Camera Club Meetings To Be Resumed

The Montague Camera Club, after a well earned rest from fall and winter meetings, will shortly be starting again. This week the club's entries for the season will return to Montague after a successful showing at the salon at the Civic Centre in Charlottetown. Owing to the great interest shown by the public last year, these pictures will be put on display for two weeks in Montague. From August 15 in Pepler's and H. L. MacGregor's store windows, and the following week in Clark's store window. The members plan to hold a picnic later in August and then once more get into fall activities. Twenty-seven entries were sent to the salon this year, double the number of last year entries, which is a commendable number for a small but enthusiastic club. At the same time congratulations are being extended to the Charlottetown Camera Club on their winning entries this year. During last season's activities the Montague Camera Club donated a number of pictures to the King's County Hospital for the patients' rooms. It is expected that the balance of these will be the first project of the club this coming season.
