NATO forces. Lord Montgomery suggested at that time that a military conflict with Russia had become unlikely, but that this did not mean there would be no conflict at all.

Canada, through Mr. Green, has been carrying the ball in this issue, and with marked success. Disarmament will be the biggest topic at the East-West summit meeting, now expected in April.

This country is a member of the 10-nation disarmament committee set up by the United Nations, on which it will be represented by a strong mission under the leadership of General E. L. M. Burns.

There is evidence also that the Canadian minister played an important role as conciliator in the Franco-U.S. argument over military contributions to NATO, which threatened to wreck the conference before it got started.

Gift To A Grandson
Britain's Nobel peace prizewinner for 1959, Mr. Philip Noel-Baker, is not a wealthy man.

Of the 3,384 Dutch immigrants who became Canadian farmers in the nine-year period, 2,274 bought or rented farms in Ontario. A total of 418 settled in British Columbia, 197 in Alberta, 163 in Nova Scotia, 91 in Manitoba, 90 in Quebec, 55 in Saskatchewan, 52 in New Brunswick and 44 in Prince Edward Island.

Netherlanders have the qualities that distinguished our pioneer settlers from France and the United Kingdom, who left us the heritage we have in our flourishing farms and fishing centres.

Mr. Green's Assurance
It is reassuring to note, in contrast to the gloomy reports from American sources about this week's NATO meetings in Paris, that External Affairs Minister Green is quite pleased with the progress made.

EDITORIAL NOTES
There is, notes the Globe and Mail, a striking contrast between the pre-Christmas period this year and the pre-Christmas period of 1958.

CAUSEWAY & FARM PRICES
Sir, I know very little about the problems confronting those who are trying to pilot the causeway project, but feel it should add immensely to the progress of the Island should Ottawa see fit to proceed with construction.

Cattle and equipment for a dairy research and livestock breeding farm were shipped recently from Sydney, Australia, to Saigon in Viet Nam. They are being installed on an experimental farm already set up 35 miles from Saigon, where it is hoped to breed a local dairy herd which will be the nucleus of a dairy industry in the country.

WALKED BY FAITH
Dr. Rand was a man who walked primarily by faith, working in apostolic fashion. He became discouraged with conditions in the organized churches and so ran his

THE OTTAWA ARCHAEOLOGISTS

SILAS TERTIUS RAND: Missionary And Linguist

By Rev. H. F. MacEwen, B.A., B.D., Sydney, N.S.

It is now over a hundred years since Silas Rand, pastor of the Baptist church in Charlottetown, resigned his charge to devote himself to the mission to which he had felt himself long called and qualified.

TARDY SUPPORT
Support was slow in forthcoming from denominational ranks. Writing in 1849 he said, "Since July, 1846, I, with my family have been residing in Charlottetown, Prince Edward Island. The church here has never seen the inside of a college door.

PUBLIC FORUM
This column is open to the discussion by correspondents of questions of interest. The Guardian does not assume responsibility for the opinions of correspondents.

BRIDGE PRECAUTIONS
Sir, I would like to comment on the remarks of "Truckman" about the Hillsboro Bridge on Wednesday's Public Forum. It is certain the railings on the bridge will not satisfy all concerned but shouldn't we let those who know the facts, make the decisions?

RAND'S DIARY
During the forty years of missionary activity Rand kept a diary of his work. Not only did he have a gift as evangelist; he had the gift of tongues as well. Jeremiah S. Clark made an investigation of its contents in the 1890's, and wrote this about it.

Some May Suffer Quite Needlessly

By Herman N. Sundesen, M. D.
CALL IT menopause or climacteric, but don't call it change of life.
While the menopause does, of course, cause certain physical and emotional changes, it is far from being a complete change of life.

NORMAL URGES REMAIN
The normal sex urges remain and happy marital relations generally can continue for many years.
As a matter of fact, a great many women report improved health after the menopause. Those who have suffered physical or emotional difficulties during their menstrual periods generally welcome the relief.

TRYING EXPERIENCE
The menopause itself, however, can be a trying experience for many women. Disappearance of the female sex hormones which the ovaries produce causes certain symptoms such as hot flashes, nervousness and depression.
Not all women experience these symptoms to the same degree. Some, however, become so depressed that simple everyday problems become too much to cope with.

PROLONGED TREATMENT
This treatment generally is prolonged and may last anywhere from a few months to a year or even two. But it usually does the job.
Ordinarily the menopause occurs between the ages of 40 and 50. It begins gradually, the first indication of it being a decrease in the monthly flow.

QUESTION AND ANSWER
Mrs. W. C. MC: Is there any way to prevent cataract or retard its growth if it has already started?
Answer: No.

THE POETS CORNER
LIKE A RIVER
The maple's midday shadow
Runs straightly down the lawn
Like a river, channelled to a careful course.

NOTES BY THE WAY

A doctor says the less clothing you wear the longer you live. There will be a fine crop of very old ladies in the future.—Brandon Sun
The first snow brings back memories. But somehow the pleasure is much greater from a distance. Besides, an umbrella isn't nearly as heavy as a snow shovel.—Vancouver Province

"I've been with you 25 years," said the faithful employee, "and I've never asked you for a rise before." "That," retorted the employer, "is why you've been here 25 years."—Galt Reporter
M.H. Kallebe has collected 2,120 four-leaf clovers during the last 45 years. However, his luck has not been too good. He was divorced in rapid succession by three women, has never won a lottery prize although he plays regularly, and catches cold in the slightest drizzle.—Daily Mail, London

MAXIMS
A retentive memory is a good thing, but the ability to forget is the true token of greatness.

Canada In World Councils

By Joseph MacSweeney
Canadian Press Staff Writer
In world councils, Canada has willingly taken a responsible and down-to-earth role on the question of disarmament.

External Affairs Minister Howard Green is demonstrating this at the NATO ministerial meeting in Paris. He has said, in effect, that disarmament is not something that is up there in the clouds, but is down here on the ground, where it should be plotted, and cultivated.

He is certainly not alone in NATO when he advocates that smaller nations must be consulted on disarmament matters, for there is a feeling at the Paris meetings that a more balanced view of the nuclear menace could be found in the words of smaller powers than in the super-heated atmosphere of summit diplomacy.

Green obviously is determined that the next summit meeting—expected in April or thereabouts—will not be a flop. That is what the current ministerial conversations are all about.

The Paris meeting is the first of its kind for the Canadian foreign affairs chief and he has said he was pleasantly surprised at the manifest strength of the alliance shown by delegates.

DIRECT APPROACH
But Green is insisting that not only principles but hard facts—especially on disarmament—must be dealt with, and soon. His words are a direct challenge to the Western summit meeting that begins this week—end among President Eisenhower, Prime Minister Macmillan and President de Gaulle.

Therefore, my beloved brethren, let every man be swift to hear, slow to speak, slow to wrath.

The Age Old Story

Therefore, my beloved brethren, let every man be swift to hear, slow to speak, slow to wrath.

Therefore, my beloved brethren, let every man be swift to hear, slow to speak, slow to wrath.

Therefore, my beloved brethren, let every man be swift to hear, slow to speak, slow to wrath.

Therefore, my beloved brethren, let every man be swift to hear, slow to speak, slow to wrath.

Therefore, my beloved brethren, let every man be swift to hear, slow to speak, slow to wrath.

Therefore, my beloved brethren, let every man be swift to hear, slow to speak, slow to wrath.

Therefore, my beloved brethren, let every man be swift to hear, slow to speak, slow to wrath.

Therefore, my beloved brethren, let every man be swift to hear, slow to speak, slow to wrath.

Therefore, my beloved brethren, let every man be swift to hear, slow to speak, slow to wrath.
