

TELEGRAPHIC NEWS.

SPECIAL DESPATCHES TO THE EXAMINER.

PARLIAMENT OF CANADA.

PROCEEDINGS YESTERDAY.

OTTAWA, Feb. 10.

In the House of Commons yesterday in answer to a question—Hon. Mr. Costigan said that the Government intended to have the electoral lists revised this year.

In his reply to Mr. Laurier, Sir John Thompson said that he expected to be able to-morrow to make a statement as to the cable report that a commercial treaty had been concluded with France.

The free binder twine and corn resolutions stand over for the present by common consent.

On the motion for a second reading of Dr. Weldon's bill to disfranchise electors who have taken bribes, the member for Albert explained its provisions and objects at some length.

Dr. Amyot's bill to make voting compulsory was refused a second reading after a debate.

Mr. Cleveland in a brief speech moved, seconded by Mr. Pope, that it is expedient to place coal oil on the free list.

The Premier, in the absence of the Finance Minister, asked the House to postpone action till the government tariff measure was brought down.

THE MONCTON MURDER CASE

Preliminary Investigation.

MONCTON, Feb. 10.

Mrs. Stevens' examination was continued yesterday. Dr. Mitchell gave evidence expressing the opinion that some of the marks on the child's body were post-mortem and others ante-mortem.

Alice Mowen, dressmaker, who had worked at Mrs. Stevens' late fall, testified to a conversation with Mrs. Stevens about Mabel, in which she appeared very angry. She had a riding whip and said she had shipped Mabel for telling untruths about some handkerchiefs that had been destroyed.

Mrs. Severine White, dressmaker, gave testimony the same as at inquest.

The proceedings were brought to a sudden termination, Sophie Cormier, a former servant at Mrs. Stevens, having fainted when about to be sworn.

The examination will probably conclude to-day.

PANAMA CANAL SWINDLERS

Sentenced to Condign Punishment.

PARIS, Feb. 10.

The Panama sentences have just been delivered. Ferdinand DeLesseps has been sentenced to five years' imprisonment and to pay a fine of 3,000 francs; Charles DeLesseps, five years and a fine of 3,000 francs; Fontaine and Cottu, each two years and a fine of 3,000 francs; Ellis, two years' imprisonment and a fine of 20,000 francs.

The sentences have caused a profound sensation—especially that of Ferdinand DeLesseps. They are found guilty of swindling and breach of trust.

SKATING AT PICTOU.

A Good Race.

PICTOU, Feb. 10.

The Breen Carroll three mile skating race in the rink here last evening was won by Breen. The first mile was finished in 3 min., 7 sec., Carroll having gained a few yards, but during the second mile Breen made up for his loss, and before the last mile was entered upon he had overtaken the Floton man. During the last mile Carroll started in fine style, but was unable to regain his lost ground. Breen won by half a lap in 9 min., 49 sec.

Weather Bulletin.

TORONTO, Feb. 10.—10 a. m.

South easterly to south-westerly winds; cloudy and milder; snow or rain.

JUDGMENT RESERVED.

The case of John Moore, charged with disturbing religious services in St. John's Church, Crapaud, which was up for hearing before R. R. Fitzgerald, J. P., was concluded yesterday. The Magistrate will give judgment on Tuesday.

REUNAWAY.

A horse belonging to Robins' Livery Stable ran away on Kent Street yesterday afternoon, the result being that one of the windows in Cameron's Store was broken and a little son of Mr. Jas. D. Taylor, was knocked down and cut about the head and face. The little fellow was taken into Dr. H. D. Johnson's office, where his injuries were attended to. It is pleasing to hear to-day that the child was not so badly hurt as was at first supposed, and he will soon be all right again.

LOST HIS HAT.

A few days ago a truck man named Fred W. Pearce, residing on Dorchester Street (east), sold a horse and received a portion of the money therefor before handing over the animal. The money received he placed in a box in the front room of his dwelling. During the night some person raised the window and tried to get into the room with a wire. Mr. Pearce thinks that stealing the money which he had placed in the box. When the man was all in through the window a dog which is kept in the house made at the powder and caused him to quickly decamp, leaving his hat behind him in undisturbed possession of the dog. Mr. Pearce says she is unable to recognize the hat.

USE SKODA'S DISCOVERY.

the great blood and nerve remedy.

LETTERS TO THE EDITOR.

The Sewerage Question.

SIR,—I saw in your paper some time ago, that the plans for the sewerage of our city are finished, and that there would be a general meeting of the city to see what was going to be done. I think that would be a highly in proper step to take.

We have put those eight councillors there in confidence to do justice for us; and are they going to take the responsibility off their own shoulders a number of the people would be tenants, and what does the tenant care for the welfare of the freeholder? It is not fair that they should have a vote in this affair.

Who is it that owns the city. Is it not the freeholders? And why call a public meeting of such men as have no interest in our city, like some of our whole-sale merchants that did business in the city, and carried a high head, and got largely into debt and cleared off with full pockets, and left their creditors to mourn the loss,—he was a strong advocate for sewers and wrote in favor of them.

A tenant is like a bird of passage. He can take your house and insure his stock, and, if he is had enough, set fire to your house to get the insurance; and he can move to another house. Are those the men that are to have a voice in saying the sewers are needed, and to put an extra tax on the poor man that owns a small property. I would say no.

The next thing is the expense of the sewers. It is too great for our poor city. Our people are poor and cannot bear such taxation as would be required. It is enough to alarm the people. What? A tank and steam power to pump it out at the end of Pownall wharf? This would cost over a thousand dollars a year. The thing seems to me to be extravagant. Why not allow it to clean itself? Do you know the state of the taxpayers? Have they all paid their taxes for last year? I answer that they have not, and if you tax them one-third more, what will become of us? Do you intend to bring our gray hairs down with sorrow to the grave? But you say the people want work; that if the sewers went on the people would get work. You can say with equal certainty that to set on fire some of our best business houses and destroy them will give the people work. So it would. But, at whose expense? So you can see that giving the people work is one thing, and doing justice is another. But you say the health of the city requires it. I do not believe it. I question whether sewers would improve the health of the city. That would have to be tested. Our city is now in as good health as it has been for these ten years. We have been told that when you get the water you must have the sewers—there will be pools of water along the streets, and these will make it unhealthy. But since we got the water, we find the complaint the other way. People are not so fond of washing water.

You can see that giving the people work is one thing, and doing justice is another. But you say the health of the city requires it. I do not believe it. I question whether sewers would improve the health of the city. That would have to be tested. Our city is now in as good health as it has been for these ten years. We have been told that when you get the water you must have the sewers—there will be pools of water along the streets, and these will make it unhealthy. But since we got the water, we find the complaint the other way. People are not so fond of washing water.

If people would pay more attention to their water closets and have them constructed without digging pits, and use their ashes, and clean them twice a week, you could get along very well. At the same time it is all very well for you to have your plans of the city sewers. You need not act in a hurry. You can use them at any time in the future as well as now. The outlook in this city is not good at present. A dark cloud has passed over our city and has lit on our merchants, and has set them crazy in getting up slaughter sales, and in the whole city—even in other branches—every one trying to underbid the other. Under all these difficulties, you will not be too hasty in pushing the thing too hastily along till you see how things will turn out.

Gentlemen, I had confidence in you when I vote for you, and I hope that I shall have no reason to think otherwise.

CHARLES HEARTZ.

THE NEXT THING IS THE EXPENSE OF THE SEWERS. IT IS TOO GREAT FOR OUR POOR CITY. OUR PEOPLE ARE POOR AND CANNOT BEAR SUCH TAXATION AS WOULD BE REQUIRED. IT IS ENOUGH TO ALARM THE PEOPLE. WHAT? A TANK AND STEAM POWER TO PUMP IT OUT AT THE END OF POWNALL WHARF? THIS WOULD COST OVER A THOUSAND DOLLARS A YEAR. THE THING SEEMS TO ME TO BE EXTRAVAGANT. WHY NOT ALLOW IT TO CLEAN ITSELF? DO YOU KNOW THE STATE OF THE TAXPAYERS? HAVE THEY ALL PAID THEIR TAXES FOR LAST YEAR? I ANSWER THAT THEY HAVE NOT, AND IF YOU TAX THEM ONE-THIRD MORE, WHAT WILL BECOME OF US? DO YOU INTEND TO BRING OUR GRAY HAIRS DOWN WITH SORROW TO THE GRAVE? BUT YOU SAY THE PEOPLE WANT WORK; THAT IF THE SEWERS WENT ON THE PEOPLE WOULD GET WORK. YOU CAN SAY WITH EQUAL CERTAINTY THAT TO SET ON FIRE SOME OF OUR BEST BUSINESS HOUSES AND DESTROY THEM WILL GIVE THE PEOPLE WORK. SO IT WOULD. BUT, AT WHOSE EXPENSE? SO YOU CAN SEE THAT GIVING THE PEOPLE WORK IS ONE THING, AND DOING JUSTICE IS ANOTHER. BUT YOU SAY THE HEALTH OF THE CITY REQUIRES IT. I DO NOT BELIEVE IT. I QUESTION WHETHER SEWERS WOULD IMPROVE THE HEALTH OF THE CITY. THAT WOULD HAVE TO BE TESTED. OUR CITY IS NOW IN AS GOOD HEALTH AS IT HAS BEEN FOR THESE TEN YEARS. WE HAVE BEEN TOLD THAT WHEN YOU GET THE WATER YOU MUST HAVE THE SEWERS—THERE WILL BE POOLS OF WATER ALONG THE STREETS, AND THESE WILL MAKE IT UNHEALTHY. BUT SINCE WE GOT THE WATER, WE FIND THE COMPLAINT THE OTHER WAY. PEOPLE ARE NOT SO FOND OF WASHING WATER.

IF PEOPLE WOULD PAY MORE ATTENTION TO THEIR WATER CLOSETS AND HAVE THEM CONSTRUCTED WITHOUT DIGGING PITS, AND USE THEIR ASHES, AND CLEAN THEM TWICE A WEEK, YOU COULD GET ALONG VERY WELL. AT THE SAME TIME IT IS ALL VERY WELL FOR YOU TO HAVE YOUR PLANS OF THE CITY SEWERS. YOU NEED NOT ACT IN A HURRY. YOU CAN USE THEM AT ANY TIME IN THE FUTURE AS WELL AS NOW. THE OUTLOOK IN THIS CITY IS NOT GOOD AT PRESENT. A DARK CLOUD HAS PASSED OVER OUR CITY AND HAS LIT ON OUR MERCHANTS, AND HAS SET THEM CRAZY IN GETTING UP SLAUGHTER SALES, AND IN THE WHOLE CITY—EVEN IN OTHER BRANCHES—EVERY ONE TRYING TO UNDERBID THE OTHER. UNDER ALL THESE DIFFICULTIES, YOU WILL NOT BE TOO HASTY IN PUSHING THE THING TOO HASTILY ALONG TILL YOU SEE HOW THINGS WILL TURN OUT.

GENTLEMEN, I HAD CONFIDENCE IN YOU WHEN I VOTE FOR YOU, AND I HOPE THAT I SHALL HAVE NO REASON TO THINK OTHERWISE.
