

Indian Troops Offer Warm Friendship And Hot Curries

By JACK BRAYLEY
Canadian Press Staff Writer
PORT SAID, Egypt (CP) — A problem for Canadians serving with the United Nations Emergency Force in Egypt is the open hostility and insistent friendliness of their Indian associates.

"They're a great bunch," said a Canadian Service Corps driver, discharging a load of handsome Indian infantrymen.

"But I sure wish they wouldn't ask us to eat their hot food. It nearly burns my insides and I don't like to refuse because I don't want to hurt their feelings."

"Another month here driving these guys around and I won't have a stomach left."

There is evidence of some homesickness among the Canadian group that has been here for more than two months. They asked new arrivals interminable questions about the weather at home, the latest hockey standings and what Canadian girls are wearing this winter.

TO CARRIER

Leading Seaman G. Rowan Ferguson, Hampton, P.E.I. left H.M.C.S. Shearwater by B.O.A.C. aircraft Stratocruiser Jan 18, for Belfast, Ireland where he arrived the next day to join Canada's New aircraft Carrier H.M.C.S. Bonaventure.

He is married to the former Mildred Cadmore. They have two sons, Brian and Kent and a daughter Janice. They will reside in Hampton to await his return, when the Bonaventure will sail to Halifax in Mid-June.

Israeli Premier Wants Gaza Strip As A Buffer

EDITOR'S NOTE: Eric Gottgeir, Associated Press correspondent in Palestine and Israel for 15 years, has obtained an interview giving the current views of Prime Minister David Ben-Gurion on Middle East problems.

By ERIC GOTTGREU
JERUSALEM, Israel (AP) — Prime Minister David Ben-Gurion said Monday the Sinai Peninsula "should be controlled by United Nations forces until Egypt is prepared to sign a peace treaty or a non-aggression pact with Israel."

In an interview he was asked to elaborate on a suggestion made in Parliament last Wednesday for demilitarization of Sinai—the area separating Israel from the fertile areas of Egypt.

"The Sinai Peninsula is a desert," Ben-Gurion said. "It is a natural buffer zone, and the demilitarization of Sinai and its control by UN forces would effect a separation of Israeli and Egyptian forces."

ISRAELI DISAPPOINTED
Of UN Secretary-General Dag Hammarskjöld's report that Israeli forces had failed to comply with an assembly deadline for withdrawal from Egypt, he said: "We are gravely disappointed that his report ignores the basic problem of Egypt's claim that she is entitled, contrary to the charter, to maintain a state of war against Israel, and her desire to restore a state of affairs in which she can resume her murder of Israeli citizens and blockade of Israeli shipping."

Ben-Gurion said the armistice agreement was signed in Hammarskjöld's own words, with a view to promoting the return of permanent peace.

Bitterly, he added: "Colonel Nasser however, turned it into an instrument under whose cover he could wage aggression of limited liability. Peace can thus not be served by the suggestion that this broken and discredited instrument be restored."

NO HOPE FOR PEACE
"Even on such obvious international interest as freedom of shipping through the Gulf, we cannot conceive that world opinion will not ultimately recognize the moral strength of our position."

Q. If military or economic sanctions are imposed, can Israel stand them?
A. We will, as I have said elsewhere, cross that bridge when we come to it. In the meantime, it is our sincere hope that the UN assembly will act to promote peace rather than to increase tensions. I do not need to add that Israel does not take lightly a possible expression of differences between it and the UN. But we also expect that body to act fairly.

S'ide Aces To Play Greenwood Bombers Tonight

The Summerside Aces will play host to the Greenwood Bombers at Civic Stadium tonight. The Bombers are playing in a tri-service league which is classed as Senior "A" so the team should be about the stiffest aggregation the local boys have had to face this season. They are coached by Terry Rogers, a boy well-known in Summerside for his softball and baseball ability in the days when he was stationed at the local airport. It will do the Aces more good than harm to play a first class hockey club as the Bombers are touted to be, and fans attending are likely to see some really fine hockey dished up.

Search For Missing Plane Is Shifted To Northwestern N. S.

MONCTON (CP)—The search for a tri-pacer, single-engine plane missing for six days moved into northwestern Nova Scotia Monday in a catchall check of reports that might lead to discovery of the three men aboard.

R.C.M.P. searchers were reported running down reports in the Springhill Junction area, about 40 miles southeast of here, where residents report they heard a low-flying plane Tuesday night and saw smoke in the woods the following morning.

There was no explanation for the delay in the reports reaching the R.C.M.P.

The plane vanished on a 100-mile flight from Fredericton here late last Tuesday night with Municipal Affairs Minister T. Babbitt Parlee of New Brunswick and civil defence officials Howard Smith and L.C. Russell, all of Moncton.

Meanwhile, ground and air searchers continued their systematic combing of forests in Eastern New Brunswick where a single-engine plane was reported seen flying low the night the tri-pacer disappeared.

An estimated 150 searchers were moving through woods bordering Port Elgin on Baie Verte, in the district near Northumberland Strait separating New Brunswick and Prince Edward Island.

The intensive ground-air search has spread eastward across New Brunswick and into Nova Scotia since the first parties began checking reports Wednesday in the Chipman area, about 30 miles northeast of Fredericton.

Three residents who reported hearing a low-flying plane over their homes in the Havelock area,

Agencies Handle Individual Shipments To The U. S. S. R.

VANCOUVER (CP) — Bibles, dress suits and medicines are sent to the present peace in the Gaza Strip, for the advancement of the local population and for the continued freedom of refugees from the poisonous effect of Egyptian propaganda.

The Gaza Strip, if allowed to develop in a present framework with a suitable relationship with the United Nations, can become a

other countries. Rates for the U.S.S.R. in Europe range from 80 cents for a one-pound parcel to \$5 for 20 pounds. In Asia rates to the U.S.S.R. in Asia range from \$1.15 for a one-pound parcel to \$6.25 for 20 pounds.

In Russia a man gets a prescription from his doctor and mails it to a friend in Vancouver, Mr. Chitrenky said. It is filled in a local drug store and returned to Russia where it is administered by a Soviet doctor.

Expensive drugs are most in demand, but some patent medicines and aspirin are also popular.

OBSCLETE DRUGS
"Sometimes," said Mr. Chitrenky, "the prescription from the Russian doctors called for ingredients which are considered obsolete in Canada. Then the Vancouver druggist substitutes more modern and effective drugs."

Sometimes only a medical description of the patient's ailment is sent. The doctor then buys an assortment of drugs which are used for that ailment in Canada. He is able to get these because drugs on the prescribed list are available without a prescription for shipping out of the country. Eye-glasses are also bought for Russian friends, sometimes by the Vancouver doctor and returned to Russia by a Russian oculist.

Most parcels contain clothing and leather goods, scarce in parts of Russia. Some of the clothing is slightly used.

LIMIT ON TEA
Many parcels are shipped to the former Baltic republics where there seems to be a food shortage. It is plain, substantial food—sugar, cereals, vegetable oils and, curiously enough, a lot of spices. Most parcels contain four ounces of tea, maximum amount that can be sent.

Almost all shipments include four pairs of nylons, maximum allowed, and about every third parcel carries a pair of hairclippers, some of them electric.

"One woman was thanking her husband for a pair of electric clippers," Mr. Chitrenky said. "She said it was a lovely gift, but she had to go to the next village to use it."

Other shipments include materials to make tooth-fillings; tools; tuxedo dress jackets; electric blankets according to an American source; and Canadian cigarettes and tobacco.

Books are popular, especially the Bible.

SUMMERSIDE HIGH SCHOOL USES NEW EQUIPMENT

Participating in an active physical training program, students at Summerside High School are seen above taking turns in using new equipment recently installed in the gymnasium at the Civic Auditorium which is linked to the High School by means of an underground tunnel. The sports and physical training program is under the direction of Charles "Chuck" Monaghan, a Grade 10 teacher at the High School, and includes basketball, volleyball, rope climbing, tumbling, various competitive games and physical exercises. Four of these exercises are illustrated by the photos above which show, from left to right: 1. Bert Brophy on a ring trapeze; 2. Malcolm MacFarlane, Robert Holman and Foch MacNally participating in rope climbing; 3. A forward somersault over a hurdle; 4. And Arnold Driscoll in action on a high bar. Other sports equipment is expected soon which will enable the physical training program to be further extended. (Photos by Wotton).

To Head RCAF Operational Training Unit At S'ide

Air Force Headquarters have announced the appointment of Wing Commander Leonard W. Limpert 42 of Wiarnton Ontario to the position of Officer Commanding the Maritime Operational Training Unit at R.C.A.F. Station Summerside. This position has for the past two years been filled by S-L C.N. Stanley and S-L W. Laferty in acting positions.

W-C Limpert held the position of Officer Commanding flying at the Air Navigation School in 1951-52 when this school operated at Summerside. He returned to Summerside in 1955-56 as a student at the Maritime Operational Training Unit.

Before enlisting in the R.C.A.F. in 1941 W-C Limpert was sales manager for Canada Packers Ltd in Ontario and Nova Scotia.

He received his pilot wings in March of 1941 and trained at the Air Gunnery School in Charlotteville before proceeding overseas in August 1941. During his time overseas the Wing Commander flew flying boats with Coastal Command, his experiences were highlighted by an extensive tour of Northern Russia.

Since the war W-C Limpert has graduated from the R.C.A.F. Staff College, served as Officer Commanding Flying in Summerside and Chief Administration Officer in Penhold, Alberta. Prior to his present transfer he was stationed in Comox, B.C. as operations and training officer.

W-C Limpert is married to the former Elizabeth Murphy of Fairview, Nova Scotia, and has three children, Elaine, Leonard and Stephanie.

The Wing Commander and his family are expected to arrive in Summerside early in March.
