travel tips and information. Then...

Scoot to the Sun

Lie around for a week or two on some golden beach with nothing to do but bake and bask in the sun. And when the sun goes down — live it up! Air Canada has daily jets — each offering a friendly, fun-style service we call Club Calypso — to an ocean-full of sensational islands: The Bahamas, Jamaica, Antigua, Barbados, Trinidad & Tobago. Or you can relax in spring-like Bermuda. We go there too!

Head South of the Border

Air Canada makes daily calls on 8 major cities in the U.S. And we'd like to take you with us next time business or pleasure takes you below the border. Our schedules are convenient . . . flights are frequent, and in the case of our daily service to Miami, brand new. Not so new, but still much appreciated by air travellers are our Family Fare Discounts. They can save you money when you fly Air Canada to save time!

Fly to family, friends, fun in Europe

Old acquaintances should not be forgotten . . . and what better time than now to renew friendships and to pick up family ties in Britain and Continental Europe. Or to have a vacation that's memorably different — which should be easy to do when you have the pick of Europe to please you. And Air Canada to take you there on our daily, unique flight "Europe 870" to Paris and Frankfurt . . . daily jets, with BOAC, to Britain — including Western Canada's slow "Western Arrow" service — plus regular flights to Vienna, Zurich and Shannon. And (fanfare of trumpets) Air Canada's great new service to Copenhagen and Moscow. Try saying "nyet" to travel incentives like that!

Go Coast-to-Coast at Home

Quickest, most convenient way to get around this big land of ours is by air and Air Canada. We serve 35 population centres coast-to-coast in Canada with DC-8 and DC-9 jets and our Rolls-Royce-powered Vanguard and Viscount turbo-jets. We even offer free stop-over privileges (some airlines charge for this!) . . . tasty, complimentary meals (no tipping for this or any Air Canada service, please) and a lot of other travel advantages. Two we should mention are our fare-shrinking Family Fare Discounts and our conveniently frequent schedules. Now, where did you say you wanted to go and when do you want to leave?
