

# CHICKEN BARGAIN

**CHICKENS FOR ROASTING! BOILING! FRYING! STEWING! COLD CUTS, TOO!**

There was a time when Chicken on the family menu was a high-priced luxury... a rare treat served only on special occasions at Sunday best tables! Today, thanks to improved dietary techniques, superior feed formulas and the finest modern facilities, Canada's poultry industry now mass produces a plumper, finer bird at far less cost!

Chicken has been a major factor in contributing to a lower cost food budget available to Canadians. And because Dominion coast to coast regularly purchases hundreds of thousands of only the best chickens produced, you pay an amazingly low price. Switch this week to Dominion... where Chicken is a Bargain!
