NEWSLETTERS are normally published bi-monthly on recycled paper. Articles, notes, reports, drawings, etc. are welcomed from members and non-members. If you have seen anything unusual, please share it with us. It is important to have your observations recorded so that others may learn from them. All contributions should be send to:

Dan McAskill, Newsletter Editor  
Natural History Society of Prince Edward Island Ltd.  
Charlottetown RR # 5, Donagh, P.E.I. C1A 7J8

The next newsletter deadline is March 10, 1994.

Illustrations: The Society extends a special thanks to Jacqueline Badcock, Dover Colouring Books, and Connie Gaudet for their illustrations for this issue.

The Natural History Society gratefully acknowledges support from the Department of Economic Development and Tourism and the Department of Education and Human Resources which enables distribution of newsletters to schools and libraries and to members.

The Natural History Society is an affiliate of the Canadian Nature Federation and has representation on the board of the Island Nature Trust. The Society is a registered, non-profit organization (Part 2, Companies Act). Tax receipts are issued for donations to the Society and these funds are used to further the work of the Society.

**Reprinting:** Editors of other newsletters and teachers wishing to copy classroom materials are welcome to reprint articles from the *Island Naturalist* (except when copyrighted). Due acknowledgement must be provided to the *Island Naturalist*, the author and illustrator.

**THIS MONTH'S COVER**

The Leach's Storm Petrel is featured on the cover of this issue. Many Island birders have never seen this species as it spends most of its life at sea (pelagic). Its tubed beak, used to forcibly eject a 5% salt solution processed by nasal glands on the surface of the brain, allows it to obtain the fresh water it needs (adapted from J. C. Welty's *The Life of Birds*).
