Toronto Stocks

TORONTO, (CP)— The stock market recorded a long string of losses for the second straight session Tuesday. Monday's news that Russia will cut her military forces and fears felt for North American defence contracts were largely blamed for the market's dullness.

The total of 5,033,000 shares traded was the lowest since Jan. 24. There was an upswing in the final hour that lifted prices moderately, but decisively, above their lows.

Losses in the mining list ranged to $1.50 by Falconbridge and Coast Copper. Declines of 20-30 cents were common in the lower-priced group. A few issues added pennies including Consolidated Halliwell, Belcher and Violamac.

Golds alone of the major components posted a small index advance. Dome Mines, Preston and Pato had small gains.

Index changes: Industrials down 2.87 to 459.56, golds up .11 to 87.35, base metals down 2.04 to 239.64 and western oils down .66 to 151.22.

South Koreans Voting Today

SEOUL, Korea, (AP)—A dead man's name and fears of violence hung over South Korea as the republic's 9,000,000 voters chose a president today.

President Syngman Rhee, 81, was confident of winning a third term by a lopsided margin over Cho Bong Am, an ex-Communist trained in Moscow who is Rhee's only official opponent.

Observers said unofficial results would be known within two days.

The name of P.H. Shinicky, the Democratic party's candidate for the four-year presidential term who died from a cerebral hemorrhage while on a campaign trip, remained on the ballot. Diehard Democrats urged Shinicky's followers to vote for him in protest against the Rhee administration. But the votes for Shinicky will be invalid.

Cho, 59, who broke with the Communist party in 1946 and now carries the Progressiv eparty's banner, has been reported in hiding since May 6, when his followers said he feared assassination.
