Record Number Seeking Election

A record slate of 13 P. E. I. candidates will be in the field in the federal election campaign on Monday, June 18, veteran political observers said here Monday. There is no record of a fourth party candidate offering here before, although third party efforts have been made several times on previous occasions.

There was, for example, a Canadian Farmers Progressive party effort here which attracted several candidates in 1921, and there were three candidates—two in Queens and one in Kings — for the Reconstruction party in 1935.

CCF CANDIDATES

There have been several CCF candidates here in the past, but the party never contested all of the four seats at the same time.

No third party candidate has ever saved his deposit, so far as could be learned. The deposit, which the candidate must make when he nominates officially on or before Nomination Day, which closes at 3 o'clock, Standard Time, this afternoon is now $200. The candidate must poll at least 50 per cent of the votes polled by the winner, or forfeit the deposit.

All candidates had nominated before noon yesterday.

They are Dr. Orville H. Phillips, Alberton, PC; J. George MacKay, Albany, Liberal; Arnold Wood, Cape Wolfe, New Democratic; and Rev. R. J. MacKillop, Summerside, Social Credit, in Prince.

QUEENS CANDIDATES

In Queens, the candidates are Hon. J. Angus MacLean, Lewes, and Heath Macquarrie, Victoria, for the PCs; Allison Gillis, Charlottetown, and Ira Lewis, York, for the Liberals; Leo P. McIsaac, Mermaid, and Wilfred Inman, East Royalty, New Democratic party.

The candidates in Kings are Mrs. Margaret Macdonald, Cardigan, PCs; Thomas J. Kickham, Souris, Liberal; and Thomas Dunphy, Pealess, for the New Democratic party.

New S'side Motel Is Slated For Immediate Construction

SUMMERSIDE — Plans for immediate construction of a new 10 unit motel with provision for future expansion was announced Monday by Charles Linkletter, president of Linkletter Motel Ltd., Summerside.

The new motel will be an addition to the 35 motel units already operated by this company on the west side of Central Street between Market and North Market Streets.

The new units will be separated from the present Linkletter Motel by the Amy Burrows property, and the ten new units will be located on the Hamilton property extending between Market and North Market Streets, which has been purchased by the company for this purpose. A house on this newly acquired property will be torn down to make way for the new motel units.

Plans call for ground level units designed so that a second storey to the motel may be added later.

The new motel will be of brick and concrete construction, similar in design to the present Linkletter Motel.

The new motel will be situated on the extreme west side of a lot 81 x 160, with access from either Market or North Market Streets.

Construction, which is expected to be completed by early fall, will provide a total of 45 motel units in the two buildings that will be operated by the Linkletter Motel Ltd.

The contract for construction has been awarded to M. F. Schurman Co. Ltd. and the architects are Laurie Coles and Associates.

Power Project At Twin Falls Makes Progress

ST. JOHN'S Nfld. (CP)—Hydro-electric power from the big Twin Falls development in Labrador has been flowing into Labrador City for about two weeks, Premier Smallwood said here.

Although the target date for completion of the power project was Friday, one of the two 60,000 - horsepower generators has been in operation since mid - May, and the other was ready this week, Mr. Smallwood said.

The Twin Falls Power Corporation was started on a second stage which will produce an additional 120,000 horsepower of electricity. It is scheduled for completion by the fall of 1963.

ANCIENT CENTRE

One of the world's oldest cities, Mainz in West Germany is celebrating its 2,000th anniversary in 1962.

CONTRACT BRIDGE

♣75

The bidding:

North	East	South	West
1♣	Pass	1♦	Pass
2♦	Pass	4NT	Pass
5♦			

Opening lead—four of clubs.

The suit-preference convention doesn't come up often, but when it does, it can be used with great effect.

For example, look at this deal where South was in five diamonds. South did well to stay out of a slam, considering that his partner had opened the bidding and raised diamonds immediately, but the Blackwood response of five diamonds, showing only one ace, put a quick end to South's ambitions.

West led a singleton club. East had no trouble diagnosing the lead as a singleton, not only because West had led dummy's suit, but also because the four was the lowest club and would not have been led if West had held, say the 7-4 (In that case, West would have opened the seven.)

Declarer played the queen from dummy and on it East played the jack. This was a signal designed to show that East had the ace of spades.

Accordingly, when declarer led a diamond from dummy at trick two, West took the ace and returned a spade. East won it with the ace, led a club, and South went down one.

It will be noted that without the use of the ruffing convention West would have had to guess whether to lead a spade or a heart after he had taken the ace of diamonds. If he had chosen a heart, South would have made the contract.

The convention is easy enough to use. When a ruff is about to take place, the play of an unnecessarily high card indicates an entry in the higher-ranking of the two side suits. (There are always only two suits to consider, since the trump suit and the suit to be ruffed do not count.)

In the same way, the play of a low card indicates an entry in the lower ranking suit. Thus in the present hand, if East had held the ace of hearts instead of the ace of spades, he would have played the two of clubs on the opening lead to guide his partner to the winning line of defence.

S'side Woman Is Fined $25 On Liquor Possession Count

SUMMERSIDE — A Summerside woman, Mrs. Grace Mountain, was fined $25 and costs in police court Monday for possession of intoxicating liquor in a place other than residence.

Police evidence stated that the liquor had been in her possession when police searched the car, but the defendant claimed that it did not belong to her and had been placed in her pocket by a companion when he realized that police were about to conduct a search of the car.

Magistrate R. S. Hinton said, however, that this plea had often been heard in court and that regardless of this the defendant had been "technically in possession of the liquor," and imposed the fine.

A Summerside man, was fined $5 and costs for causing a public nuisance by screeching of car tires. Police evidence stated that the defendant had been charged after a car he was driving had screeched tires on the corner of Hanover and Euston Streets and on the corner of Euston and Water Streets. Defendent said he thought there was something wrong with the gas pedal which had caused the car to speed up and make the noise.

Andrew Armeau, Summerside was fined $10 and costs for speeding. Police evidence said that the defendent was travelling 45 miles per hour on a Summerside street, and defendent pleaded guilty to travelling at 40 mph.

James Murphy, Summerside, on a similar speeding charge, was also fined $10 and costs, and both have an automatic loss of three points as a result of the conviction.

Allan Pinkerton, founder of the detective agency in the U.S. who died in 1884, was born at Glasgow, Scotland.

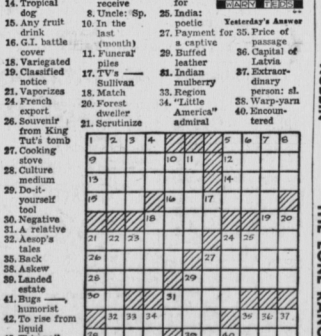
Yesterday's Answer



DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X E
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

DY GUDF LQNOJ R ARY AEFG WDGUWN TW RYKDO QN URAAWN. —OQYMCWOOQL

Yesterday's Cryptoquote: CHANCE IS A WORD VOID OF SENSE; NOTHING CAN EXIST WITHOUT A CAUSE.—VOLTAIRE
