## BRITAIN SENDS MORE TROOPS TO PALESTINE

### "QUEEN MARY" STEAMS TOWARDS NEW YORK

### Special Police Called To Protect Jewish Settlers

#### 800 Troops Dispatched From Cairo To Assist In Quelling Jewish-Arab Disorders.

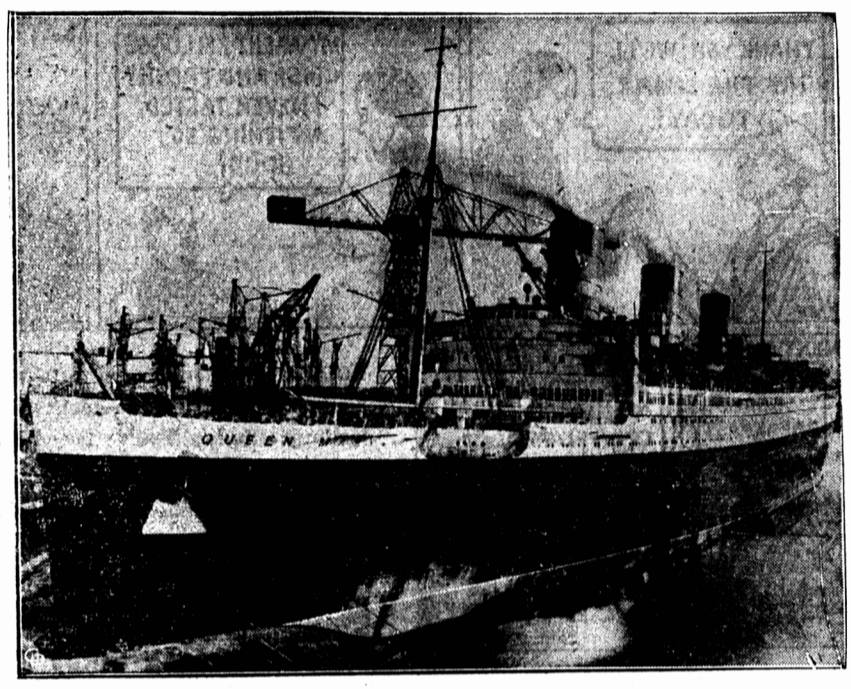

(A. P. By Guardian's Special Wire)  
CAIRO, Egypt, May 27—A force of 800 British troops left Cairo for Palestine today to assist in quelling Jewish-Arab disturbances.  
The latest of many reinforcements sent to the Holy Land was estimated to bring the British strength to approximately 6,000 men in and near Jerusalem.  
JERUSALEM, May 27—Authorities hastily enrolled special police and watchmen to protect outlying Jewish districts tonight from Arab bands, keeping up an intermittent sniping throughout the troubled Holy Land.  
Officials today denied previous reports that British families were evacuated from Jaffa aboard a warship. Earlier, official sources reported a number of British families were moved to the all-Jewish city of Tel Aviv under protection.  
The official casualty list showed: 48 persons, including one European, killed since April 29; 331 persons injured, including 17 Europeans. In addition, 969 Arabs and 275 Jews have been arrested, some of whom were subsequently released.

### GIVEN ROYAL SEND-OFF ON MAIDEN VOYAGE

#### Speculate On Possibility of Breaking Record Set By French Liner "Normandie."

ABOARD THE S. S. QUEEN MARY, May 27.—The stately liner Queen Mary steamed westward tonight on her maiden voyage to the United States.  
With a convoy of planes circling overhead and her path jammed with hundreds of other ships—small by comparison to the gigantic liner—she moved quietly from her dock at Southampton amid the cheers of thousands of spectators.  
Fifty speed boats raced alongside the ponderous liner carrying 2,139 passengers and a crew of 1,200.  
The Queen Mary forged ahead through Cowes Roads, fashionable yachting water, and received salutations from two British warships—the Royal Sovereign and the Reulse—off Portsmouth.

### ON INAUGURAL VOYAGE

R. M. S. "QUEEN MARY" PRIDE OF BRITAIN'S MERCANTILE FLEET

### CORRIDORS CROWDED

Before her departure at 4:34 p. m. the corridors of the luxurious craft were crowded with passengers, visitors and the crew. Officers directed the final preparations calmly as six tugs panted beside her hull in the harbor.  
The Queen Mary called for passengers and mail at Cherbourg, proceeding from there directly to New York.  
The giant liner's 2,139 passengers were confident the vessel would set a record from Bishop's Rock to Ambrose Light, the course over which Atlantic records are computed, but Commodore Sir Edgar Britten was cautious.  
"The question of the record is a difficult one for me," the Queen Mary's Commander said. "The ship has a schedule. We think if we keep to the schedule we shall not break the record."  
"If we happen to keep ahead of schedule, it will be in the ordinary way of business."  
The Queen Mary must better an average speed of 30.35 knots to win the blue ribbon from the French liner Normandie.

### Recover Bodies Of Crash Victims

(C. P. by Guardian's Special Wire)  
AMOS, Que., May 27.—The broken bodies of seven plane crash victims were brought here tonight from the wilds of Lake Rushkometka, 140 miles from this mining centre in northern Quebec. Only five of them were identified. Previously it had been thought only six were in the plane.  
An inquest was opened into the seven deaths immediately and after identifying five of the victims it adjourned until tomorrow.  
The identified dead:  
Pilot W. H. Clark, Que. 33.  
My hand, George Millham, Rouyn, Que., 23.  
Lucien DeGange, 24, prospector of Barraute, Que.  
Roy Hamilton, 25, prospector from Matheson, Ont.  
Dusk settled over the north country as the three planes dived in from Lake Pushkometka where Clarke crashed Sunday. Two of them brought the bodies.

### GALSWORTHY PLAY SCORES BIG SUCCESS

#### First Major Production of Little Theatre Guild Warmly Received.

Last night the Little Theatre Guild of Charlottetown presented its first major production, "The Skin Game" by John Galsworthy under the direction of Mr. Ian Smith. The play was presented in Little Theatre's playhouse before an enthusiastic audience including members and general public.  
Charming and suitable music was supplied by Mr. Harry Gomez and his orchestra and proved a very real factor in the success of the presentation.  
"The Skin Game" from the pen of the famous dramatist and novelist the late John Galsworthy deals with a feud between two families, the Hillcrests, an old family steeped in the traditions of yesterday, landowners since Queen Elizabeth, and squires of the village for generations, and the Hornblowers headed by Mr. Hornblower, a progressive manufacturer and a self-made man. The latter proposes to build factories on a piece of land right in front of the old Hillcrest mansion. A struggle for the land follows and in an interesting and dramatic auction scene the land is sold. This scene is particularly novel and interesting, the bidders at the auction being placed among the audience. The remainder of the play deals with moves and counter-moves made by each family in an effort by the Hillcrest family to discredit the new family socially by means of

### CHANGES IN TRAIN SERVICE ANNOUNCED

MONCTON, N.B., May 27.—Additional changes in train services are announced by the Canadian National Railways, these taking effect Sunday, May 31st next.  
With this change in time, double train service to and from the mainland, daily except Sunday, will be resumed. The morning connection in both directions will remain practically as at present, leaving Charlottetown at 7:30 a. m. In the case of Summerside, the morning connection will be, leave Summerside 7:45 a. m. instead of 11:00 a. m. (Tignish 3:45 a. m.) In the opposite direction, arrival time at Charlottetown is 6:20 p. m., Summerside, 6:10 p. m., the same as at present.  
The afternoon connection will leave Charlottetown at 2:30 p. m. (Summerside 1:45 p. m.), arriving at Sackville at 8:10 p. m., where connection will be made with the Maritime Express for Montreal and points west. In the opposite direction, train will arrive at Charlottetown from the mainland at 9:50 p. m. (Summerside, 9:25 p. m.), leaving Moncton at 3:50 p. m.

### STRIKES AFFECT 17 STATES

NEW YORK, May 27.—Labor leaders estimated more than 46,000 industrial and agricultural workers were participating in strikes which affected 17 states tonight. There were few instances of trouble.  
The situation was intensified at Syracuse, N. Y., by the announcement that Remington-Rand, Inc., manufacturers of typewriters and office equipment, would reopen their plant tomorrow.  
The announcement came after 400 of the 1,700 employees voted to return to work. Strike leaders immediately announced they would organize picket lines.  
Employees of five other Remington-Rand plants in New York, Ohio and Connecticut—estimated by union leaders at 4,300—also were on strike.

### ISLANDERS GRADUATE FROM ACADIA

#### 104 Degrees Conferred At Convocation Exercises Of University Yesterday.

WOLFVILLE, N. S., May 27.—Miss Eida Winnifred Lowther, of Truro, N. S., was awarded the Governor-General's medal for the highest standing for the last three years of the course in arts and sciences at the convocation of Acadia University today.  
One hundred and four degrees, seven certificates and 16 diplomas, in addition to three honorary degrees, were presented by Rev. Dr. F. W. Patterson, President of the university.  
Those receiving honorary degrees were Rev. William Andrew White, a native of Virginia, now pastor of Cornwallis Street Baptist Church, Halifax; Rev. J. A. Glendinning, born in Somerville, Mass., and for years a distinguished Baptist missionary in India, both admitted to the degree of doctor in divinity, and Mrs. Alberta Parker Tretlaw, Boston, Mass., doctor of letters.  
Rev. Mr. White was the only colored chaplain to go overseas with Canadian troops during the Great War, and Mrs. Tretlaw, a native of Liverpool, N. S., was praised for her translation of German scientific articles and books.  
Rev. Dr. J. H. MacDonald, retired professor of theology at Acadia, delivered the address to the graduates.  
Graduates from Prince Edward Island included: Degree of Bachelor in Arts—Horace F. MacEwan, Charlottetown; Robert E. Shaw, Brudenell. Degree of Bachelor in Education and superior first rank diploma—Mary G. Hughes, Charlottetown.

### Senate Committee To Decide Upon B.N.A.A. Changes

#### Danger Factors In Proposed Resolution To Westminster Again Stressed By Senator Meighen.

(C. P. by Guardian's Special Wire)  
OTTAWA, May 27.—The Senate decided today without a division to refer to its banking and commerce committee the proposed joint parliamentary resolution to Westminster for amendment to the British North America Act.  
Senator Raoul Dandurand, Liberal leader, accepted the resolution, proposed by Senator J. J. Donnelly (Cons. South Bruce), and said he had no objection to representatives of provincial governments going before the committee to give their views on constitutional change.  
He said attorneys general of the provinces had approved the resolution in precise terms but that representatives of public bodies and individuals also would be heard by the committee.  
Senator C. E. Tanner (Cons. Halifax) predicted if the people of Nova Scotia were given the opportunity to vote on the resolution it "would be overwhelmingly defeated." He was not content with approval by the provinces or by their legislatures and this important question was one in which citizens of the different provinces should have the right to express their opinion. Had the Nova Scotia government asked the Dominion for indirect taxation? he asked.  
The form and procedure being followed in the present instance was the same pursued in every amendment to the constitution since Confederation, Senator Dandurand declared. There was no danger of consideration might be disrupted by the proposed amendment.  
Provincial delegates to the Dominion-Provincial Conference last fall had agreed on the proposed change. "Can we question the authority of the duly accredited representatives of the Provinces?" Senator Dandurand asked. In 1907, 1915 and 1919 when important changes were made in the constitution there had been no suggestion the expressed consent of the different provincial legislatures should be part of the request to Westminster for changing the act. Senator Dandurand disagreed with an assertion the New Brunswick corporation tax was an ultra vires direct tax and therefore ultra vires the province. It was the wrongful assumption this act would be validated by amendment proposed to the constitution that the Con-

### Two Killed In Car Accident

(C. P. by Guardian's Special Wire)  
YARMOUTH, May 27.—A coroner's jury, inquiring into an automobile accident which took the lives of two persons and injured five others, adjourned to a hospital today to hear the testimony of one of the victims.  
From her cot, Elizabeth Gray told the jury, Charles Higby, driver, was sober at the time and she had "felt the car hit something on the road just before it left the highway."  
A verdict of death by accident with the cause of the accident unknown, was returned. Gerard Goudey, 21, and Mrs. Charles Higgins were the two who died from injuries.

### Liberal Tariff Policy Denounced By Liberal M.P.

#### Protests Against Lowered Duties On Farm Implements And Motor Bus Bodies As Unfair To Canadian Industry.

(C. P. By Guardian's Special Wire)  
OTTAWA, May 27.—A protest against lowering duties on farm implements and motor bus bodies without giving the manufacturers a chance to be heard was made today in the House of Commons by William Macdonald (Lib. Brantford).  
He said the sudden reduction in duties on implements was particularly unfair. The tariff board had made no investigation. A committee of the House had been appointed but had not started its investigation. No tariff should ever be reduced, he said, if the result would be loss of employment and no one knew how implement tariff changes would work.  
"I know the wrong done will be righted immediately if an investigation shows there was a wrong," he said. In future, however, the tariff should be studied before changes were made.

### Seeks One Billion Financing Program For United States

(A. P. By Guardian's Special Wire)  
WASHINGTON, May 27.—Secretary of the Treasury Morgenthau said today he would ask for \$1,000,000,000 of additional cash in the United States mid-June financing program to be announced next Monday.  
This amount, together with \$1,050,000,000 of refunding offerings, will bring the total financing to \$2,050,000,000—one of the largest ever floated in peace time.  
The new borrowing of cash will swell the gross public debt beyond \$32,500,000,000 on the basis of its present level.

### Confirm Expectations

NEW YORK, May 27.—Announcement by Secretary of the Treasury Morgenthau from Washington that the United States government June 15 financing program will involve \$1,000,000,000 in cash generally conformed with expectations in Wall Street.

### Tyrant Of Wrangel Island Executed

MOSCOW, May 27.—K. B. Semenschuk, "tyrant" of Wrangel Island convicted of leading a reign of terror, was shot to death tonight.  
His chief lieutenant, S. P. Startsev, also paid with his life for the killing of Dr. W. R. Wulfsen, member of a Soviet scientific expedition which visited the polar station.  
The former island "dictator" and his assistants were sentenced to death after conviction on a charge of political banditry, an outgrowth of their alleged cruel treatment of eskimos and a secondary charge of murder.

### Any Time is Tea Time

# "SALADA" TEA

(C. P. By Guardian's Special Wire)

Moderate to fresh winds, easterly at first; cloudy with showers.
