The Groom, Best Man and Ushers.

The groom should wear a button-hole bouquet, not very large, made of the same kind of flowers as the bride's bouquets—possibly one rose and two or three sprays of lily of the valley, says H. H. Battles in an article on "Flowers for June Weddings," in the June Ladies' Home Journal. One white orchid, if this be very small, and several sprays of lily of the valley are very effective. Gardenias are much sought after, and have been the favorite flower in London for wedding boutonnieres for a number of years. Six sprays of lily of the valley also make a very pretty bouquet.

The best man should wear a larger bouquet than that worn by the groom, made of the same kind of flowers as the maid of honor carries. The ushers should wear very large white bouquets—four carnations is none too large, often as many as six are used. Either twelve sprays of lily of the valley, or six sprays of Roman hyacinth, arranged compactly, make a pretty bouquet.

FOR OVER FIFTY YEARS Mrs. Winslow's Soothing Syrup has been used by millions of mothers for their children while cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. 1yr

MANY people are not aware that it is the wrapper of the tobacco which gives the color to the plug, and are therefore often deceived by a handsome outside appearance. The wrapper is a single film of leaf wrapped around the plug and is never good smoking tobacco. It is costly only because of its fine color. In the "Myrtle Navy" brand the chief attention is paid to the "filler," that is, the inside of the plug. It is this which determines the smoking quality of any tobacco. A tobacco can be made to look as well as the "Myrtle Navy" without much trouble or expense, but it may at the same time be a very inferior article.

3rd. Place the telephone so as to cover the ear, just as if you wished to shut out all other sounds. Do not press too hard on the ear.

It is possible to talk and be heard when standing back two or three feet from the transmitter, if you shout loud enough, but it is not a pleasant mode of conversation, is entirely unnecessary, and is a useless waste of wind and lungs, besides being very annoying to all within range of your voice.
