1954 Flashback Recalls Feats Of Glen Morrissey

Glen Morrissey of Cherry Valley is the only plowman ever to win the coveted Prince Edward Island plowing Championship on two occasions, Glen won the title in 1952 and 1954.

The day following the plowing match in September, 1954 the Guardian carried the following newspaper story:

"Glen Morrissey of Cherry Valley, the College boy plowman, returned to Dundas yesterday to win the Provincial Plowing Championship and become the first man to win the Island plowing crown on two occasions within recent years.

"The 19-year-old champion who is a son of Mr. and Mrs. John E. Morrissey also won the Provincial Championship in 1952 and was runner-up to Stanley Willis of Cornwall a year ago.

"Douglas MacDonald of Forest Hill was right behind Morrissey for runner-up honors. Another Forest Hill man Douglas Matheson finished third.

"Morrissey yesterday beat out a field of fifteen contestants to win the coveted honor and earn the right to represent Prince Edward Island in the Dominion Plowing Match which will be held in Ontario later this fall.

"The young plowman who is a student at Prince of Wales College, is undecided about competing in the Dominion championships. He believes that he would be forced to lose about two weeks from work in order to compete in the events.

"He lost no time from his studies this fall to compete in the Plowing Match at Dundas. He sat on a tractor only a few times and then did a very limited amount of plowing.

"And it was evident yesterday that the young plowman, with the natural flair for plowing, didn't need too much practice. He produced a near perfect crown, a good furrow and finish to gain the approval of the Judge W. W. Bird."

TURBO-JET CAR

LONDON (AP) — The Gorky Motor Works has produced an experimental turbo-jet automobile which has done more than 125 miles an hour in tests, Moscow Radio said Sunday. The broadcast said that on special roads the model, with its jet engine at the rear, could do more than 300 miles an hour.
