OUR correspondent "A Citizen of Ward 2," forgets, apparently, that the Gas Company is a private corporation doing business in the interests of its shareholders, and that the City Council is a public corporation, managing (or rather mismanaging) the affairs of Charlottetown! CALL EXTENDED.—The Moncton Times says: At a large meeting of the members of the First Baptist Church, held last evening, an unanimous call was extended to the Rev. W. B. Hinson, of Summerside. Mr. Hinson has preached in Moncton the past two Sundays, and it is believed was very favorably impressed with the congregation here. THE steamer Carroll, Capt. Brown, arrived from Boston last evening, having been detained by the storm. She had freight and the following passengers: Mrs. H. M. Churchill, Miss Marion Cabbe, Mrs. Benj. Ross, Mrs. Ellen Blackmar, Miss Rosa Blackmar, Mrs. Kate Barge, Jos. Grant, John H. France, James Curran. BISHOP GRANDIS, of St. Albert, N. W. T., is in Ottawa. He intends interviewing Sir John A. Macdonald and the other members of the Cabinet in reference to the losses sustained by mission houses, churches and other property destroyed during the rebellion, and also to ask for assistance for the Metis of Batouche, whose assistance is pitiable and unless assistance is rendered them many will perish during the coming winter. MR. ROBERT CAMPBELL, of Cape Traverse, the veteran boat builder for Messrs. Irving and Muttari, winter mail contractors, has been awarded the contract by the Department of Marine for the construction of six ice boats for the winter service. Mr. Campbell's experience and reputation as a builder is a sufficient guarantee for the excellence of the work, as nearly all the ice boats at present in use are from his workshop.

LETTERS TO THE EDITOR. Audi Alteram Partem. Sir,—In your issue to day you are unjustly severe on the City Council. In view of the electric light being in operation in eighteen or twenty days time the Council offered the Gas Directors \$450 per month for a month or two; this is at the rate of \$5,400 per year. The Directors refused. Six hundred per month, at the rate of \$7,200, was their terms. Had the City Council accepted this, it would have been the greatest piece of extravagance ever perpetrated by the most extravagant of their predecessors. The Government bought out the landed proprietors, but thank Heaven we have no need to buy out the Gas Company. It has been said that corporations have no souls; this may be true of the Gas Company, but our City Council has a soul and a conscience also. You say on "Saturday night the Company lighted the streets at their own expense;" they could well afford it when they used to remove the pressure at 11 o'clock, thus getting full pay for half the quantity after that hour. You say "the Company have the Council before the wind, and who can blame them for demanding a good price?" Pardon me, in view of our excessive taxation, I thought you had the interests of the city more at heart. The declaration of your "leading citizen" is nothing but bunkum not worth an answer. The case can be put in a nut shell—which is better, to submit to the inconvenience of darkness for a few nights or throw \$1,200 at once into the coffers of the Gas Company! A CITIZEN, 2ND WARD. November 4th.

CURRENT NOTES.

Thousands of visitors go to Gen. Grant's tomb every week. Great snowstorms have occurred in Galicia, blocking up the railways. Rev. Augustus Edward Hobart Hampden, Earl of Buckinghamshire, is dead. Poultries of tar applied to the soles of the feet are commended in Georgia as a cure for rheumatism. Dr. Estachy has been sentenced to eight years' servitude for sending poisoned poultry to a rival doctor. It is estimated that the decrease in the public debt of the United States during October was \$13,500,000. It is said that Wm. H. Vanderbilt has not attended church for ten years, and Jay Gould not even for a greater length of time. The French ambassador to the Vatican has returned to Paris to await for the French Government to declare its religious policy. Vaccination is being offered gratis in the tenement districts in New York, by the young physicians, appointed by the Health Board of that city. In the recent Prussian elections the Liberals gained six seats from the Radicals, and the Poles lost two seats in Posen. The Democrats were defeated in Frankfort. One of the three coloured members of the Georgia Legislature, Hercules Wilson by name, resigned his seat, having come to the conclusion that there was less money in statesmanship than in laying brick at \$4 and \$5 a day. The term "handkerchief" is not found earlier than the fifteenth century, when in the wardrobe accounts of Edward IV. of England "V dozen handkerchiefs" are named as having been made by one Alec Shapster, to whom a payment had been made. A handkerchief was formerly the square of fine linen employed by women for covering the head. Carlyle's house in Cheyne Walk is still to be let. It has been untenanted since he left it for the last time. Because the philosopher had lived there the rent of his successor was fixed at a rate double that of the neighbouring dwellings, and the selling price was placed at \$25,000. No disciple of the philosopher has been found who is willing to pay double rent for the privilege of living under the roof which sheltered his master. Summerside Exports. SUMMERSIDE, Nov. 3. REID BROS. have purchased a large Invoice of Fine Saxony All-wool Tweeds from a Manufacturer's Agent, whose name we are not permitted to mention, at a great sacrifice to the mill, and we intend giving our patrons the advantage of this purchase. These goods have never in the history of P. E. Island been retailed at less than \$1.40 to \$1.75 a yard, and we now can offer them at \$1.25 a yard, or will make up suits from them to order, with linings worth \$1.10 a yard and other trimmings to match, at the popular price \$16, worth just \$22.50 all over this country. Will produce letters from some of the best men in town and country which must satisfy the most astute that our cutter, Mr. Bruce, and his helps, are equal to the times, and his garments are always neat, strong, perfect-fitting and full-fashioned. Experience has taught us that many persons have been driven away in disgust from houses who are continually advertising goods at extraordinary prices, which they are unable to produce when called for, and to meet this difficulty we ask intending purchasers to call and examine our stock and we are confident that one inspection will satisfy the most skeptical that we never advertise a humbug. 30 dozen Suits, heavy black worsted goods, winter weights, only \$26.00 a suit. 50 do do line quality, \$25.50, worth \$32. 20 do do Scotch Tweeds, fine quality, \$8, worth \$11. 100 pairs Men's Black Worsted Pants, only \$2, worth \$3. 50 pairs very heavy Black Worsted Pants, only \$2.50, worth \$3.50. 100 pairs Men's heavy working Pants, \$1.25, \$1.50, \$2 and up. 20 pairs Island Tweed Pants, our own make, \$2.75 and up.
