Ontario Voting Today

4 Quebecers Charged

Two Were Members Of Former Cabinet

TORONTO (CP)—After absorbing a month campaign against Ontario's election, Man decide today whether to continue the 29-year-old tenure of the Progressive Conservatives or to choose between two other parties.

Some 1,429,211 voters — up 200,000 from the last election in 1958 — were eligible to cast ballots in 108 constituencies. However, advance indications were that vote might be relatively light.

A total of 337 candidates was seeking the record number of seats in the legislature—raised since the last election by the addition of 10 new seats in Metropolitan areas.

Premier John Roberts' Progressive Conservatives led by John Wintermeyer's Liberals had supporters running in every riding. The New Democratic Party had 97, Social Credit three, a breakaway group called Social Credit Action six and the Communists 6. There were nine independents.

REQUIREMENTS SEVERE

The 46-year-old premier, entering his first election since he became party leader 2 1/2 years ago, was seeking to improve on the 62 seats he had at his disposal, secured after his election in 1958.

Mr. Wintermeyer, who had 24 seats, faced a do-or-die prospect. He has already run one unsuccessful election.

Donald C. MacDonald's NDP group had only five seats at dissolution. There were seven vacancies.

The day before the voting was quiet after a final Friday Monday in Annapolis East, Dale A. Young in Annapolis West, Lloyd Ayer in Cumberland East, Louis Becher, a 1960 candidate, in Digby, George Turner in Kings North and Angus B. MacGillivray in Yarmouth, where he is town solicitor.

Four women are in the running, including the only woman member of the last House, Mrs. Gladys Porter, former mayor of Kentville. She re-offered in Kings North for the Progressive Conservatives in 1962.

The others are Liberal Mrs. Joyce F. Davison, Bridgewater business woman, in Lunenburg West, and NDP nominees Mrs. Peggy Brown in Halifax North and Mrs. Helen Wright in Colchester. (Continued on page 2 col. 2)

4 Quebecers Charged

Two Were Members Of Former Cabinet

QUEBEC (CP)—Two former Union Nationale cabinet ministers, a legislative councillor and a former high-ranking civil servant were charged Tuesday with defrauding the province of Quebec.

The fraud charges were laid against Joseph-Damase Babin, 63, former colonization minister; Antonio Talbot, 62, former highways minister; Gerardo Martineau, 81, legislative councillor and former treasurer of the Union Nationale party; and Alfred Hardy, former director of government purchasing services.

A charge of conspiracy to defraud the province was laid against Arthur Bouchard, a Quebec city businessman.

The charges arise from findings of a royal commission headed by Mr. Justice Elie Salvas of Quebec Superior Court, which investigated purchasing practices of the Union Nationale administration during the period July 1 to June 30, 1962. Summons ordering the accused to appear in court Friday were signed by Chief Justice Thomas Tremblay of the Court of Sessions.

SPY IN LEGISLATURE

Both Babin and Martineau sit in the Quebec legislature. Talbot has been member of the Legislative Assembly for Charlevoix since 1958 and Martineau has been a member of the Legislative Council, Canada's only provincial upper house, since 1955.

Babin retired from politics prior to the 1962 provincial election. He had represented Dorchester in the assembly since 1955.

The charges involve a total of \$399,000.

Begin faces 11 counts of fraud involving \$85,000. Talbot 13 counts involving \$47,000; Martineau 27 counts involving \$56,000; and Hardy 24 counts involving \$29,000.

Bouchard is charged on one count of conspiracy involving \$82,000.

The Union Nationale government was defeated by the Liberals in the June, 1960, provincial election. The Salvas royal commission was appointed later the same year.

The Liberal government last July 4 the Salvas commission described "one of the most flagrant practices by the previous government between 1955 and 1960 in the province of Quebec."

PAID COMMISSIONS

Babin found a system had existed by which phony commissions on sales of government property were paid to persons, usually party supporters or government officials, designated by members of the cabinet.

He also met with Foreign Minister Most Slim of Tunisia to remain at the UN until the trade talks with a Japanese ministerial delegation. He plans to remain at the UN until the end of the assembly's general debate, possibly at the end of next week, and will come back to the UN for specific debate during the remainder of the fall session.

Before leaving Tuesday the external affairs minister had a number of meetings, including his third here with Japanese Foreign Minister Masayoshi Ohira preparatory to the trade talks.

He also met with Foreign Minister Most Slim of Tunisia and Mrs. Vijaya Lakshmi Pandit, leader of the India delegation, both of whom he discussed with Monday—and with President Kennedy.

106 Candidates Named For Nova Scotia Election

HALIFAX (CP)—A flurry of six last-minute candidates for the Nova Scotia election, announced official nomination proceedings Tuesday for the Oct. 8 Nova Scotia election. All told 106 candidates are entered for 42 legislature seats.

Progressive Conservatives under Premier Robert Stanfield named a full slate of 43 as did the opposition Liberals under Earl Urquhart. The NDP nominated 23, headed by House Leader Michael MacDonald.

The Social Credit party, although active federally in Nova Scotia, has never entered a provincial contest and has no candidates this time. No independents appeared.

The number of candidates is 15 fewer than in the last election in 1960. That year the CCF, now replaced by the NDP, ran 30 nominees and there was one independent.

The 1960 result was 27 Conservative Liberals, 15 Liberals and one CCF member. At dissolution the party standing in the House was unchanged except for one vacancy caused by appointment of a Conservative member to a county court judgeship.

SEKS THIRD TERM

Mr. Stanfield's office is seeking a third term in government in Annapolis East, Dale A. Young in Annapolis West, Lloyd Ayer in Cumberland East, Louis Becher, a 1960 candidate, in Digby, George Turner in Kings North and Angus B. MacGillivray in Yarmouth, where he is town solicitor.

Four women are in the running, including the only woman member of the last House, Mrs. Gladys Porter, former mayor of Kentville. She re-offered in Kings North for the Progressive Conservatives in 1962.

The others are Liberal Mrs. Joyce F. Davison, Bridgewater business woman, in Lunenburg West, and NDP nominees Mrs. Peggy Brown in Halifax North and Mrs. Helen Wright in Colchester. (Continued on page 2 col. 2)

Kennedy Pleased By Treaty Okay

WASHINGTON (AP)—The U.S. Senate voted overwhelmingly Tuesday to approve the historic treaty banning all but underground nuclear tests.

Giving President Kennedy the "aye" vote he asked, the senators lined up 80 to 19 in favor of the pact.

The only absentee, ailing Senator Clair Engle (Dem., Calif.) was listed as supporting the treaty.

Kennedy issued a statement expressing his pleasure at the winning margin. He commended leaders of both parties and chairman J. W. Fulbright (Dem., Ark.) of the Senate foreign relations committee for their "painstaking work" in bringing the treaty "to this highly satisfactory vote."

"The wide support of the senators from both parties given to the treaty after a conservative and wide ranging debate is evidence of the confidence that the people of the United States and Canada have in the treaty," Kennedy said.

STEMS OPPOSITION

There never had been any serious doubts about the treaty, but nearly two weeks ago, as one opposition to the pact appeared to be the Indonesian foreign minister, who had sought to stem it with these words:

Police headed off the uninvited as they ambled past the U.S. Embassy. Youth and the law clashed briefly. The cops handed the strippers but later dismissed them without charges.

Western Diplomats Swoop To Save Secret Documents

JAKARTA, Indonesia (Reuters)—Western ambassadors and diplomats carried out a pre-arranged "raid" on the vault of the fire-ravaged British Embassy Tuesday to transfer its secret documents to the United States Embassy's strong room.

Indonesia riot police have been controlling the building since it was sacked and burned last Wednesday by furious mobs protesting the Malaysia federation. British Ambassador Andrew Gilchrist had to come to the Indonesian foreign office before transferring the documents.

British officials have been standing guard duty at the embassy's fire-ravaged concrete-and-steel vault since catching wind of Indonesian government workers Monday in the act of trying to crack it open.

"Usually reliable sources also say the British foreign office has been informed by the American embassy about rumors of possible attempts on the lives of Britons remaining in Indonesia."

BUZZ AIRPORT

Tuesday two Indonesian air force MiG-21 jet fighters buzzed the airport terminal here where British men, women and children were being evacuated to Singapore.

Meantime President Sukarno said in a speech broadcast by Radio Jakarta his country would enter "short-term" economic difficulties because he has broken economic and diplomatic relations with Malaysia.
