THE CHOICE.

I will tell, for I have chosen
Where my bosom friend shall be:—
Not where hollyhocks are flaunting,
But where voilets scent the lea;
Not where gaudy parrots clatter,
But where larks and linnets sing;
Not with dahlias of the autumn,
But with lilies of the spring.
Ever birds of plainest plumage
Scatter sweetest music round;
Ever flowers of richest odour
Grow the nearest to the ground.

So I'll tell my heart's best secret,
Where my bosom friend shall be;
Not where haughty riches gather
Needy knaves to bend the knee;
Not where pride looks down on merit,
Or where beauty dwells with scorn,
But where wealth is linked with goodness,
And the best are noblest born.
For the humblest are the wisest,
And the meek are glory-crowned;
And the sweetest scented flow'rets
Grow the nearest to the ground.

A ROMANTIC STORY.—The following striking statement, which we (*Edinburgh Witness*) have from a most intelligent correspondent, is full of interest:—"More than half a century ago the affairs of a worthy draper in the town of Coleraine in the county of Londonderry, got embarrassed. He sent his son, who assisted him in the business, to Manchester and Leeds to arrange with his creditors. The young man was harshly received; and, after having failed to effect a settlement, arrived at Liverpool on his way home. His honorable spirit was lacerated by the treatment he had met with, and dreading still more the disgrace and reproach he expected on his return to his native town, he, in a fit of desperation, enlisted as a private soldier. The young draper's regiment was ordered out to India, where his good conduct soon brought him into notice, and the excellent education which he had received paved the way for his promotion. He rose step by step until he reached the rank of Colonel. He served his country with honor, and in course of time he gave two sons to the military service, first giving them to the Lord, and imbued their youthful minds with Christian principles. Their valor and military accomplishments shed lustre on that earnest piety by which they were characterised. The two young soldiers to whom we refer were Sir John Lawrence, the Governor-General of India, and the late Sir Henry Lawrence, known as the saviour of Lucknow. Both of them have done honor and good service to their country, and neither of them was ashamed of the Cross of the Lord Jesus. It is gratifying to find that neither piety nor humble birth will prevent talent and worth reaching the highest offices and honors in the gift of the British Crown. The grand uncle of the Governor-General of India still lives as a respectable small farmer in the north of the County of Antrim, about two miles from the fashionable watering place of Portrush, and five miles from the Giant's Causeway."

HINTS.—Mary Kyle Dallas kindly gives the following hints to the rising generation. We can vouch for the fact that many with whom it is too late to regret, would give worlds if they had profited by the advice: "The time for a young gentleman to pop the question, and for a lady to accept or refuse him, is decidedly about ten o'clock in the full glare of the morning sun, with the influence of coffee still lingering about them, and every freckle plainly visible. At such an hour, if Amanda thinks Adolphus a hero, and Adolphus believes Amanda an angel, it is safe to suppose that they will think thus of each other throughout their married life, and that the match they make will not be disagreeably flavored with brimstone. It is a common-place view of the matter, I am aware, but I think it is a rational one, and am certain it could be tried with success. Moonlight is very delusive—so is gas light. Amanda, in low neck and short sleeves, false braids, rouge, lily white and smiles, may be a different creature from Amanda, in morning gown and slippers, unaided by any cosmetic; and Adolphus, in evening dress, got up to the highest point of brilliancy by doses of champagne, may not be the same Adolphus of the morrow's noon. Music and waltzing make young hearts beat, and the partner for the dance is not the partner for life in every case. It is so easy to mistake the sentiment for anybody in general for sentiment for somebody in particular; for Amanda and Adolphus to believe themselves in love because they are under the sentimental influence of a yellow moon and of a shady garden path, the sound of a trickling fountain and the music of a far-off flute; or to believe that life is one long quadrille, where one's partner is always smiling and always lovely. Marriage without romance would only be folly, but the romance must be of solid gold, not gilt ginger-bread.

A FU REMARKS BY JOSH BILLINGS.—Moral suashun consis in making a man tu du what he ought to du without askin, and then begging hiz pardon if he refuses tu du it.

I have finally kum tu the konklusion, that a good, reliable set ov bowels, iz worth more tu a man then enny quantity of branes.

Musick hath charms to sooth a savage; this may be so, but I wud rather tri a revolver on him fust.

It alwus seemed tu me that a left handed fiddle must pla the tune backwards.

I hav often been told that the best wa iz tu take a "Bull by the horns," but I think in many instanzes, I shud prefer the "tail holt."

The fust law of natur iz tu steal; the sekond law iz tu hide, and the third iz tu—steal agin.

Poverta acts the same onto a man's branes, az exercize duz onto his boddy, gives an appetite.

I never kould cee enny use in making wooden gods mail and femail.

If the harte is rite, the hed cant be very rong.

Tha tell me that femails are so skarse in the far westren kuntry, that a great menny married wimmin are already engaged tu their sekund and third husbands.

N. B. The above remarks are not intended to be personal.

An exchange well says when a rakish youth goes astray, friends gather around him in order to restore him to the path of virtue. Gentleness and kindness are lavished upon him to bring him back to innocence and peace. No one would ever suspect that he had sinned. But when a poor, confiding girl is betrayed, she receives the brand of society and is henceforth driven away from the ways of virtue. The betrayer is honoured, received—there is no peace for her this side of the grave. Society has no loving, helping hand for her, no smile of peace, no voice of forgiveness. These are earthly moralities unknown to heaven. There is a deep wrong in them, and fearful are the consequences.

President Lincoln has a very effective way sometimes of dealing with men who trouble him with questions. Somebody asked him how many men the rebels had in the field. He replied very seriously, "twelve hundred thousand, according to best authority." The interrogator blanched in the face, and ejaculated, "My God!" "Yes, sir, twelve hundred thousand—no doubt of it. You see, all of our generals, when they get whipped, say the enemy outnumbers them from three to five to one, and I must believe them. We have four hundred thousand men in the field, and three times four make twelve. Don't you see it?" The inquisitive man looked for his hat, soon after "seeing it."

It is said that the donor of $90,000 to Yale College, for the erection of a new building to be used as dormitories and studies, is A. T. Stewart, the wealthy dry goods dealer of New York.

Apropos of the arrival in England of Lady Elgin, a London paper makes the following sad reflections:—"The man by whose side she left her country sleeps far away from it now, among the rhododendrons and oaks of the Himalaya. He is one more in the long roll of the English who lie in an Indian grave, and she one more in the list of those who come back, never to hear the name of the costly country without thinking of the little spot in it which is hers by the title-deed of tears. She survives her husband. Her predecessor in the saloons of Government House, Lady Canning—the graceful hostess in Calcutta, the accomplished friend of her Majesty—died before Lord Canning, adding to his great anxieties for the suppression of the mutiny the load of an irreparable loss. Lady Canning's predecessor, again — Lord Dalhousie's amiable wife—departed this life before her husband. Can any incident of domestic loss seem sadder? She had quitted India, obliged to fly from its cruel sun for her life; but all too late. Her husband caught the tidings of her death at sea from the hoarse bawling of the newspaper boys as he drove in the evening along the strand at Calcutta, and re-entered his palace a lonely man. Three Governors General, and two Vice-Queens dead in fifteen years—such is the gloomy retrospect suggested by the arrival of Lady Elgin; that is the price we pay, enviers of England, for the country which we water with our tears and fertilize with our blood."

Among the rules of the hotel in the "diggins" at Rose River, are the following; "Lodgers inside arise at 5 a. m.; in the barn at 6 o'clock; each man sweeps up his own bed; no quartz taken at the bar; no fighting allowed at the table; any one violating the above rules will be shot."

AN EPIGRAMMATIC EFFUSION.—At one of the great hotels, a gentleman seeking in vain for a candle with which to light himself to his room, passed a young lady who had two candles, of which she politely offered him one. He thanked her, and the next morning acknowledged the courtesy in the following epigram. The young lady was as handsome as she was polite:—

"You gave me a candle, I gave you my thanks,
And add—as a compliment justly your due—
There isn't a girl in these feminine ranks
Who could, if she tried, hold a candle to you!"

Hunnewell's Great Remedies.

Hunnewell's Eclectic Pills.—THE TRUE FORM OF A CATHARTIC.—By the application of true Medical Laws, both character and economy are combined in this most valuable Pill. To prevent putting into the stomach such quantities of indigestible and injurious drugs usually contained in Pills that require from four to six to get a decent cathartic, and to prevent the *Griping Pains* so erroneously judged to be evidence of character, was the study in this development. The dose seldom exceeding *one* and never more than *two* Pills, settles the question of economy, and confidence is asked to test their true character in *Dyspepsia, Costiveness, Biliousness, Liver Complaints, Piles*, all derangements of the *Stomach* and Bowels, and as a true Family Pill. For *Worms* they are a sure cure.

Hunnewell's Universal Cough Remedy.—The basis of this truly wonderful preparation, now of such well-earned celebrity, is a freedom from every component calculated to debilitate, and by such to allow the greatest freedom of use, day or night, as the only true theory by which *Throat* and *Lung Complaints* can be effectually cured.

To prevent asking attention to long stories of great cures, when local causes make almost all such complaints different in effect, I would ask confidence which will be sacred, in *Colds, Coughs, Hoarseness, Sore Throat, Bronchial* and *Asthmatic Complaints, Whooping Cough*, and to all *Throat* and *Lung Complaints*, which, when neglected, end in *Consumption*. Testimonials from Physicians of the highest respectability, and from invalids, can be seen at my office by all interested.

Hunnewell's Tolu Anodyne—This justly celebrated preparation, which has so truly earned the name and fame of a *True Anodyne* by results which had baffled every other attempt at cure or relief in *Neuralgia, Gout, Nervous Headache, Tooth* and Ear Ache, Cholera Morbus, Pains in the Stomach or Bowels, Hysteria, Distress after Eating, Loss of Sleep, General Nervous Debility, Paroxyms in Asthma and Whooping Cough, now declared to be largely nervous, and the pains in Monthly Menstruation, also declared to be one of the most important points in medicine. A lady writes from New York, "were it ten dollars a drop, I would not be without it in my family, and not one should be without it."

A CURE TO BE HAD FOR A TRIFLE!

BY

Holloway's Ointment.

Gout, Rheumatism, Enlargements and Stiff Joints.

A cure of these complaints is within the reach of the most humble, by fomenting the affected part with warm salt and water, and rubbing in Holloway's Ointment twice a day. Thousands have been cured who looked upon Gout and Rheumatism as incurable. The same treatment should be employed for the dispersion of chalk stones, and all painful enlargements or stiffness of the joints; in such cases the Pills should be taken according to the printed directions.

Bad Legs, Bad Breasts, and Ulcerations of all kinds.

The cure of ulcers has won for Holloway's Ointment an imperishable reputation, as this healing Ointment will restore any case, however bad, to soundness. Many bad legs arise from imprudence, happening several years before and almost forgotten. If, then, there be any doubt as to the origin of the sores, the patient should read carefully what is written on secondary symptoms in the Book of Directions, as those sores never heal soundly until the system has undergone a thorough course of Holloway's purifying Pills.

Coughs, Colds, Sore Throats, Diptheria, and Bronchitis.

Any of the above ailments may be quickly cured if the Ointment be well and effectually rubbed into the neck and chest twice a day, leaving the parts constantly covered with a rag spread with the preparation; if this treatment be adopted promptly, in six hours it will effectually stop the most alarming symptoms. It must be evident that an outward application applied to the seat of the disorder must be more effectual than any that can be taken by the mouth. Holloway's Pills should be used according to the directions in order to subdue irritation, inflammation or fever.

DROPSY.

This fearful disease often makes its appearance between the ages of forty and fifty, and might generally be prevented by attending regularly to the proper action of the liver and stomach: these organs, at this time of life, have a great tendency to derangements, when asthma, dropsy, or disease of the heart often sets in. The blood requires frequent elimination which no other medicines can so effectually perform as these purifying Pills, as they purge gently, and act immediately upon the liver and stomach, and thus remove all obstructions which at the turning point of life always occur. This dangerous period should be closely watched; two doses a week of about six Pills will ward of all dangerous diseases. But in all cases of dropsy the Ointment is a wonderful and sovereign remedy, and must be effectually rubbed twice a day into the suffering parts.

Youthful Indiscretion.

How many poor women suffer from the indiscretion of husbands—which result in bad legs, swellings, loss of health, and rheumatism—as they suppose—although it is nothing of the kind—but the effect of a certain disease taking hold of the system—no ordinary medicine can cure them, because the disease has sunk deeply into their constitution. Children often have sores, and bad heads, which do not heal, for the reason that contamination occurred before their birth. Let all who may suffer from such causes have recourse to the purifying and healing properties of these wonderful Ointment and Pills, observing carefully what is said in the book of directions on Secondary symptoms, which, if strictly followed, will effect any cure of the kind, but it will be a work of a little time.

Both Ointment and Pills should be used in the following disorders:—

Bad Legs	Corns (Soft)	Rheumatism
Bad Breasts	Cancers	Scalds
Burns	Contracted and Stiff Joints	Sore Nipples
Bunions	Elephantiasis	Sore-throats
Bite of Moschetoes and Sand Flies	Fistulas	Skin-diseases

"I have suffered with Dyspepsia and Liver Complaint for seven years—have used all sorts of pills—they would give me temporary comfort, but was compelled to take them all the time. I have used one box of Dr. Radway's Pills; I am cured. I have not taken a particle of medicine in six months.

C. M. CHILDS, Roxbury, Mass.

PILES, STRAINING AND TENESMUS,
PILES, STRAINING AND TENESMUS,

Are the results of Inflammation or irritation of the mucous membrane of the bowels, induced by drastic pills—these imperfect pills, instead of being dissolved by the chile, are carried to the lower bowels, and induce a peristaltic movement or evacuation by their irritation—*hence the straining, cramps, wrenching pains, piles and tenesmus, and the frequent false calls to the water closet, that patients undergo who take these imperfect pills.*

If you would avoid these annoyances, whenever a purgative medicine is required, take a dose of RADWAY'S REGULATING PILLS.

THEY WILL PURGE THOROUGHLY AND LEAVE THE BOWELS REGULAR.

Persons afflicted with PILES, may rely on a positive cure by their use.

JUDSON'S
MOUNTAIN HERB
PILLS.
The Manochan or Great Medicine.

THESE Pills have now been thoroughly tested and have maintained the highest character everywhere, they have the wonderful power of restoring to health persons suffering under all diseases arising from

IMPURE BLOOD,

and as the Blood is the life when pure, so it is when corrupt the source of nine-tenths of the diseases which afflict mankind.

The following are among the distressing variety of diseases in which these Pills are invaluable.

BILIOUS FEVERS AND LIVER COMPLAINTS—General Debility, Loss of Appetite and Diseases of Females,—the Medicine has been used with the most beneficial results in cases of this description:—King's Evil and Scrofula, in its worst forms yields to the mild yet powerful action of this most remarkable Medicine. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Palpitation of the Heart, Painters' Colic, are speedily cured.

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind, Flatulency, Loss of Appetite, Heartburn, Headache, Restlessness, Ill Temper, Anxiety, Langour, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

COSTIVENESS by cleansing the whole length of the intestines with a solvent process, and without violence: all violent purges leave the bowels costive within two days.

FEVERS, of all kinds, by restoring the blood to a regular circulation, through the process of respiration in such cases, and the thorough solution of all intestinal obstruction in others.

SCURVY, ULCERS AND INVETERATE SORES, by the perfect purity which this Medicine gives to the blood and all the humors.

SCORBUTIC ERUPTIONS and bad complexions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints sallow, cloudy and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of SALT RHEUM, and a striking improvement in the clearness of the skin COMMON COLDS and INFLUENZA will always be cured by one dose, or by two in the worst cases.

MERCURIAL DISEASES — Persons whose constitutions have become impaired by the injudicious use of Mercury, will find this medicine a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.

☞ The Plants and Herbs of which these Pills are made, were discovered in a very surprising way among the Tezucans, a tribe of Aborigines in Mexico. Get the Almanac of our Agent, and you will read with delight the very interesting account it contains of the "GREAT MEDICINE" of the Aztecs.

OBSERVE—The Mountain Herb Pills are put up in a beautiful Wrapper. Each box contains 40 Pills, and retail at 25 cents per box. All genuine, have the signature of B L Judson & Co. on each box.

ON
SELF-PRESERVATION.

PRICE WITH ENGRAVINGS AND CASES, 1s 6d., BY POST, 3s. CURRENCY.

SELF-PRESERVATION: A popular Essay on Nervous and Physical Debility, resulting from injurious habits contracted in youth, or excesses in maturity, which, by prematurely exhausting the functions of manhood, destroy the happiness of Married Life, or prevent the fulfilment of engagements that constitute the most cherished objects of existence.

By Dr LA'MERT, 37 Bedford Square, London, Licentiate of the Royal College of Physicians of Edinburgh; Member of the Royal College of Surgeons, England, &c.

The above work contains most useful and interesting information on the physiological changes which occur in the Reproductive System during the periods of youth, puberty, and manhood; and on the due attainment of that degree of functional vigour upon which the hopes of posterity depend. It also points out how all the attributes of manhood can be preserved to an advanced period of life, how they are lost, and how they can be recovered. It is free from the gross exaggerations, alarming descriptions, and dangerous remedies so generally resorted to by persons, who, practising with false medical qualifications, inflict most serious injuries, and render judicious treatment frequently abortive.

The author is the only legally qualified practitioner whose name stands on the 'Medical Register,' (the sole test of medical qualification) who has been exclusively engaged for a series of years in the treatment of the various functional disorders of the nervous and reproductive system, which, owing to the great discoveries of modern science, are rendered subservient to a rational, simple and easy mode of treatment.

At home for consultation daily from ten till two, and from six till eight, either personally or by letter—37 Bedford Square, London, England.

Patients residing in the Colonies can be successfully treated by correspondence, and remedies can be forwarded in secresy and safety to any address.

THE NEW FRENCH REMEDY.

By Royal Letters Patent, under the special sanction of Her Majesty's Government, and the Chiefs of the Faculte de France.

THERAPION:—or CURE OF CURES. This successful and highly popular medicament, as employed in the continental hospitals by Rostan, Jobert, Velpeau, and others, combines all the desiderata to be sought in a medicine of the kind, and surpasses everything hitherto employed. Devoid of *taste, odour*, and *appearance* of medicine, it can be left or carried anywhere, and taken from time to time without exciting suspicion. Each package contains full instructions for every case.

THERAPION, No 1, in three days only removes gonorrhœa, gleet and all discharges, effectually superseding injections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases. In dysentery, piles, irritation of the lower bowel, cough, bronchitis, asthma, and some of the more trying complaints of this kind, it will be found astonishingly efficacious, affording prompt relief, where other well-tried remedies have been powerless.

THERAPION, No. 2, for syphilis, disease of the bones, sore throat, threatened destruction of the nose and palate; impurity of blood, scurvy, pimples, spots, blotches, and all diseases for which it has been too much a fashion to employ mercury, sarsaparilla, &c., to the destruction of the sufferer's teeth; and ruin of health. Under this medicine every vestige of disease rapidly disappears: and the skin assumes the pleasing softness of infancy.

THERAPION, No. 3, for relaxation, spermatorrhœa, and all the distressing consequences arising from early abuse, excess, residence in hot, unhealthy climates, &c. It possesses surprising power in restoring strength and vigour to the debilitated. To those who are prevented entering the marriage state by the consequences of early error, it will render essential aid by subduing all disqualifications; and restoring the lost tone to the system. Therapion may be procured at 11s, and 33s per package, through all medicine vendors, or in £5 packages for foreign shipment, direct from London only, by which £1 12s. are saved: and £10 packages for the more inveterate cases, by which a still greater saving is effected. In ordering the above, the purchaser should state which of the three numbers he requires.

HER MAJESTY'S HON. COMMISSIONERS have graciously permitted the Government stamp, bearing the word "Therapion" in white letters, to be attached to each package; thus insuring the public against fraudulent imitations, and securing to the proprietor the sole right of supply throughout her dominions; and any infringement of which they will prosecute with the utmost severity.

AGENTS FOR ENGLAND, Thomas & Co., 7, Upper St. Martin's-lane, London; Raimes & Co, Liverpool; Apothecaries Comp., Glasgow; Ferris & Co., Bristol; Cornish & Co., Plymouth; Rowe, Devenport; Randall & Co., Southampton; and obtainable through all medicine vendors in the known world, or in case of difficulty, by enclosing a draft or order for £5 or £10, according to the nature of the case, payable in London to Messrs. Thomas & Co., as above, a large package will be sent by return mail, carefully secured from observation or accident.

PREMATURE DECAY OF THE SYSTEM, and its perfect restoration, whether arising from youthful imprudence or the excesses of adult life, infection, climate, &c. Observations on marriage, the prevention and removal of certain disqualifications. Rules and numerous prescriptions for self-treatment. Sufferers who are prevented from matrimony by the consequences of imprudence should read this work, as pointing out the sure way to restoration of health. Sent post free in an envelope on receipt of 3s, by Mr. Lawes, Medical Publisher, 14, Hand Court, London.

The Cause and Cure of Premature Decline.

THE MEDICAL ADVISER on the modern treatment of mental and physical incapacity, syphilis, stricture, &c.; with unfailing rules and prescriptions for the speedy cure, by very simple means, of all the more common diseases and supposed incurable maladies of the sexual system. By Dr W DE ROOS, M. D., M. R. C. S., L. S. A., &c., *of the Ecole de Medicine, Paris, Graduate in Medicine, Surgery and Midwifery; Licentiate of the Royal Society of Apothecaries, &c.*

REVIEWS AND NOTICES.

"To be your own counsel or your own doctor, entails risks that have become proverbial to a degree that prevents much good resolution from taking any benefit or advantage when reasonably offered. Suspicion begets irresolution, and where there is no confidence good results seldom follow. Medical books are a field for the faculty alone, and the public act wisely in refraining from their study. 'Drink deep or taste not the Pierian spring,' is good advice where the uninformed mind, listening to its own apprehensions is oftener ready to imagine than use its own judgment. There is one class of medical lore, however, that stands in a position somewhat exceptional to our remark, and which treats on disorders and irregularities in which morality is offended. For this reason the patient too often suffers in secret, or pursues in ignorance practices that daily bring him into a more hopeless condition for want of friendly advice. To such we recommend a perusal of the 'Medical Adviser' of Walter De Roos, M. D., of London, an established Physician, graduate and licentiate of all the regular institutions of London and Paris; and who has made nervous disorders and their baneful origin his particular study, and obtained such a practice in this branch of therapeutics, as qualifies him to be a safe and competent adviser.—*County Chronicle, May 7th, 1861.*

"The MEDICAL ADVISER, by WALTER DE ROOS, M. D., for the class of diseases upon which it treats is undoubtedly the best and most soundly practical book which has come under our notice. The author is a man of most enlarged experience."—*Derby Telegraph, June 29th, 1861.*

To those who contemplate marriage its perusal is especially recommended.—The knowledge it imparts must come *some* time, and happy they who do not possess it too late.—Cure is certain in every curable case, and few indeed are they which are not so.—It is calculated to effect a complete revolution in the treatment of these complaints.—Simple and inexpensive, every sufferer may cure himself speedily, privately, and at the least possible cost.

From long practical observation of the treatment pursued in the most famous Institutions of this country and the continent, for those diseases referred to in the above work, the Proprietor has had somewhat unusual facilities for acquiring that uniform success which has hitherto characterized his practice, in which the distressing consequences resulting from the injurious employment of mercury, capivi, sarsaparilla, and similar dangerous medicines are entirely obviated. Lasting benefit in these cases can only be reasonably expected at the hands of those who devote their chief attention to such diseases; and to such only can confidence be safely extended. Dr. De R. refers with pride to the numbers he has been instrumental in restoring to health and happiness, whilst to all who need such aid he offers every assurance of speedy restoration.

FOREIGN RESIDENTS can be successfully treated by correspondence, on sending the detail of their cases, with a Bank note or Bill on a London house for £5 or £10, in order that a package of medicines to meet the exigencies of the case, may be sent out by next mail, thus avoiding the protracted suffering and unnecessary loss of valuable time, which must otherwise occur.

DR. DE ROOS' GUTTÆ VITÆ or LIFE DROPS; *Protected by Royal Letters Patent of England; Seals of the Faculte de France; Royal College of Prussia, &c*, have in numberless instances proved their superiority over every other advertised remedy for Spermatorrhœa, languor, lassitude, depression of spirits, irritability, anger, excitement, needless fear, distaste and incapacity for society, study or business; indigestion, pains in the side, palpitation of the heart, giddiness, noises in the head, impotency, impediments to marriage, &c. This medicine strengthens the vitality of the whole system, gives energy to the muscles and nerves, thus speedily removes nervous complaints, renovates the impaired powers of life, and invigorates the most shattered constitution. For skin eruptions, sore throat, pains in the bones, and all those diseases in which mercury, sarsaparilla, &c. are too often employed in vain, to the serious detriment of health, its surprising efficacy has only to be tested to be appreciated.

As these complaints if neglected become chronic or incurable, sufferers will do well before they waste valuable time in seeking aid from instruments, and other absurdities professing to supersede medicines, to make fair trial of a remedy, which concocted on unerring scientific principles, cannot fail, and may be carried about the person, or left upon the toilet table, without exciting a suspicion of its nature. Price, 11s, and four times the quantity at 33s per bottle. The £5 packages containing twelve 11s quantities, by which a saving of £1 12s is effected, will be sent from 25, Bedford Place, only on receipt of the amount per draft on a London house or otherwise.

Extracts from letters which can be seen by any one. "I am happy to say that I am now quite well, thanks to you and your medicine of medicines."—*D. P St. Asaph.* "I am happy to say that I shall not require more, thank God, and I hope He will reward you for what you have done for me."—*A. C., Hartlepool.* "If my tongue could speak, or my pen could write to express my gratitude to you I should feel happy, but neither tongue nor pen of mine can do so."—*H. A. Birmingham.* "Without you I should have been in my grave, but now I am a happy man again."—*D F.F., Inverness.* "I can never thank you sufficiently; had I never read of the Guttæ Vitæ, where or what I might have been now, I cannot tell."—*W. G., West Pelton.*

PAINS IN THE BACK, GRAVEL, LUMBAGO, GOUT, RHEUMATISM, DISEASE OF THE KIDNEYS, BLADDER, &c. DR DE ROOS' COMPOUND RENAL PILLS are a most safe and speedy Remedy for the above dangerous complaints. Discharges and Diseases of the Urinary Organs generally, which too frequently harass the sufferer over the best years of life, and end only in an agonizing death. They agree with the most delicate stomach, and in three days effect a cure when capivi, cubebs, &c., have utterly failed. 2s 9d., 4s 6d., 11s, and 33s. per box. The superiority of these celebrated medicines over everything of the kind, is universally acknowledged, and the extraordinary demand for them without precedent.

Many there are, who from natural diffidence, or fear of discovery, would silently bear their afflictions rather than apply for aid to those from whom they may reasonably expect relief. With the above remedies the sufferer may without the knowledge of a second person, cure himself speedily, privately, and at the least possible expense.

"I have taken your Pills and always derive great benefit from them."—*W. W. H., Queen's College, Cambridge.* "I have taken your Pills with the most happy result."—*B. H., Cork.* "Your Pills do me great good, I feel better this last twelve months that for years before."—*F. G., Wareham, Ashford.* "Your Pills did me more good than anything I have taken."—*M. J Dursley.* "I have tried your Pills and derived the greatest benefit therefrom."—*V. G., Navy Hotel, St. Helier's.*

CAUTION.—Therebeing highly injurious imitations of the above, sufferers should guard against the recommendation of other medicines by dishonest vendors, who thus obtain a larger profit. TO PROTECT THE PUBLIC AGAINST FRAUD, HER MAJESTY'S HON. COMMISSIONERS *have directed that the words* "WALTER DE ROOS, LONDON," *be printed in white letters on the Stamp affixed to the above, to imitate which is felony.*
