Chinese Pour Fresh Troops Into Offensive

Annual Meeting Yesterday Of PEI Credit Union League Ltd

An increase in Credit Union savings in the Province of approximately \$98,000 was reported yesterday by retiring President Louis McGuire at the sixteenth annual meeting of the P. E. I. Credit Union League Limited. This increase is considerably larger than last year's. Mr. McGuire stated, "I doubt very much if it nearly represents what the credit union people of Prince Edward Island could have saved had they really tried. As usual, only a few credit unions shared in the greater portion of this increased savings."

Coming Events

- Dance Iona East school, Friday, July 17.
- Dance, Howe's Hall, Brackley Beach, Friday night.
- Reserve Wednesday, July 15th for grand Carnival at Borden.
- Dance, Cardross School Wednesday night, July 15th.
- Rollo Bay Tea, Wednesday, July 22nd.
- Corran Ban picnic, Wednesday, July 22nd.
- Dance Lake Verde School, Thursday, July 16th.
- Ice Cream Social Alexandra School, Thursday, July 16th.
- Kelly's Cross Parish Picnic, Wednesday, July 15th.
- Booking orders now for baling hay, Robert Dodds, Harrington.
- Dance in Millview hall every Friday.
- Pantry Sale Tupper Taylor Store, Wednesday afternoon, in Aid W. I.
- North Tryon Presbyterian Church Picnic on grounds, Wednesday, July 15th.
- Can handle few hundred bags food Seabags, Phone or call Island Co-op Services, Phone 5573.
- Dance in Vernon Hall, Thursday, July 16, in aid of the Bel-Ast Home Association.
- Barn Dance at Cliff Peters' Rollo Bay, Wednesday, July 15th, 9:30 to 1.
- Concert and dance, Bonshaw Inn, Friday, July 17, 8:30. Music by Pine Tree Boys.
- Dance in Afton Hall, Wednesday, July 15th. Sale of lunches, in aid of Hall.
- All taxes due Sinnott Road School not paid by July 31, will be handed in for collection. By order Trustees.

- Come to the Ice Cream Social and Dance in Emerald School, Friday, July 17th. Lunches served, 3:00 music.
- Farmers: Get your spraying material at J. R. Driscoll's feed mill, Mt. Herbert; also buy baled by appointment.
- Don't miss ice cream social and outdoor dance in North Wiltshire tonight. Music by Dolron Bros.
- Pantry Sale at S. A. MacDonald's, Saturday July 18th, at 3 P. M. Sponsored by the Ladies' Aid of Breadalbane United Church.
- Master Feeds—another car arriving H. B. Willis, Inc. Kensington. For complete line phone Kensington 18-2. Feeders who keep records use Master.
- Ice cream festival, Dennis Carey's lawn, Earnsccliffe, Wednesday, July 15. Enjoy the Lads and Lassies Pipe Band concert, bingo and dancing. Beginning 6 p.m. Proceeds C.W.L.

Gallant, Charlottetown. Directors appointed for another year were Queens County, Joseph Fisher, Scotchfort, Kings County, Rev. L. J. Ayres, St. Charles, Prince County, Cyrus Poirier, Summerside.

The retiring president stressed the need of a definite promotional program. The movement, he said, has been the foundation of an improved economy, and every effort should be made to spread it among those who have not yet benefited, and to arouse new interest in the present membership. This could only be done through a thorough publicity campaign.

He reported that the Cuna Mutual Insurance Society had met with great success during the year and had passed its first billion dollars in coverage. There is now over a million and a half coverage in this Province.

While there has been no further reduction in the Government grant to the League, the president said members were hoping to see this grant restored to the original amount.

Reference was made to the past.

Believe Explosion Caused Crash

HONOLULU, (AP)—Searchers said Tuesday that a violent explosion aboard a Transocean Airliner four-engine plane apparently plunged its 58 occupants to sudden death Saturday night in the Pacific 350 miles east of Wake Island. The plane had not burned.

The crew of the navy transport Barrett deduced the explosion from such evidence as:

None of the bodies recovered wore a life jacket.

The bodies and debris were spread over a wide area.

Only one of the plane's five life rafts was inflated. Some were torn into remnants.

Reports On Conditions In East Germany

MONTREAL, (CP)—A young German business man said Tuesday the grain fields of East Germany are filled with weeds and the horses so thin "you can hang your hat on their ribs."

Joachim Frencke, 26, who emigrated from Berlin 15 days before the June 17 riots, said in an interview that Germans in the thick of the fighting in the Russian Zone are past caring. "All they say now is 'what more can happen to us.'"

Mr. Frencke, formerly a buyer for a German firm, said the terrible thing about the demonstrations is that youths of 15 and 16 run in the streets yelling and throwing stones. Then there are shots and more deaths.

"The night the rioting started a friend of mine saw two boys of 14 and 15 shot dead in the streets by Russian soldiers," he said.

Conditions in Western Germany were unsatisfactory in some respects, but "we are infinitely better off than those in the Russian Zone."

Wages were higher than before the war, but taxes as well were higher. Lumber cost four times as much, and clothing twice as much as in 1939.

Candidates For Federal Election Reaches 757

By THE CANADIAN PRESS
The number of candidates for the Aug. 10 Dominion election reached 757 Tuesday. It is shown in an unofficial compilation by The Canadian Press.

When official nominations close Monday, July 27, in 242 of the country's 283 constituencies, the total may surpass the record of 954 set in 1945. The number now is only 91 short of the 1949 total of 843.

Two constituencies—Queens in Prince Edward Island, and Halifax—have two members each, bringing to 285 the number to be elected across the country. There were 262 seats at stake in 1949 and 245 in 1945.

4 South Korean Divisions Reel Back For Miles

By GEORGE A. McARTHUR
SEOUL, (AP)—Chinese Communists poured fresh troops from eight divisions into a roaring offensive along a 20-mile stretch of the rain-drenched east-central front today.

Four hard-hit South Korean divisions and attached American artillery and advisory units reeled back for miles under the Red blows.

More than 100,000 Chinese and South Korean soldiers were locked for a second day in the biggest Korean battle in two years.

Bad weather hindered Allied support at a time when it was needed most urgently.

Outcome Not Clear

The outcome of the feverish fighting was still not clear. Red spearheads knifed at least four miles into the flanks of Allied lines along the Kumung bulge.

The entire northward bulge of the Allied line between Kumhwa and the winding Pukhan River was endangered by the Communist penetrations on the flanks, front reports said.

Soldiers of the Republic of Korea's capital 6th 8th and 3rd divisions fought valiantly to stem the Red tide. All were battle-tested, but even the best could not

Hungry East Germans Rush To Obtain Food

BERLIN, (AP)—A go-getter Western major cut red tape and fed thousands of hungry East Germans Tuesday in a heart-warming demonstration of practical food relief on Berlin's Iron Curtain border.

Communist propagandists let out a roar of rage at the act. The Soviet zone news agency ADN denounced it as "an American propaganda trick."

While the United States and the Bonn republic were still discussing ways and means of getting 2,500,000 pounds of free American food to the stricken Soviet zone, Willy Kressman went into action.

As mayor of the American sector borough of Kreuzberg, he opened a relief market at 9 a.m. in Oranienplatz facing the police-guarded frontier of Soviet East Berlin.

By collecting private donations and drawing on borough charitable funds, he stocked the market with milk and fruits for sale to East Germans at less than a fifth their normal price.

5,000 Customers

Five thousand East Germans swarmed past the Communist police posts to gather up 1,820 quarts of milk, 2,200 pounds of cherries, and 110 oranges before the market closed at 7 p.m.

Kressman announced it would

True Bill Found Yesterday By Grand Jury On Murder Charge

True bills were brought in by the Grand Jury at the July King's County assizes which commenced at Georgetown yesterday, respecting the murder of his father, Harris L. Arnold, also of Bristol, and Russell Brown, Dingwells Mills, charged with wounding Allen Blaisdell of Dingwells Mills.

The assizes are presided over by Justice Mark R. MacGuligan, appearing for the crown are Mr. J. C. Campbell, deputy attorney general, and Mr. S. S. Hessian, Q.C., crown prosecutor for King's County. Mr. R. Bell, Q.C., is appearing for Ezra Arnold, and Mr. Lester P. O'Donnell for Russell Brown.

In the Queen vs Russell Brown case, the accused pleaded guilty, and Mr. Campbell moved that sentence be passed. The accused MacGuligan to two years in Dorchester Penitentiary.

One civil jury case is docketed, that of Frederick H. Currie vs Louis MacKenzie. Damages, Mr. G. R. Foster appearing for Mr. Currie, and J. A. MacDonald, Q.C., appearing for Mr. MacKenzie.

The appeal of John H. Raffuse, Elliotville, charged with possession of wash under the Excise Act was

Huron Now En Route To Japanese Port

OTTAWA, (CP)—The Canadian destroyer Huron, reported Monday as having been damaged in a grounding off the Communist Korean northeast coast is headed for a Japanese port under her own steam, navy headquarters said Tuesday.

Reports reaching here said the Huron is proceeding at five knots and is expected to reach port July 18. There were no details of the grounding except that the Huron ran aground in fog.

A spokesman said there are no plans for replacing the destroyer, one of three Canadian destroyers serving in the theatre, until the extent of damage is determined and it is known how long it will take to put the ship back in service.

A Tokyo dispatch Tuesday, said the ship's hull below the water line was crushed and a large section was twisted out of the forward section. There were no casualties.

Veteran Historian Seriously Burned

GUILDFOOT, England, (AP)—Hilare Belloc, 82, essayist, historian and political economist, was in serious condition Tuesday after being burned extensively about the body when he fell into a fireplace at his home. Attached at Mount Alvernia hospital said he stumbled into the fireplace Sunday night while walking about his study at his home near Horsham.

The children presumably suffocated in their sleep as flames, possibly from an overheated stove, swept through the cottage while their anguished parents watched.

Mr. and Mrs. Donald MacRae, of Mount Dennis, a Toronto suburb, drove five miles to Maynooth to buy supplies, leaving Bernice in charge. During their absence, police believe, she started a fire to take the damp and chill off the cottage.

When the MacRaes got home, the cottage was on fire. Mr. MacRae broke the window in the children's bedroom with his fist but was driven back by flames.

The blaze earlier aroused Verna Zammit, 15, also from Mount Dennis, sleeping in an adjoining cabin. She was burned about the hand trying to open the door.

Four Children Perish In Cottage Fire

BANCROFT, Ont. (CP)—Four children perished in a summer cottage fire Monday night at Horseshoe Lake, 15 miles north of here.

Dead are: Mary Bernice MacRae, 14, her sister, Donna, 8, and brother, Donald, nine months, and Norman Cheeseman a young guest.

The children presumably suffocated in their sleep as flames, possibly from an overheated stove, swept through the cottage while their anguished parents watched.

Mr. and Mrs. Donald MacRae, of Mount Dennis, a Toronto suburb, drove five miles to Maynooth to buy supplies, leaving Bernice in charge. During their absence, police believe, she started a fire to take the damp and chill off the cottage.

When the MacRaes got home, the cottage was on fire. Mr. MacRae broke the window in the children's bedroom with his fist but was driven back by flames.

The blaze earlier aroused Verna Zammit, 15, also from Mount Dennis, sleeping in an adjoining cabin. She was burned about the hand trying to open the door.

The MacRaes, who own the two cabins, had invited several neighbors' children in Mount Dennis to spend a holiday at the lake.

Bancroft is about 40 miles north-east of Peterborough.

No Trace Of Missing Hunters

GASPE, Que. (CP)—Land and air search in Gaspere forests Tuesday failed to turn up any sign of three United States hunters missing more than a month.

The hunters, Eugene H. Lindsey, 47, his son, Robert, 17, and Albert Clark, 20, all of Hollidaysburg, Pa., entered the forest about June 12 to hunt bear. They were to have been away 10 to 15 days.

The truck, with most of their equipment and provisions was found Friday on an old logging company road along the St. Jean River, about 60 miles west of here.

Searchers retained hope of finding the missing hunters.

Foreign Ministers Issue Statement As Talks End

WASHINGTON, (AP)—The Big Three foreign ministers Tuesday night proposed a meeting "in the early autumn" with Russia's foreign Minister Vyacheslav Molotov.

Ending their five-day conference, they issued a final communique saying the meeting with Russia should consider "the first steps which should lead to a satisfactory solution of the German problem" and conclusion of an overdue Austrian peace settlement.

Warning To China

In an earlier statement on Far Eastern affairs, they joined in warning Red China that their governments would fight once more if Communist forces "should renew their aggression in Korea after an armistice."

The United States, British and French leaders also declared they would support existing common policies indefinitely toward Communist China even after a Korean cease-fire.

An American spokesman said this means continued opposition to admission of Communist China into the UN and tight controls on strategic shipments to the Communist mainland until these moves are changed through consultation.

The three-power statement outlining their Far East decisions warned the Chinese Communist government against launching any new aggression "in any other part of Asia" after a Korean cease-fire.

Support Truce Efforts

The communique also pledged strong support to the United Nations truce efforts in Korea and promised to work for reunification of that divided country by peaceful means after-ward.

The communique also promised support to France and loyal Indo-Chinese forces in their bitter, seven-year-old war against the Communist-led rebels in Indo-China.

Bidault Worried

French Foreign Minister Georges Bidault is reported to have told state secretary John Foster Dulles and Britain's acting foreign minister, the Marquess of Salisbury, that he is worried

Potato Rates, Grade Crossings Before Transport Commission

Strenuous opposition to any proposed plan of freight rate equalization which would make obtaining Canadian markets for the potato industry of this Province more difficult was voiced yesterday by Mr. Donald A. MacDonald.

The speaker was presenting the views of the industry in a brief before the Board of Transport Commissioners who were holding a hearing here dealing with equalization of rates across Canada, AS chairman of the P. E. I. Potato Marketing Board, Mr. MacDonald read the brief which was also signed by Mr. A. M. Pugh, Chairman of the New Brunswick Potato Marketing Board.

The brief, which appears in full elsewhere in The Guardian, stated that those who planned Confederation did so to build a country wherein all would enjoy an equality of economic opportunity. But it noted that the trade barriers broken down at that time had been replaced by a "freight rate structure which just as effectively tends to strangle our very exist-

ence".

Mr. MacDonald stressed also the objection of shippers to paying special charges for the use of refrigerator cars.

Others appearing but not taking part in the proceedings, included Mr. Leonard J. Knowles, freight rate expert for the Board of Transport Commissioners; Mr. G. A. Scott, Director of the Bureau of Transportation Economics, Ottawa, and Mr. C. L. McCoy, Freight Traffic Manager, C. N. R., Montreal.

Also present in the Supreme Court room yesterday were Hon. A. W. Matheson, Premier, who welcomed the members of the Board on behalf of the Province; Hon. Walter E. Darby, Attorney General and Provincial Treasurer, who presented the Province's brief regarding grade crossings; and Mr. Rand H. Matheson, Moncton, manager of the Transportation Division of the Maritime Boards of Trade.

In his opening remarks Mr. Justice

Drew Says Federal Gov't Should Aid Hydro Projects

By ALAN DONNELLY
Canadian Press Staff Writer
FREDERICTON, (CP)—Hon. George Drew said Tuesday the federal government should give financial backing to hydro development in every province where federal co-operation is required.

Increased hydro power is needed in New Brunswick, the Progressive Conservative leader said, if the province's new mineral discoveries are to be developed and processed in the province rather than exported.

His statement was an apparent reference to the proposed hydro development of the St. John river, where some 200,000 horsepower is involved in plans now being drafted.

Whistlestop Speeches

Mr. Drew spoke to 450 persons in a hotel ballroom here after a rail trip from Bathurst. On the way he made four stops and delivered two brief talks to groups of people at Newcastle and Blackville.

In the whistlestop speeches he spoke of his party's election promise to cut taxes by \$500,000,000 a year and told his listeners that if they like taxes as they are they should vote Liberal.

Mr. Drew dealt also with housing at Fredericton. He said a progressive Conservative government would "use all the authority of government to tackle this problem."

"We're suggesting no handout," he said, but through the operations of government, down payments could be reduced and borrowing terms eased.

"With all our raw material and resources, it doesn't make sense that we should be short of housing."

Promises New Tax Deal

Municipal taxes were another factor keeping down home-building, he said. The party election platform had promised exemption for municipalities and school boards from sales and excise taxes, municipal taxation of federal property and a re-allocation of tax fields between federal and provincial governments that would

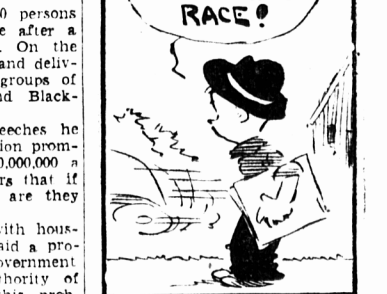

give municipalities "a new deal."

Mr. Drew said the bottom has dropped out of prices for fish, farm products and lumber because the Liberal government had not kept open Canada's traditional markets in the United Kingdom.

"Great Britain has made the greatest comeback in the history of any country. This came about only through a change of government."

"We need a change in our trading outlook, and that too will only come with a change of government."

Moncton	67	78
Halifax	57	72
Charlottetown	64	77
Sydney	59	80
Yarmouth	56	63
St. John's	57	81

HALIFAX, (CP)—The Dominion Public Weather Office here says cloudiness was variable over the Maritimes Tuesday and afternoon temperatures were mainly in the 70s.

Rain began over Nova Scotia with the approach of a disturbance moving northward off the Carolina coast and is expected to reach Prince Edward Island and New Brunswick Wednesday.

Prince Edward Island, eastern N. B. counties, lower St. John river valley: Rain; a little cooler with light winds; low-high at Charlottetown 57, Fredericton 55 and 73, Saint John 55 and 70.

Upper St. John river valley, Bay of Chaleur: Variable cloudiness becoming overcast in afternoon, rain by evening; warmer with light winds; low-high at Edmundston and Campbellton 55 and 80.

Bay of Fundy: Northwest winds 15 becoming south 20 in evening; rain ending by evening; visibility lowering to two miles in rain and mist, and to less than one-half mile in fog; temperature in the 60s.

High tide today at Charlottetown at 1:47 a.m. and 1:17 p.m.

High tide today at the North Shore at 8:57 a.m. and 8:44 p.m.

Summerside tide 18 minutes later than Charlottetown.

Sun rises today at 4:30 a.m. and sets at 7:57 p.m.

Move To Delay Christie Execution Is Failure

LONDON, (CP)—Mass slayer John Christie awaited his date with the hangman at 9 a.m. (4 a.m. EDT) this morning while Parliament debated 11th hour attempts to stay his execution.

Labor members of the Commons, suspicious that an innocent man may have been hanged for one of Christie's murders, tried to force a full-scale debate on delaying his hanging.

A government inquiry reported earlier that there was "no miscarriage of justice" in the 1950 execution of Timothy Evans, Christie's neighbor, for the strangling of Evans' 14-month-old daughter Geraldine.

Seventeen Labor members, denied full-scale debate in the Commons today by a speaker's ruling later tabled a motion refusing to accept the government report and demanding a new inquiry.

Mrs. Thozalina Evans, mother of Evans, also attacked the report confirming her son's guilt and said she was sending a letter to the Queen asking help in clearing her son.

"I will fight on," said the gre-haired mother. "I am not satisfied with the inquiry. I think it was too rushed."

She added she and her two daughters are writing the Queen because "I hope the Queen as a mother with children of her own will help me."

The Labor members who tried to raise the issue in the Commons want Christie, confessed slayer of at least six women, to stay alive for possible questioning in a further inquiry in the Evans case.

Evans, 19, was convicted of murdering his daughter largely on Christie's testimony in Evans' trial three years ago. Evans also was accused, but never tried, of strangling his 20-year-old wife, Beryl.

Both Mrs. Evans and her baby were strangled at No. 10 Rillington Place where Christie also lived.

Then came the discovery this
