

A TRIBUTE

by Laurie Brinklow, Institute of Island Studies

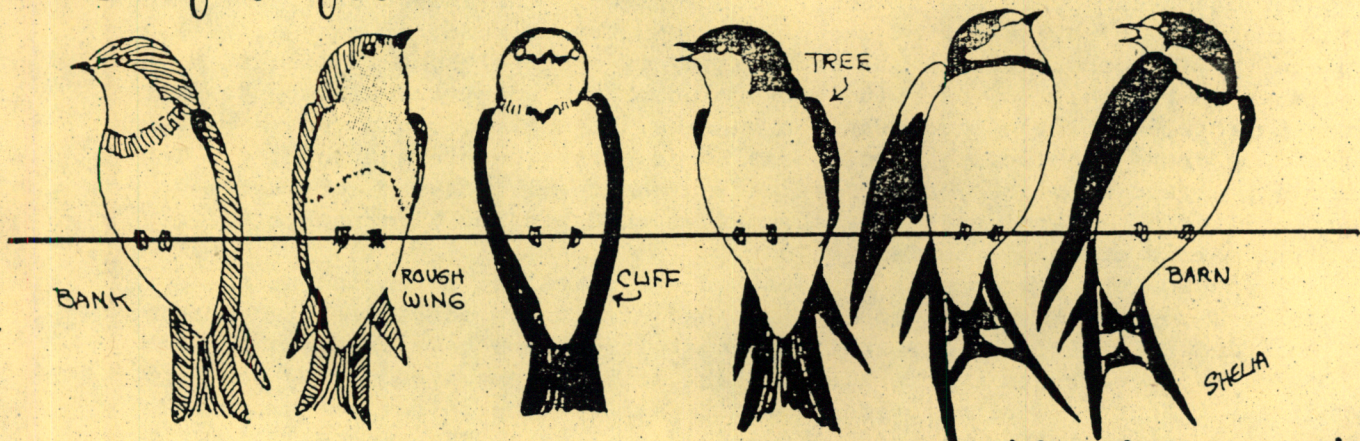

"Through Geoff's Eyes: A Tribute to an Island Naturalist and Gardener" was held Thursday, June 4, at Carrefour de l'Isle-St.-Jean. With funding from Environment Week, the tribute honoured and celebrated well-known Islander Geoff Hogan, who died March 13. The program was a multi-media presentation, produced with the help of Theatre Prince Edward Island and the Institute of Island Studies, and comprised slides of the Island's birdlife and nature scenes, music, reminiscences of close friends and family, as well as selected passages from his journals. The doors opened at 7 p.m. for displays in the foyer, and the performance began at 8 with 300 people in attendance.

SWALLOW IDENTIFICATION
