

A Story that Never Grows Old.

A youth and a maiden low-talking,
He eager, she, shrinking and shy,
A blush on her face as she listens,

The Duke of Brunswick.

"A Duke of Brunswick never dies at home" This German saying, which has almost become a proverb,

What a Small Boy Could Do.

A lad in Boston rather small for his age, works in an office as errand boy for four gentlemen who do business there.

"You will never amount to much, you can never do much, you are too small."

The little fellow looked at them. "Well," said he, "as small as I am, I can do something that neither of you can do."

"Ah, what is that?" said they. "I don't know as I ought to tell you," he replied.

But they were anxious to know, and urged him to tell what he could do that neither of them were able to do.

"I can keep from swearing," said the little fellow.

There were some blushes on four faces, and there seemed to be no anxiety for further information.

How Not To Forget.

Washington has a "teacher of memory" who says: "In a few lessons I enable one to memorize the most difficult things without an effort."

"Ob, it's a matter of association according to a system I have worked upon for twenty-five years. It is all based upon the alphabet and numbers. I take persons, and in a few hours get them so that they can repeat or reproduce a long poem which I have read to them twice, or, at most, three times. They can repeat it backward or forward, or give you any line you call for by number. I had a boy about twelve years old who, after learning the system, went to hear Beecher and Cook lecture and afterwards repeated the lecture to an audience without having taken a note. He repeated Beecher's lecture at the young men's christian association rooms on New York avenue. Of course, he did not give every word the lecturer used, but he covered every point in its regular order, just as the speaker had done, curtailing it sufficiently to be able to give in half an hour what it took an hour to deliver originally."

"Do many come to you to have their faculties cultivated?"

"Yes, a great many. Some students, reporters—more particularly official reporters of the senate and house—lawyers and preachers. Preachers and lawyers particularly; the former to acquire an aptness in memorizing their sermons, and the latter to memorize authorities and dates. Orators also who memorize their speeches."

"Then there is another class, the department clerks and persons preparing for civil service examinations. Before going in for an examination many of them come to me to learn to memorize dates and events, location of rivers, historical, statistical and practical facts."

"I had a navy officer here not long ago who was preparing for an examination for promotion and perfected himself in the system so that he could without difficulty remember anything he desired."

"There is an old lady, between 70 and 80 years old, who, with her daughter, has taken instructions, and she says she finds no difficulty in remembering and repeating what she reads. She says she can take two poems she has had read and repeat them alternately a line from each."—Washington Star.

Young Men—Read This.

PARSONS' PURGATIVE PILLS MAKE NEW, RICH BLOOD. MAKE HENS LAY CHICKEN CHOLERA.

MORRIS & IRELAND'S

NEW IMPROVED PATENT EIGHT-FLANGE FIRE-PROOF SAFE.

THE only Eight-Flange Safe in the world, and containing more improvements than ANY SAFE made, such as:

1st. THE PATENT INSIDE BOLT WORK, which is placing the bolt work with the whole of the filling (six inches) between it and the outside, that is, as far from the fire and thief as it can be.

2nd. THE PATENT HINGED CAP—the back plate of the door being on hinges, enabling the owner, by turning a thumbscrew, to have easy access to the lock and bolt-work. He can thus easily change the lock, clean, oil, and keep the bolt-work in good order.

3rd. IRON INSIDE LINING, stronger than wood, and which retains the moisture in the filling for an indefinite time. Wood is thicker and weaker, and after a few years absorbs the moisture and "requires filling over again."

4th. FOUR-WHEEL COMBINATION LOCKS, the simplest, strongest, most efficient and easiest to change of any in use.

5th. SOLID ANGLE IRON FRONTS, BACKS AND CORNERS, which prevents warping or injury to safe from falling, or falling walls or timbers.

6th. EIGHT FLANGES—the most important improvement ever made in fire-proof safes, providing eight laps, thus preventing the passage of heat, it having to pass over twelve inches, no injury arises from this source, as in other safes containing one, two or three flanges.

THESE SAFES have stood the test of years, and the greatest fires in this continent, and have the CHAMPION RECORD in the Boston, Chicago and Haverhill Fires.

We are selling these safes as low as any good safe, and are disposing of large numbers throughout the Dominion.

BANK WORK AND VAULT DOORS are specialties of our firm. For prices, testimonials and information, apply to:

JOSEPH JACOBS, GENERAL AGENT. MORRIS & IRELAND, 64 Sudbury St., Boston Mass.

Special examinations and interesting information. Specimen copy of the Scientific American sent free. Address MUNN & CO., SCIENTIFIC AMERICAN Office, 371 Broadway, New York.

MRS. SOPHIA POTTER'S Bone Rheumatic Liniment

It is a fact worth knowing that Mrs. Sophia Potter's Bone Rheumatic Liniment cannot be excelled for removing pain and soreness. It is no worthless trash, as some may suppose, simply because it has been imposed upon by others but is positively the "King of Pain." Sore throat cannot stand before its power.

All we ask is a trial that you may be convinced of the truth of our statement. Our experience is that one bottle tried also sells many more.

See circular for particulars and testimonials, and try a bottle—it will not fail to do all that is promised.

R. V. BARKER, St. John, Wholesale Agent. W. B. WATSON, Charlottetown, P. E. I. J. A. CROSSMAN, Middleton, Lot 27.
