FRESHNESS
at Down-To-Earth
LOW PRICES**

Right off the farm—right on your table! That's our produce—for our vegetables have that real down-on-the-freshness that means flavorful goodness and vitamin richness. That's because they're rushed to our market daily and placed on sale immediately. Picking your vegetables from our produce counters is the closest thing to picking them at the farm. At our low, low prices—they're nature's biggest food values.
