OVERWORKED MACHINES — In future years roadwork will come to a halt on November 1 to permit getting the machines ready for winter plowing of the roads, Premier J. Walter Jones stated yesterday. Since the same machines are used in both seasons it takes some time for them to be overhauled and serviced and when the roadwork is carried on too long there is grave danger of the machines not getting ready in time to clear the roads when snow comes.

WILL SUPPORT But Not Join European Army

PARIS, Dec. 18—(AP)—Winston Churchill promised tonight that Britain will support and work with a European army in all the stages of its political and military development—but will not join it.

Queen Charlotte In Festive Trim

H. M. C. S. Queen Charlotte has taken on a festive appearance with the whole barracks being decorated for the Christmas season.

A huge 25-foot Christmas tree is already in place and covered with the traditional trappings, including 12 strings of colored lights.

The decorating is not confined to the children's party, however, as all messes are taking on the Yuletide look.

Approximately 100 youngsters, children of the men of the Queen Charlotte, will be on hand for the annual party.

At Val D'Or, Que., fire destroyed the \$150,000 arena, opened last January.

In Smiths Falls, Ont., Albert Hunter, a semi-invalid, was suffocated in his bed Monday night when fire swept a grocery store on the floor below his bedroom.

At West Flamboro, five miles north of Dundas, Ont., two children died following a fire that consumed the home of George Philip.

OTTAWA, Dec. 18—(CP)—The Canadian destroyer Nootka will sail from Halifax Dec. 30 for her second tour of duty in the Korean theatre.

Nootka first went to Korea in November, 1950, under command of Cdr. R. M. Steele, Rohnesay, N. B., is expected to reach Korean waters in mid-February and will relieve the destroyer Sioux under command of Cdr. Paul D. Norka, Victoria.

The county grand jury voted an indictment charging assault with intent to commit murder, which carries a possible penalty of five to 14 years in prison.

A possible lesser charge, simple assault with a deadly weapon, also had been mentioned by District Attorney S. Ernest Roll.

Wanger is at liberty on \$5,000 bail on a writ of habeas corpus. Wanger said he shot Lang "because he broke up my home," Giesler told reporters that, "if necessary," he will use in court private detectives' reports on the association of Miss Bennett and Lang.

OTTAWA, Dec. 18—(CP)—The \$44,000,000-a-year application of the Canadian railways for a new freight-rate increase was taken under consideration today by the Board of Transport Commissioners.

It reserved decision on the 10-per-cent rate-boost request after more than three weeks of battling between the railways and eight provinces—all except Ontario and Quebec—who fought the proposed increase.

The railways closed out their case late today, urging on the five-man board that they had made out a case for a temporary five-per-cent increase immediately and for another five per cent later.

The provincial governments concluded their argument yesterday. They argued that the railways had not proved any need for higher rates at this time.

The rates were asked on the grounds of higher expenses for wages, increased costs of materials and the impact of the "defence surplus" board's 20 per cent on corporate taxes included in the last federal budget.

On their application filed with the board almost a year ago, they got a 12-per-cent boost last July.

Full of humor and liberally sprinkled with serious articles the autumn issue of Red and White is being widely read by alumni everywhere.

The magazine contains a wealth of material ranging from poetry and humor to music and sports. All departments have been adequately covered with the serious articles particularly well handled.

Among the many departments there is a story on the seminar held at Limour, Que. last summer by the International Students Service; another tells of Christmas and the Family and the relationship which should exist.

Deaths, Heavy Property Loss In Fires Yesterday

Deaths and heavy property loss were caused by a number of serious fires across Canada in the last two days. In most cases the fires were accompanied by biting cold weather and heavy snow which hampered efforts of fire fighters.

A blaze caused an estimated \$250,000 damage Tuesday when it destroyed a warehouse and wholesale office of A. E. Hlozman Company, Ltd. in the west-coast Newfoundland town of Corner Brook.

Last were 2,100 tires, \$40,000 worth of bonded cigarettes and 6,000 cases of beer. Cause was not known. In Winnipeg, two firemen were injured, 28 persons were left homeless and damage unofficially estimated at nearly \$190,000 was caused in a series of fires.

A two-alarm fire early Tuesday gutted the one-storey building of Saint John Motors Ltd. in Saint John, N. B. Loss was estimated at between \$100,000 and \$150,000. Many of the approximately 60 cars in the garage were destroyed.

At Val D'Or, Que., fire destroyed the \$150,000 arena, opened last January.

In Smiths Falls, Ont., Albert Hunter, a semi-invalid, was suffocated in his bed Monday night when fire swept a grocery store on the floor below his bedroom.

PARIS, Dec. 18—(CP)—Middle East and Asian countries threatened to withdraw support for Western disarmament and atomic plans being considered by the United Nations. The threat was seen as reflecting the bitter attitudes toward the Anglo-Egyptian conflict and the Anglo-Iranian oil dispute as well as the Arab complaint over French administration of Morocco.

HALIFAX, Dec. 18—(CP)—A record 2,100,000 Christmas trees have been shipped from Nova Scotia to the United States during the current season by the Canadian National Railway, a spokesman announced today. The trees, a 10 per cent increase over last year, were transported by some 1,500 railway cars.

Mr. Fleming clashed with Mr. Garson when he asserted that the Justice Minister, a member of the committee, and Mr. Sinclair disapproved "rotten justice" by "jamming" the legislation through the committee and preventing the opposition from hearing more witnesses.

Mr. Garson retorted that Mr. Fleming was making some "very serious" charges and requested that he withdraw the "libelous" accusation of "rotten justice."

Mr. Fleming said he would not substitute the term "gross and unseemly and unparliamentary" and unseemly and unparliamentary. He went on to say that Mr. Sinclair, taking his instructions from the Justice Minister, had proceeded to use a "quillotine" on the committee.

Mr. Garson interjected that any suggestion that he directed the committee what to do was "contrary to the truth."

But, if the chamber voted against his proposal, he would support the main legislation. He suggested that the government give consideration to legislation outlawing loss leaders as a means to protect the independent retailer against the possibility of predatory price-cutting.

The real issue in the legislation was whether parliament was to continue to allow a code of private law through which manufacturers could force retailers to sell

prices and from which neither the retailer nor the consumer could appeal. The end result was that the consumer "foots the bill."

E. D. Fulton (PC—Kamloops) introduced the Progressive Conservative motion that consideration of the bill be deferred for six months, which would have the effect of killing it.

He charged that the government was making a "scapegoat" out of the small retailer and that its whole approach has been to "raise great hopes in the minds of the public that they will do something to reduce living costs."

"If this bill passes," he asserted, "it will be at the expense of the retail merchant who is being condemned unheard."
