GRAND FESTIVAL DEMONSTRATION

OF THE

SONS OF TEMPERANCE,

UNDER THE AUSPICES OF HIS EXCELLENCY SIR ALEXANDER BANNERMAN, KNIGHT, LIEUTENANT GOVERNOR, &C., &C., &C.

A GENERAL MEETING of the Order of the Sons of Temperance of this Island, will take place, (D. V.) on THURSDAY the 15th day of JULY next. The Sons of Temperance throughout the Island and the neighboring Colonies are respectfully invited to attend.

The following order will be observed :—

At 2 o'clock, p. m., the Sons will meet at the Temperance Hall, and thence proceed, accompanied by their excellent Band, to the beautiful Grounds, surrounding the Government House, the use of which has been kindly granted, for the occasion, by His Excellency Sir Alexander Bannerman—where Tea and other refreshments will be provided.

The proceedings of the day will be enlivened by Instrumental and Vocal Music, of the best and most choice description. A number of the talented members of the Order will be present, whose lively, pertinent and interesting addresses will, it is expected, afford much pleasing as well as useful entertainment, on the important subject of Temperance, and no pains will be spared to render the day one of real happiness and enjoyment.

Tickets of admission to the Tea Tables can be had at the Stores of Messrs. J. J. PIPPY, G. T. HASZARD, W. R. WATSON, H. STAMPER, and of the SECRETARY.

By Order of the Demonstration Committee.
JOHN WM. MORRISON,
Secretary & Treasurer.

July. THOMAS WILLIAMS.

PATENT ARTIFICIAL SLATE, And Unchangeable Metallic Paints: PROOF AGAINST FIRE & WATER!

Manufactured by the Patentee, in Colchester, Nova Scotia.

THE ARTIFICIAL SLATE is the product of a mixture of mineral substances known to be the best non-conductors of heat as well as the most indestructible by the Chemical affinity of whatever the surface of materials covered, into a *Coating of Actual Slate*—*Proof* against FIRE and WATER. Thus the laws of nature are made to accomplish results as surprising as they are useful, by rendering Wooden fabrics as brick to resist fire, and less pervious to moisture, and consequently preventing decay and destruction from corroding influences hitherto supposed unattainable.

The principal ingredients are Alumina, Silica and the Oxides of Iron. The adhesive quality of the latter not only binds and attracts the particles together, but the substance covered also. The longer exposed to the weather the more powerful the attraction, and consequently the harder the *Slate.* As various shades of colour are obtained, Brick buildings may be made impervious to moisture, and the fashionable colours of either *Free Stone* or *Granite.* The oil must be evaporated by the action of the weather before it is *Fire proof,* which will take from nine to twelve months.

The METALLIC PAINTS, *Purple* and *Red,* are offered as *Weather and Water proof solely.* The latter base being Iron, secures them from Galvanic action so fatal to lead and other Paints on *Iron* work—and their chemical combination makes it impossible, that any change can take place from exposure to influence of the action of Salt Water and Sulphureted hydrogen so prevalent in Sea Ports and Tidal Harbours. They surpass all Paints yet discovered in *Cheapness and Durability,* which render them pre-eminently adapted to the covering of all kinds of Iron work, such as *Shipping, Mills, Bridges, Steam Machinery, Railway Cars, and Iron Railing.* The METALLIC PAINTS have been analysed by Professor Hall as most durable.

The following is the Chemical extract from his Certificate :—" As a permanent pigment, this mineral must rank with the most *indestructible* and *unchangeable* bases. For covering Metallic Ware, its composition shows that it is eminently fitted.

(Signed) AUGT. A. HALL, *State Assayer.*"

Directions.—Artificial Slate. Mix the powder with pure Boiled Linseed Oil and a little Spirits Turpentine to the consistency of very thick Paint, and apply with a common Brush, being careful to keep the mixture well stirred while putting it on. One pound will cover ten square feet with two Coats.

If Shingles have been on for years, it will be necessary to sweep off the moss and lint with a stiff broom; two or three coats of this material will make a perfect Slate Roof, proof against Fire and Water.

FREDERICTON, N. B., Nov. 13, 1850.

Mr. J. W. IRISH.

DEAR SIR,—Please send us two more barrels of your Artificial Slate. We have seen some of the good effects of it at the last fire. Some of the Roofs covered with it did not catch at all, and when the walls were burnt some of the roofs came down in one piece, and others were the means of saving the building, especially one roof alongside of the Bank B. N. A., which also was one means of saving the Bank.

Please see that it is on board of the first boat, as it might be neglected and stored.

Your obedient Servants,
STEWART & NEILL.

ST. JOHN, N. B., July 20, 1850.

JOHN ROSS, Esq., *Patentee of the Purple Metallic Iron Paint.*

SIR,—I have just painted a new Ship with your Metallic Iron Paints, and I have much pleasure in stating that I never painted a Ship with so small a quantity of Paint and Oil, and look so well. From its adhesive qualities and the manner it covers the wood, I have no doubt but it will be more durable and much cheaper than any other paint used for such purposes, and would recommend it to the public generally.

Yours, &c.
ROBERT G. MORAN.

ROSS' METALLIC PAINTS.—We have already called public attention to the high estimation in which the Metallic Paints, manufactured by John Ross, Esq., Truro, are held by those who have had occasion to use them. Certificates of a highly satisfactory character in praise of these articles of Provincial manufacture appear elsewhere, in this issue, and from information afforded by parties who have similarly applied them, we can safely endorse the opinions therein contained.—*Halifax Sun.*

☞ These METALLIC PAINTS are mixed and put on like an ordinary paint.

JOHN ROSS, Patentee.

Agents for Prince Edward Island, GEO. T. HASZARD, Queen Square, KENNETH M'KENZIE, Pownal Street.

Charlottetown, Oct. 8, 1851.

AUCTIONS.

TO BE SOLD AT AUCTION, without reserve, on *MONDAY,* the 26th day of July, instant, all the well-known FARMS, with all Improvements, Buildings, Crop, Stock, Implements, Household Furniture, Carpenters' Tools, Blacksmiths' do., being in Lot 19, Prince County, belonging to MR. REUBEN TUPLIN.

The FARMS being on the Main Post Road, between *Townsend's* and *Barret's,* the owner flatters himself, having had practical experience of Agriculture, and the property being so well known, it needs but little comment to recommend it.

TAPELY FARM contains 84 acres of land, under a lease of 999 years, from A. T. Tod, Esq.; 45 to 50 acres are under the highest state of cultivation, the remainder is covered with Firewood and good poles. A good Dwelling-House, Barn, Under and Top Stables for Stock, Granary, Carpenter's Shop, Blacksmith's do., Pigsties, and other Houses, are on the Premises. ALSO, a Brook within a few yards of the House, fit for any Machinery.

HIGHER FARM contains 93 acres, 50 clear and in good cultivation; remainder covered with every kind of valuable Timber, under a Lease from the same gentleman, situated about a gun-shot from the other, and adjoining the well-known Farm of MR. Robert Walker.

The CROP consists of 9 acres of Wheat, 25 do. Oats, 1 do. Barley, half do. Peas, 3½ do Potatoes, 2 do. Turnips, 17½ do. Hay.

The STOCK consists of a good Horse, 7 years old; 1 Mare, 4 years old, in foal by a good Bull; 2 good Milch Cows; 1 excellent Yoke of Oxen, 8 years old; 1 Ox, 4 year old; 2 do., 3 year old; (English breed:) 2 Heifers, 2 years old; 2 do. 1 year old; 11 Ewes, 9 Lambs, 2 Rams (all pure English breed); 9 Pigs.

FARMING UTENSILS—Also a quantity of good Horse-hoes, of every description; Wagon and Harness, a good article; a quantity of sleighs, of every description; 2 good Carts on Wheels; 2 good Ploughs; 1 Grass Scythe; 2 pair Harrows; 1 Cultivator; Threshing Machine; Winnowing do. All good articles, and in good order. Also, Dung Forks, Hoes, Rakes, Hay and Horse Rakes, Horse Hollow, and every kind of Implement of Husbandry.

HOUSEHOLD FURNITURE—Consisting of Bed & Bedding, Tables, Chairs, Clock, Pots and Pans, and all the Kitchen, Dairy, with various other articles, too numerous to mention.

Terms made known the day of Sale.
