HAMPTON

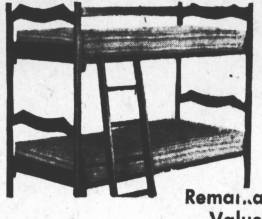

The mammoth conflagration at Hazelton, in the loss of the battery factory, the fire at Bonshaw resulting in the total loss of the residence of Mr. L. T. Stearns with contents, and the loss with contents, including stock, implements, machinery, turnips and potatoes, ready to ship demonstrates the necessity of advising Fire Prevention Week as a means to cause people to carefully check everything which might bring disaster as winter's chill is present, and heaters are operating.

Much sympathy is being extended to the nearest-of-kin of the late Mr. Austin Cameron, whose death occurred at Augustine One, on December 8th. Mr. Cameron was a large, progressive farmer for the greater part of his lifetime. He was widely known and highly respected by all who knew him. Funeral services, largely attended, were held from his late residence and the interment was made at the Presbyterian Cemetery at North Tryon.

From all walks of life many of our citizens attended the funeral services for the late Hon. Dr. W. J. MacMillan, whose death occurred at the Charlotte Hospital on December 7, following a long illness at the Public Service of the Province.

A number of our citizens attended the funeral services held at St. James' Presbyterian Church City, for the widow of the late Mr. Dr. T. P. Fullerton, former Mayor of St. James Church, at whose services our citizens were regular attendants during his ministry.

News is being expressed that the Blood Donor Clinic at Cowhead was somewhat discouraging as many as expected being available. It may have been that there had been quite an upsurge of prevailing sickness at or closely near the time, which consisted in the suppression of these a number whose presence would have been assured. But that our citizens are interested and have been following with increased interest in the Blood Donor Clinic is at other times, and will receive more news in number appearing in other news at Cowhead.
