of "La France" roses and carnations. After the usual amount of hand-shaking and congratulations, the bride's cake was passed to each person, in a very handsome white box tied with white silk cord. The house was handsomely decorated in every room; and the guests, being dressed so elegantly and wearing such smiling faces, it looked like a veritable flower garden. Games and dancing, interspersed with such lively music that the most sedate ones could hardly keep their feet still, made the time pass so quickly that almost before anyone was aware of the fact it was nearly midnight, and after a hearty "Good Night" to the newly married pair, the party separated, each saying "what a pleasant time we had."

London Fashions.

Large hats are to be correct for young ladies stylish wear, while for mourning and general use small, close-fitting toques will be again favored.

During the season it is said there will be an extensive demand for ostrich plumes, fancy feathers, quills, etc., while wings are mounted for felt hats as they are more substantial and serviceable for the winter season.

Felt hats will lead this coming season, while velvet-covered shapes will be much favored.

Black and white, as well as black and scarlet, are arranged most stylishly this season, while there are many pretty grey as well as fawn felt hats, trimmed black moire and ostrich tips.

All velvet hats in toque form with a slightly puffed crown, trimmed on the one side with a bow of the best faille ribbon are all one could desire for general wear.

Beaded and tinsel trimmings are much employed, also braids of all widths.

Directoire styles are still patronized.

Tan and grey shades in gloves are preferred—cheverette or thick kid for tailor made dresses. Suede for afternoon or best wear and glace kid for evening wear.

Bear Bros. show all the leading novelties in dress goods and mantles.

Ostrich feathers return to favor and are used on all the best shapes, both in velvet and felt.

An immense variety of new dress and mantle trimmings are shown by Bear Bros.

MARRIED.

In Chatham, Mass., on the 1st inst., by Rev. N. C. Alger, Mr. Simon G. Chase to Miss Avis A. M. Young, all of Chatham.

DIED.

At Lewiston, Maine, Oct. 7th, Sophia A. Silliker, formerly of Stoney Creek, Albert County, N. B., aged 65 years.

Suddenly, at the Royal Hotel, St. John, N. B., on Saturday, 19th October, 1889, Margaret Matilda Jane, beloved wife of Edward J. Hodgson. May she rest in peace.

[The funeral will take place on Wednesday, the 23rd inst. The services at St. Peter's Church will be as follows: Holy Communion at 7.45 a. m., solemn celebration of the Holy Eucharist, 10 a. m., office for the dead at 10.45 a. m., immediately after which the funeral will leave for St. Peter's Cemetery.]

ANOTHER DISCOVERY.—The Chicago Daily News says a desperate plot has been discovered, having for its object the rescue by force from Judge M. Connell's court, some day next week, of Martin Burke and Daniel Coughlin, the Cronin suspects, now awaiting trial with O'Sullivan, Beggs and Kuzo. The plot, which the News ascribes to the Clan-na-Gael, it says, "was gotten up in the interests of Coughlin and Burke, only, for the reason that they are the men who must be saved at all hazards in order to prevent their confessing and implicating men whose necks are thought to be worth much more to the clans."

QUEBEC, Oct. 20.—The local government decided yesterday to grant \$3,000 to found night schools in Montreal.

LONDON, Oct. 20.—Lord Londonderry's miners in Silkworth colliery, Durham, have gone out on strike, and three thousand are idle.

MONTEAL, Oct. 20.—Alderman Hurteau has taken \$100,000 action against Alderman Stephens, ex-M. P. P., for asserting that the former was not entitled to a seat in the city council.

Telegraphic Odds and Ends.

A BUDGET OF GENERAL NEWS FROM ALL PARTS OF THE WORLD.

SAN FRANCISCO, Oct. 20.—Mail advices from Japan give particulars of the destruction of 2,000 houses, and the loss of 1,000 lives by a typhoon and tidal wave.

LISBON, Oct. 20.—The elections for members of the Cortes to-day were peaceful. The returns indicate a strong government majority.

LONDON, Oct. 20.—The German steamer Mare Brunner, recently wrecked in the Red Sea, has been looted by Arabs.

MARSHFIELD, Wis., Oct. 30.—The little village of Curtiss, on the line of the Central railroad, north of here, has been burned. Loss at least \$100,000. The town had between 300 and 500 inhabitants. The principal industries were lumber and hay.

NAPLES, Oct. 20.—Violent storms are prevailing in this region. This city is partly inundated. An immense amount of damage has been done.

QUEBEC, Oct. 20.—The local government decided yesterday to grant \$3,000 to found night schools in Montreal.

LONDON, Oct. 20.—Lord Londonderry's miners in Silkworth colliery, Durham, have gone out on strike, and three thousand are idle.

MONTEAL, Oct. 20.—Alderman Hurteau has taken \$100,000 action against Alderman Stephens, ex-M. P. P., for asserting that the former was not entitled to a seat in the city council.

Charlottetown Markets.

The attendance at the market to-day was large, especially outside. Eggs were scarce at 20 cents per dozen. Butter (fresh) has risen to 24 cents. Hay shows a rise of three cents per cwt., ranging from 30 to 35 cents. Oats sold well at 32 1/2 cents per bushel. Following are the prices:—

Table with 2 columns: Item and Price. Includes Beef (small) per lb. \$0.07 to 0.12, Butter (fresh) per lb. 0.21 to 0.24, Wheat (No. 1) per bush. 0.90 to 1.00, etc.

AN IMPORTANT DISCOVERY.—We understand that Capt. Maxwell, of Her Majesty's surveying steamer Gulnare, discovered last summer, a most wonderful rock off Cape St. Mary's, Newfoundland, about 22 1/2 miles from land, in a south half westerly direction. There is about 33 feet of water on it, and it is about a cable's length from one side to the other. This rock not being referred to on any chart, and lying as it does in the track of so many large ships and steamers, its discovery is of the very highest importance from a nautical point of view. Large ships and steamers, when passing over it in stormy weather, would, most probably, be dashed to pieces if they chanced to strike when in the trough of the sea. It is probable that more than one noble ship has met its fate on this hitherto unknown point of danger. Capt. Maxwell deserves great credit for having made the discovery, and we presume, before this time next year, the charts will show the exact place in which this extraordinary rock, so far from land, is located.

Charlottetown Driving Park.

THE Directors of the above Association have ordered a final call of 20 per cent. (\$20 a share), to be made on the subscribed stock, payable on or before 30th November next.

Shareholders will please pay the amount of call to the Secretary, at the office of Warburton & Smallwood, Cameron Block, City, not later than the above date.

A. B. WARBURTON, Secretary.
