

Guild To Stage Musical Review On Festive Week

In response to a request from the central planning committee of "Charlottetown's Festive Week," the Little Theatre Guild have stated they will produce a musical revue during the week of festivities.

Under the name "Festive" the local Guild is preparing a fast-moving, riotous evening of dancing, melody and mirth, and visitors to the city during that week will be assured of an evening's excellent entertainment.

Mr. H. Barry Bugden has been asked to direct the revue, and specialties and chorus lines are already being chosen from Charlottetown's top talent.

In addition to this production, the L. T. G. has two plays in production, and a possible third. The first of these, "Outward Bound," directed by Mr. Frank Curtis, will be presented for members this week.

Word will be received by the local group on the fifteenth of this month, if they are selected to compete.

NEW BRITISH WONDER ENGINE FOR CYCLES

A speed of over twenty miles per hour with a petrol consumption of three hundred miles to the gallon can now be obtained by a tiny half-horse power engine—Britain's latest addition to the new vogue of power-assisted cycling. Known as the "Cyclomaster", the engine is incorporated in a motorized wheel which can be fitted in cycle.

twenty minutes to any average size bicycle. The two-stroke engine, the wheel and the two, and a half pint petrol tank which fits neatly round the hub together weigh only twenty pounds more than the average cycle wheel. The "Cyclomaster" is claimed to be the first of its kind to drive by chain. This chain transmits to the clutch and then to the wheel. Most cycle motors drive one of the wheels by a friction roller working on the tyre. This picture shows the "Cyclomaster" fitted to an ordinary

Local Tourist Inquiries Show Upward Trend

Inquiries from prospective visitors to Prince Edward Island received by the Provincial Travel Bureau during the month of March amounted to 30 more than the combined total for January and February, it was disclosed here yesterday by George V. Fraser, director of the Tourist and Information Branch. Total inquiries received during March was 608.

In addition to the regular tourist inquiries, an average of about 20 letters were handled daily from school children seeking information on the province.

During March the Travel Bureau set up a display booth at the Canadian National Sportsmen's show in Toronto, which proved to be very productive. A total of 640 persons who visited the booth forwarded cards asking for literature about the Island. In addition upwards of 1,000 packages of literature were handed to interested persons at the booth. Most of the inquiries were from the Toronto area.

Largest number of direct inquiries received at the Bureau during March came from United States points. The total of U.S. queries was 359. Canadian inquiries totalled 170.

Other inquiries for literature during the month came from such places as France, with 39, Spain 20, and anywhere from one to six from the following places: The Gold Coast of West Africa; British Guiana, Ceylon, British West Africa; Nigeria, Iraq, Chile, England, Indonesia, England and Switzerland. Canadian Garden Service 1951

By Gordon Lindsay Smith

Don't Bite Off Where Space Short

Many people make the mistake of attempting gardening on too ambitious a scale. They plant a half acre of corn or potatoes when only a few rows would be ample. They buy two or three ounces of a certain flower seed when just a medium sized packet is all that is necessary. It is far better to attempt a little less and do the job better without killing one's self.

When it comes to equipment they make the same mistake. They get a big garden tractor where one of the little chaps would do all that is necessary and be easier to handle. Usually a one to two horsepower machine is advisable where the job is less than an acre. This will turn much easier than the larger tractors and in a small garden there is a mighty lot of turning. Of course one can hardly expect to plow heavy land but where possible it is best to hire that job done and keep the small tractor for the cultivating, lawn cutting, pumping and the other jobs it will do, and go well.

They Don't Laugh Now

Everyone knows the story about the city man who figured what it cost to grow vegetables. There were a lot of laughs once when vegetables were dirt cheap. They don't laugh so much now. And as a matter of fact the man or woman who really knew freshness never laughed anyway. Money just can't buy vegetables that will compare in flavor with those grown right at the door and prepared while the dew is still on them. Particularly is this true of such things as corn, peas, baby carrots, leaf lettuce and similar delicacies. Grow quickly on good soil there is as much difference between those and the bought kind as there is between black and white. Yes, for the family that appreciates highest quality it is good business to grow a few vegetables even in the city backyard.

M.C.A. May Buy Big Passenger Plane In France

Maritime Central Airways, who only a short time ago headed out to California to purchase a 60-seater passenger plane, have now struck out for Europe where they will possibly buy another plane so that they may handle their expanding services.

Captain H. S. Jones is now on his way to Marseilles, France, to look over a DC-3 passenger plane which M.C.A. are negotiating to buy. The plane will accommodate 27 passengers.

There are no similar planes available on this side of the water, it was stated last night by M.C.A. manager, Captain Carl Burke.

The 60-passenger Commando plane, purchased in California has not been put into operation yet. It is expected that the plane will be put into the air in a couple of weeks.

Mr. Mair is the eldest son of the late Mr. Bartell Mair, a veteran of the First World War and of Mrs. Roland Marsh. Five Islands, N. B.

A good congregation gathered in the United Church on Sunday evening to hear the Easter service. Both the sermon and music were of a high class. A number of familiar Easter hymns were sung by the choir and congregation. At the offertory, by special request, Mr. Harry Yorston rendered "Mozart's Hallelujah." The very popular hymn by Handel, "Open The Gates of the Temple," was beautifully sung by Misses Mae and Ethel Renton. A solo by Miss Renton, "There is a Green Hill Far Away," was sung with fine expression by Mr. Yorston. As a closing hymn, the congregation and choir sang, "The Strife is O'er The Battle Won." Immediately after the service the Official Board met to consider the matter of calling a minister, to take charge about the first of July replacing the Rev. S. J. Boyce, who retires at the end of June.
