Migrating Birds.
The distances over which birds migrate vary between wide limits and are often surprisingly great. The bobolinks, which rear their young on the shores of Lake Winnipeg and go to Cuba and Porto Rico to spend the winter, twice traverse a distance exceeding 2,800 miles, or more than a fifth of the circumference of our earth, each year. The kingbird lays its eggs as far north as the fifty-seventh degree of latitude and is found in the winter in South America. The biennial pilgrimages of the little redstart exceed 3,000 miles and the tiny humming bird 2,000.

A Loser.
"I'm going to quit gambling. It costs too much."
"Why, you know you win more than you lose."
"Yes, but to keep even, I would have to win twice as much as I lose. You see, whenever I win, I have to give half to my wife."—Indianapolis Journal.

In a dark corner near the west entrance of Winchester cathedral is a door composed of four pieces of iron grill work, which have the distinction of being the oldest specimens of their kind in England.

There are over 3,000 animals in the London zoological gardens.

The workman often eats his lunch on the same bench where he does his work. The office man turns his desk into a dinner table. Neither gets the out of door exercise he needs, neither takes the proper time for eating. It is small wonder that the digestion of both gets out of order. In such cases Dr. Pierce's Pleasant Pellets come to their assistance by aiding nature in taking care of blood.

The cause of nine-tenths of the sickness of the world is constipation. From this one cause come indigestion; disorders of the stomach, liver and kidneys; biliousness, headaches, flatulence, heartburn, impurity of the blood and the serious complications that follow. To begin with, constipation is a little thing, and a little thing will cure it. The "Pleasant Pellets" are tiny, sugar-coated granules. They perfectly will cure the worst case of constipation and indigestion. If the druggist tries to sell you some other pill that pays him greater profit, just think of what will best pay you.

Startling Confessions

Show that 25 per cent. of men and women suffer from the tortures of itching piles. Investigation proves that Dr. A. W. Chase's Ointment has never yet failed to cure itching piles, and all of these men and women could end their sufferings at once by using it. Scores of thousands have been cured by this treatment. Everybody can be cured in the same way.

AN ACTIVE MAN.—Sir Charles Tupper is the most active man in Canada. Last year he conducted two bye-elections and then spent five months in parliament working hard every day. He went to England and attended to private business there; returned to Canada and delivered powerful speeches throughout the east and in Ontario. Off he journeyed to the west, campaigning in Manitoba, with the result that Messrs. Sitou and Greenway were unhorsed. Since then he has traversed the territories and spoken frequently in British Columbia. He ate his Christmas dinner in the mining district, and spoke in Rossland and Nelson to enthusiastic audiences. Now we hear of him at Edmonton where he was upset. But he emerged from the accident unhurt and is ready again for the fray. Sir Charles is always working. A couple of years ago a gentleman saw him in the Strand, and a few weeks later travelling along the mountain trails in British Columbia on a mule.—Mail and Empire.

A KINDNESS TO MOODY IN HIS BOYHOOD.—I remember when I first went away from home, a fatherless boy, to a place some thirteen miles away. I feel I never have been so far away from home. My brother had gone to live there a year before me. As we both walked along the street my brother said: "Look, there is an old man coming down the street who will give you a cent. He gives everyone who comes here a cent." He came along and as we got right opposite to him, he wheeled around and looked at me, and said, "Are you a new boy in town?" My brother who was afraid I would lose the cent, said "Yes." He placed his trembling hand on my head, and spoke so kindly, and told me I had a Father in Heaven. Oh, how these words cheered me, as he took out a bright, new cent, and gave it to me. I don't know where that cent is now, but I shall never forget that little act. Hundreds of aged ones can give a kind word in season to those who are trying to save souls. There is not a young man in all this city but who ought to be in sympathy with this work.

Catarrh

Statistics prove that 97 per cent of our population is affected with some form of Catarrh, but since Catarrhozone, the new medicated air treatment for Catarrh and kindred diseases, has been introduced, this percentage has decreased. Catarrhozone never fails to cure Catarrh, Bronchitis, Asthma and Hay Fever, and is warranted to come the most chronic cases of these diseases, even after all else has failed. It cures by inhalation. No danger, no risk, pleasant to use. For sale at all druggists or direct by mail, price \$1.00. For trial outfit send 10c in stamps to N. C. POLSON & CO., Box 540 Kingston Ont.
