To the Electors of the Second District of King's County.

GENTLEMEN.—The first act of the present Government on assuming the administration of affairs was to appeal to the Electorate of the Province for an indorsement of the personnel and policy of the Ministry. A programme was then formulated, which received the cordial approval of the people, and to which the Government have faithfully adhered.

On assuming office, the ministry found that the recklessness and extravagance of their immediate predecessors had resulted in imposing upon the Province a large amount of indebtedness. By amalgamating some of the Departments, reducing the salaries of officials, diminishing the cost of legislation and of administration, as well as by improved management in every branch of the public service, the Government have been enabled to remove the legacy of debt bequeathed to them by their opponents, and there is now a considerable surplus in the credit of the Province.

The attention of the Dominion Government has been called to the failure of Canada to carry out the Terms of Confederation with this Province, by providing efficient steam communication, winter and summer, between the island and the mainland. The question is now under the consideration of the Privy Council, and it will be the duty of the Provincial Administration to adopt such measures as shall secure to Prince Edward Island a complete and satisfactory fulfilment of the Terms of Union.

I have the honor to be, Your obedient servant, W. W. SULLIVAN. April 20th, 1882. pres ne ka sp pat li

To the Electors of the City of Charlottetown, Common and Royalty.

GENTLEMEN.—I have been requested by a number of the Electors of this District to offer myself as a candidate for your suffrages at the coming Election for the Local Legislature in opposition to nominees of the present Government, and have accepted the nomination.

The most important question at present affecting your interests, and the interests of the whole Island is that of the proper prosecution of our undebatedly just claim to a share of the Fishery Award. In my opinion the Government have not taken adequate measures to press our demand. If elected I shall use every constitutional means to obtain a proper recognition of our rights on this question.

With regard to the administration of the finances of this Province, my views are that the strictest economy should be practised in every department, but at the same time due regard should be had to the efficiency of all branches of the public services.

Another question which must soon be settled is that of the reduction of the now excessive cost of legislation, and if elected by you, my best efforts will be directed towards effecting such a reform as will best check the lavish expenditure in this respect. Owing to the suddenness with which this Election has been forced upon the country, it will be impossible for me to make a thorough personal canvass of the City and Royalty, and I therefore take this means of asking you for your votes. FRED. PETERS. April 20, 1882.

Irish National Land League.

A well-attended meeting of the Land League was held on Monday evening, at 8 o'clock, in St. Patrick's Hall. M. P. Hogan, Esq., presided. It was stated that the Land League Branches in this Province were represented at the Washington Convention by Mr. John B. Walker. The speech of the Hon. P. A. Collins, delivered at the Convention, was read, in which he said we are here to protect the Land League in its chosen lines, and to pledge ourselves anew and forever to stand by Ireland and her trusted leaders. If, he said, I judge the Irish people right, they seek not vengeance, but justice only. In the days of their power and warlike front they never sought to force their rule upon any nation or people. They merely asked to be allowed to live and toil and prosper in their own way in the land God gave their fathers.

MR. W. D. STEWART has gone to New London, filled with the idea that he is to be Leader of the Opposition.

HIS LORDSHIP BISHOP MCGILLIVRAY, Rev. Dr. O'Brien, and Rev. A. McGillivray, P. P., returned from Halifax to-day.

THE ice is very dangerous. People in Southport think a track should be made for a row boat between the ferry wharves.

HON. W. W. SULLIVAN returned from St. Peter's to-day. He reports the district safe for the Government's candidates.

THE Leader of the Government, the Candidates and other gentlemen, will address the meeting to be held in Market Hall this evening.

MR. JOHN MURPHY, of Newton, lost a valuable mare last week. She was worth \$150—a heavy loss, particularly at the present season.

A CORRESPONDENT writes that the ice at Orwell is very strong. This time last year the "Heather Belle" was making regular trips to Orwell.

HIS LORDSHIP THE BISHOP OF CHARLOTTETOWN, and Rev. Edward P. Murphy of Halifax, are executors of the will of the late Archbishop Hannan.

MR. STEWART went to St. Peter's to meet the Leader of the Government; and, doubtless, exults in the thought that he will be Leader of the Opposition.

A CITY correspondent complains of the abominable state of our sidewalks. These, with many open and rickety hatchways, make it very dangerous for pedestrians.

ON and after the 1st of May, Mr. S. N. EARLE will have a vacancy for two music pupils in his classes. Beginners or advanced pupils taken, but not for a shorter period than six months. ap25 4i

A YOUNG MAN, avowedly an eighty-four pounder, closed a brilliant speech at the Opposition meeting, a few nights ago, by stating that he "would be proud to throw his weight in with the Opposition." He was immediately put on the canvassing committee.

THE snow storm was severe along the railway yesterday. From two to six feet of snow are reported in the cuttings, and trains were run with snow ploughs and extra engines. The Summerside train was detained five hours; the Georgetown train was detained two hours; and the train for Pictou did not reach that place until eleven o'clock last night. The trains are, however, running on time to-day.
