A FINLAYSON. STORMS IN JANUARY.—Director R. F. Stupart gives the following useful information with the weather map for December, used by the Toronto Meteorological Office: "In January during the last 22 years, 1874 to 1895 inclusive, 116 storms have occurred in the Maritime Provinces, or an average of five for each year. Eighty-two of the winds were heavy, and the remaining 34 only moderate. In 89 cases the winds veered through south to west or northwest, and in the remaining 27 backed through north. In 92 cases cold weather, and not infrequently very cold weather, succeeded the gale, and only in 24 cases did it afterwards continue mild. Fifty-two storm centres either came from the northwest or west, 41 from the southwest States or the Gulf of Mexico, 15 from the Atlantic and the remaining 8 from various other points.

Gentlemen of refined taste chew BEAVER tobacco exclusively. It is absolutely pure with a rich flavor. Refuse cheap imitations.

A TRANSFORMATION.—On Saturday and Monday carpenters were employed under the superintendence of Mr. Charles McGregor, in removing two of the three partitions which divided the north side of the third story of the Bank of Nova Scotia building. The removal of the two partitions and the opening of a large door, in the remaining partition provides the P. E. Island Commercial College with two of the finest classrooms within the city. Spacious and airy, they are lighted by not less than seven windows, all of which overlook Queen Square and, in summer, its beautiful gardens and fountain. Principal Hodgson was unable to accommodate the increased numbers that joined his classes after the Xmas holidays, hence the above transformation. The rooms are heated by hot water radiators and lighted for evening classes by incandescent lights. The teachers and students of this institution are greatly pleased with their improved accommodation, and THE EXAMINER extends congratulations. Classes in telegraphy are now being formed, and in the near future classes in navigation will be organized if a sufficient number order.

ENGLISH NIGHT

In the Lecture Room of Zion Church—A Varied and Pleasing Entertainment.

ENGLAND has yet a few friends, i. e., if we may judge by the overflowing audience in Zion Church on "English Night." As the chairman (Rev. Mr. Sutherland) remarked, not even the Scotch mist which prevailed last evening deterred numbers of our good people from coming to the entertainment. The flag of Canada and the Union Jack, emblem of the Union of the Three Kingdoms, were appropriately displayed, and a timely reference to the latter by the chairman drew forth a patriotic response. Misses McLean ably led the way alike in music and in recitations. The programme was exceedingly well rendered, though not exactly in the order published yesterday. Mr. J. R. Davison's strong rendition of the song which sets forth the danger of treading upon the lion's tail was a capital hit, of which an encore was demanded. Mr. Room's solo was enthusiastically received, and the excellent solos of Miss Jean Nash and Mrs. J. M. McLeod were well received by the highly-pleased listeners. The effective bass song of Mr. Fred Heartz was appreciated, for it also was encored. Nor must we forget the part singing by the Misses McIsaac and Campbell, and Messrs. D. A. Bruce and Addison Anderson. It was nicely harmonized and very pleasing. The recitations were all well chosen and given with particular attention ought to be made of the essay on William Shakespeare, read by Miss Maggie Brown. It is well and carefully written and shows that the writer is a young lady of literary taste and ability. Mr. Major Galbraith's cornet solo was skillfully rendered, and was a very pleasing feature of the entertainment. The accompaniments were well played by Miss Fraser.

VALUABLE PROPERTY FOR SALE.—The attention of prospective buyers is directed to the advertisement of Mr. P. H. Beer in another column, offering for sale his private residence and a four tenement house on Fitzroy Street. The house on Kent Street is completely equipped with all the modern conveniences and the property on Fitzroy Street offers a fine chance to investors.

HOCKEY.—A meeting of the Charlottetown Hockey Club will be held to-night in the Y.M.C.A. at 7.15 sharp. All members requested to attend.

LADIES, clean your kid gloves with Josephine Glove Cleaner. It is not a liquid, gives no odor, and can be used while the glove is on the hand. For sale only at W. Reddin's drugstore.

QUEBEC WINTER CARNIVAL.—Preparations are being made on such a scale as to point to the fact that this carnival will, in all respects, far surpass all previous ones, and this statement, coupled with the low fares, should induce a large number of people to visit Quebec. The People's Railway, in this connection, issue return tickets at first-class single fare on the 24th and 25th, good leaving Quebec up to February 5th, and at special fare of \$11.00 from Pictou to Quebec on the 28th and 29th, good leaving Quebec up to February 3rd. Jan 17 ed.

Best races ever held in the city at the Rink to-night.

The government at Lisbon has received advices from Goa, on the Malabar coast of India, that a band of insurgents surprised and slaughtered 100 Portuguese troops a few days ago.
