

Visited Former Home In Tel Aviv

Dr. and Mrs. I. Rachmel recently returned from a five week trip to Palestine where in Tel Aviv, Dr. Rachmel met his brother and sister for the first time in over seventeen years.

Magistrate's Court Of Queen's County

At the conclusion of the preliminary hearing before Magistrate Gilbert A. Gaudet in the Queen's County Magistrate's Court yesterday, Miss Agnes McPhail was committed for trial at the next session of the Supreme Court on a charge of having in her possession an offensive weapon, a shotgun, for purposes dangerous to the public peace.

The case arose when on Sept. 16th, R.C.M.P. constables were watching the residence of the accused in the early hours of the morning in connection with a liquor raid. The accused allegedly fired two shots into the bushes where the police had been concealed. In the meantime they had taken up a position in the barn. The accused elected to be tried by a jury.

On another charge, that of being intoxicated in a public place, the accused was convicted and fined \$25 and costs or 30 days. Other cases appearing in the court yesterday were those of a resident of Morell, who was fined \$20 and costs or 30 days for exceeding the speed limit with a truck; a resident of St. Andrews, fined \$25 and costs or 30 days for failing to stop at the scene of an accident, and a female resident of Charlottetown was fined \$25 and costs or 30 days when convicted on a charge of possession of intoxicating liquor not purchased at a vendors.

12. P.C. Increase In N.B. Population

OTTAWA, Nov. 14—(CP)—New Brunswick's population jumped 12 per cent over a 10-year period to climb to 512,186 this year, up 54,788 from 457,401 in 1941, the Bureau of Statistics reported today.

The preliminary estimate is based on the national June count and is the fourth release of provincial totals.

Population increases have been recorded for New Brunswick in every census since confederation. The current boost compares with an increase of 40,182 from 1931 to 1941.

Preliminary totals for 1951 by counties with 1941 figures in brackets: Albert, 9,830 (8,421); Carleton, 22,791 (21,711); Charlotte, 25,067 (22,728); Gloucester, 57,168 (49,917); Kent, 26,617 (26,517); Kings, 32,349 (31,573); Madawaska, 34,150 (33,176); Northumberland, 42,774 (38,485); Queens, 13,132 (12,715); Restigouche, 36,049 (33,075); St. John, 73,480 (68,827); Sunbury, 9,870 (8,296); Victoria, 18,464 (16,671); Westmorland, 70,365 (64,480); York, 42,333 (36,447).

BIRTHS, MARRIAGES DEATHS 50c per insertion

MACINNIS—At the Royal Avenue Hospital, St. John's, Nov. 12, 1951, to Mr. and Mrs. Lloyd MacInnis, a daughter, Sue Elaine.

COYLE—Suddenly in Concord, Mass. Miss Katherine Coyle, formerly of Charlottetown, funeral Friday morning from the home of her sister, Mrs. Margaret Lord, 38 Amory St., Cambridge, Mass.

SHAW—At Argyle Shore, Nov. 14, 1951, Deborah Gail Shaw, age 6 weeks, daughter of Mr. and Mrs. Kenneth Shaw. Funeral to-day (Thursday) service starting at 2 P.M. Interment in Argyle Shore Cemetery.

MALONE—Suddenly at his home on Wednesday, November 14th, 1951, Hugh Malone in his 71st year. His remains are resting at his late residence, 47 Chestnut Street, from where the funeral will take place on Friday morning at 8:45 to the Church of the Most Holy Redeemer. Interment in the Catholic Cemetery, Charlottetown.

CAR DAMAGED—A car proceeding north on Queen Street at 3:30 yesterday afternoon was slightly damaged when it was struck by another car backing out from a parking place near the bus station.

Conferring On New Designs For Dragners For PEI

Mr. Eugene Gorman, Director of Fisheries in the Department of Industry and Natural Resources, is on a visit to Boston where he is conferring on new designs for dragners with Eldredge MacInnis Inc., well known Eastern United States ship designers.

Accompanying him is Mr. Francis Campbell, Inspector of the Fishermen's Loan Board which aids fishermen in financing. It was noted at last week's meeting of the Fisheries Development Committee here that one of the needs was for dragners which could operate from the smaller harbors of the Province. Difficulty has been encountered owing to the shallow draft, available in a large majority of the Island's harbors. The need for dragners especially designed for operations under these conditions was noted.

PRINCE CHARLIE

Continued from page 1

from Canada. But they sent a radiogram and when they arrive this week-end, Charles will have a party all over again. Elizabeth is bringing trunks full of gifts for him from cities and organizations all across Canada.

Charles has shown a lively interest in the court. He got a special kick out of wearing a western Stetson at the Calgary Stampede. Princess Elizabeth's second child, Anne, 15 months, was allowed a taste of her brother's big birthday cake.

There were a dozen or so guests, children of Royal relatives mostly. The party was held at Buckingham Palace with Queen Elizabeth ("Ganny" to Charles) running things. Charles' upbringing is patterned carefully to be as normal as possible. The plan is to prevent the youngster from getting the impression he is "different" which would possibly cause self-consciousness.

He still thinks kings and princes are fairy-tale characters. He is convinced the crowds which gather everytime he goes out are there because he has "the nicest nummy in the world".

The plan seems to be working. Charles is a healthy, normal, loquacious young man, not the least abashed by strangers or crowds.

PEIPING ALSO

Continued from page 1

for the 22nd time. The U.N. communique, issued Wednesday night, said there was only one remaining issue on the buffer zone question but it was a vital and fundamental one.

The fundamental issue: Whether to stop the fighting now on land and sea and in the air or after agreement is reached on the exchange of prisoners and other agenda items.

N. S. Conservatives Re-elect Officers

HALIFAX, Nov. 14—(CP)—Walter Colquhoun, Sydney druggist, today was re-elected president of the Nova Scotia Progressive Conservative Association during the day-long annual meeting here.

Named honorary president was H. W. Phinney, of Annapolis. H. T. MacKenzie, Halifax, was named treasurer, and A. A. Baccardax, Halifax, was named secretary.

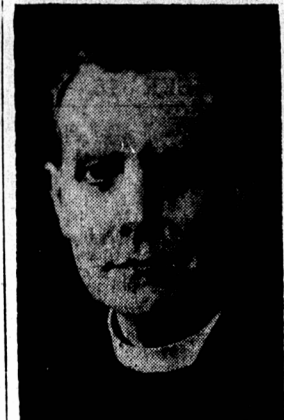

First vice-president will be R. A. Donahoe, Halifax. Others elected to the executive include: Dr. L. P. Doucet, Cheticamp; W. G. Oulton, Windsor; Mrs. John W. MacLeod, New Glasgow; Mrs. W. L. Joudrey, Liverpool; P. L. Judge, Yarmouth; T. Thomson, Antigonish; Dr. H. L. Simpson, Springhill; and Frank Welch, Wolfville.

Extension To PEI Telephone Co. Bldg.

Excavation work for the erection of twenty-five foot extension to the building of the Island Telephone Company began yesterday. The addition to the plant will be necessary to provide the space required by the proposed installation of dial equipment which is expected to be in operation by mid-1953.

The extension will be on the West side, increasing the size of the building to 42 feet by 86 feet overall. With the installation of the dial equipment on the third floor, it is understood that the female local operators will be no longer required, although long distance operators will be retained. The new equipment however,

General Secretary Of Bible Society Addresses Gathering

Rev. A. H. Wilkinson (above), of London, England, General Secretary of the British and Foreign Bible Society, was heard with great interest at a City meeting of the Society at Trinity United Church last evening. Dr. Lloyd W. Shaw, Provincial Auxiliary President, was in the chair, and the Scripture lesson was read by Rev. W. G. Hogg, and prayer offered by Rev. E. C. Evans.

The speaker was introduced by Rev. E. M. B. Wheelock, District Secretary, and the benediction was pronounced by Rev. J. D. Davison. Music was furnished by a mixed choir from the City churches. Mrs. Keith Rogers was organist and Miss K. MacEachern, soloist.

Rev. Mr. Wilkinson outlined the accomplishments of the past indicating that since 1804, when the British and Foreign Bible Society was founded, the number of translations has increased by over 1,000 languages. Since 1804 a thousand million copies of the Scriptures have been circulated of which 600 million have been circulated by the British and Foreign Bible Society. In addition to this, there has grown up during these years a great world organization with 10,000 Associations, and depots and colporteurs serving almost every country of the world.

The present conditions present a situation unequalled perhaps since the barbaric hordes broke through upon the civilization of the Roman Empire. We are faced today with a new world faith in Communism, which is expanding faster than any faith has done in its early days, either Christianity or Mohammedanism. The objective of this new world faith is the destruction of all religion, and to achieve this goal there is being let loose a flood of booklets, pamphlets and leaflets setting forth their doctrines in printed form. With these coming into the hands of simple and uncritical peoples, their minds are easily swayed.

A significant fact is that in no country is there an official ban on the Bible, although in some countries the circulation is on a very reduced scale. Since 1938 production costs have increased by 250%, whereas the income of the Society has increased only by 60%. Expanding translation makes increasing demands, first a Gospel, then a Testament, and then complete Bibles must be produced in the respective languages.

Rev. Mr. Wilkinson appealed for the best possible support to face the challenge of the times. The Chairman expressed the hearty thanks of the meeting for this highly informative and challenging presentation. Rev. Mr. Wilkinson will address a meeting of the Society in Summerside on Friday evening at the Church of Christ (Disciple), and Mrs. Wilkinson, who is accompanying her husband, will be the speaker at a meeting of ladies of Charlottetown at Zion Church tomorrow afternoon at 3 o'clock.

Chinese Fail In Two Assaults On Hill Positions

SEOUL, Korea, Nov. 15—(Thursday)—(AP)—Allied observers reported Chinese Communist troops dragged away here "hundreds of dead and wounded" Wednesday night after unsuccessful tank-infantry assaults on two Allied hill positions on the Western Korean front.

An Allied officer told AP correspondent Milo Farneth the Chinese ripped clothing off their own dead and Allied casualties. "It looks like they're running out of equipment and clothing," the officer said.

The western front turned quiet after U. N. troops beat back the sudden Red attacks west of Chorwon by midnight Tuesday. Action was light on the central and eastern fronts.

Card Of Thanks

I wish to thank Dr. Pierce, nurses and staff of the P. E. Island Hospital for their kindness shown to me while a patient there, also to those who visited me and sent cards and treats. Elmer Yee.

Garrison N.C.O.'s Hold Remembrance Dinner

"Although time is a great healer, it can also make us forget that the boys who died in past wars died for a real purpose." The remark was made, last night by Lieut. Col. J. D. Stewart, D.S.O., E.D., Honorary Colonel of the P. E. Regiment, as he addressed the annual Remembrance Day dinner of the Garrison Non Commissioned Officers Mess at Sand's Restaurant.

Approximately 200 were present to hear Col. Stewart's speech which met with complete approval both because of its sincerity and its brevity. He took as his theme "Remember to be Strong" and reminded his audience of the things of which they should recall on the anniversary of the day which they were celebrating. He said in peace time people are inclined to forget the countless sacrifices made by the boys who went overseas and the priceless sacrifices of those who did not return. "Because of them," he said, "we should be strong enough to remember."

Col. Stewart recalled that after the First World War there was little civilian enthusiasm for Army training and despite the efforts of militia units, there was strong opposition to military organization and training. He also noted in remembrance that Miss Agnes McPhail, M.P., had opposed the Cadet Corps.

He also referred to the terrific efforts of the non-permanent Active Militia—the peacetime soldiers—to maintain a semblance of strength in the face of severe criticism. However, he stated, when the crises created by Hitler arose those same peacetime soldiers were able to hand the Government the nucleus of what became the Army which played such a major role in defeating the forces of Nazism. Col. Stewart mentioned that the need was no less great today and called on all present to "Remember to be Strong" in order that they might again take care of the world emergencies caused by would-be dictators.

The speaker noted that the only thing dictators appeared to respect was might because they apparently thrive on weakness. The strength of the Canadian Army, he said, came from its N.C.O.'s and smilingly recalled that he had been one himself. He made a plea to those present to keep up the spirit of their units by attending all parades and be strong enough to deter any fool dictator from trying to start another war.

Seated at the head table for the occasion in addition to the guest speaker were Brigadier W. W. Reid and Mrs. Reid, W.O. 2 H. J. Coffin, president of the Garrison Mess, and Mrs. Coffin, Lieut. Col. A. W. Rogers, officer commanding the P. E. Regiment, and Mrs. Rogers; Col. Harold Shaw and Mrs. Shaw; Major L. E. Welmer, officer commanding the 28th L.A.A. Regiment, and Mrs. Welmer; Lieut. Colonel J. J. Trainor, officer commanding H.M.C.S. Queen Charlotte; Lieut. Col. R. J. MacNeill, medical officer of the 28th L.A.A. Regiment, and Mrs. MacNeill; Rev. Mr. Skinner and W.O. 2 E. A. Jessome and Mrs. Jessome. All commanding officers spoke briefly in expressing their deep appreciation of the invitation to attend the annual Mess dinner.

Col. Shaw humorously remarked that he had two annual dates to remember—his wife's birthday and the Mess Dinner. Lieut. Cmdr. Trainor said that at long last he saw where the Army got its strength. He could now judge by the number of N.C.O.'s. Col. Rogers hoped that he would be able to attend many more such dinners without the "shadows of war" descending on the world. Major Welmer, dryly reminding all speakers that the Artillery had been in the war too.

The toast to His Majesty the King was proposed by W.O. 2 H.H. MacLeod while that to Our Fallen Comrades was offered by T. Q. M. S. Clifford Orford.

The entertainment committee in charge of arrangements was the recipient of many complimentary remarks from members of the Mess and guests on the excellence

of the arrangements and the splendid dinner served. It was oddly noted that yesterday a letter from overseas was received remarking that the owner of the restaurant, former Flt. Lieut. A. E. Saunders, was one of the reported 150 wearers of the D.F.C. in Canada. Those in charge of the dinner and responsible for the humorous remarks which also attracted many comments, included committee chairman Staff Sgt. Robert King, Sgt. Ernie Fardy and S.Q.M.S. Charles E. Ryan.

NOTICE The EDISON ELECTRIC CO.-LTD., 136 Great George Street have moved their place of business to 36 Kensington Road (corner Park Street and Kensington Road) where they will carry on their wiring business as usual. Customers who have left appliances to be repaired may call for them at the old stand, and those having appliances to be repaired may also leave them at old address.

Heavier Movement In Turnips Noted

Shipments of turnips have increased in the past few days with the demand seeming somewhat stronger. It was reported yesterday by Mr. Chester E. Shaw, of the Dominion Fruit and Vegetable Inspection Service. The current price to the grower is 36-37 cents. Only good quality stock can expect to enter into competition on the United States market, he said, where each turnip is sold on its own merits, and oversized and defective specimens are not wanted.

Inspectors report that late turnips have shown less damage from turnip maggot than earlier plantings, which were severely damaged in some localities, and damage due to club root has also been in evidence. The movement of potatoes has increased and possibly would have been heavier if the supply of reefer had been adequate. However with the prices rising daily, the growers did not lose by the delay. Potatoes are not showing as much damage due to blight as had been expected. Mr. Shaw said, and the farmers generally headed advice and stopped digging until the tops were dead.

Mechanical and rough handling damage is also down from previous years, which indicate that the growers are realizing that more careful handling, with the consequent reduction of loss due to fusarium rot will bring increased financial returns.

Work Proceeding At Railway Wharf

Workmen are busy on the east end of the Railway Wharf where crocoted poles are being driven preparatory to filling in the section. One part of the wharf has been done and the concrete poured for the floor of the new warehouses which will eventually be erected there.

A lack of sheet steel piling has delayed work most of the summer, but in the meantime much of the other types of work has been done. Large storage warehouses are planned to greatly supplement the shed now there and permit of loading and unloading of ships from both the east and west sides of the pier. Last year the west side was thoroughly reinforced and a great deal of dredging was done to ensure adequate docking areas for larger vessels.

of the arrangements and the splendid dinner served. It was oddly noted that yesterday a letter from overseas was received remarking that the owner of the restaurant, former Flt. Lieut. A. E. Saunders, was one of the reported 150 wearers of the D.F.C. in Canada. Those in charge of the dinner and responsible for the humorous remarks which also attracted many comments, included committee chairman Staff Sgt. Robert King, Sgt. Ernie Fardy and S.Q.M.S. Charles E. Ryan.
