September and on its way in large quantities to the Eastern markets... long-term prospects in comparison with the shorter hours, the glamour, and the pay cheque of industrial life in the great cities.

Personally, and from the standpoint of departmental practice, services, contacts and accomplishments, experienced during the year... Cattle, Hogs & Sheep

The general position with regard to production is favourable. There is an unfortunate trend away from dairying and toward beef production.

improved in butter by at least 2%. New machinery for processing cheese has been arranged for and a new cheddar package will shortly be on the market which it is believed, will meet with great consumer favour.

Potatoes

The effect of a two-year loss on potatoes was indicated in a 30 per cent drop in potato acreage - rather too large a recession. A total of 31,500 acres was divided into 21,000 acres for seed and 10,500 in tablestock.
