Name Is Changed To Junior Bd. Of Trade

At the regular monthly meeting of the Charlottetown Junior Chamber of Commerce held at the Rendezvous Restaurant on Thursday, the following resolution was passed: "That the Charlottetown Junior Chamber of Commerce change its name to the Charlottetown Junior Board of Trade effective March 4."

This matter has been under consideration since November, 1953, and it was only after much deliberation and thorough discussion of all aspects of the motion that it was finally carried by a majority vote.

Other items on the agenda included a further lesson in the series of lectures on "Parliamentary Procedure" by Bob Younker,

chairman of the self development committee; and a report by Ed Pineau on the special project, that of bringing a hypnodist, rope spinning and boomerang throwing champion, to the stage of Prince of Wales College the latter part of this month. Other items discussed included the coming annual meeting in April with the election of officers; the problem and desirability of extending Junior Board work to other centres on Prince Edward Island; and a motion supporting the proposed change in the Veterans Land Act in reference to its effect on veterans living in urban areas. The next meeting of the Junior Board will be held at City Hall. Chairman for the evening was the President Walter LePage.

Regular Monthly Meeting B. I. S. Last Night

The members of the Benevolent Irish Society held their February meeting in the Whelan Memorial Building last night. John W. Hogan, president, acted as chairman.

The different standing committees of the Society reported on their month's work.

The Chief Marshal of the Benevolent Irish Society, Bro. Leo Dowling, Sr., informed the meeting that all arrangements had practically been made for the annual St. Patrick's Day parade of the Society. He stated the parade would move off on March 17 from the Whelan Memorial Building to the War Veterans' Memorial where a wreath in behalf of the departed members of the Society would be laid by the president. From the monument the parade would proceed to St. Dunstan's Basilica for High Mass at 10:00 a.m. A reception would be held in the Whelan Memorial Building immediately following the return of the parade from St. Dunstan's Basilica.

Bros. L. Gormley and W. Smith were appointed to look after arrangements for the Society's annual smoker, this year to be held Friday evening, March 12th, in the Whelan Memorial Building. The members of the Emerald branch have been invited to attend this informal get-together of Irishmen.

The play committee chairman, John W. Hogan, reported that play practices for "Meet Shane For A Change" were coming along well and that by the "Seventeenth" Charlottetown should see one of its finest Benevolent Irish Society shows. A first-class line of specialties has been engaged for this presentation under the chairmanship of Bro. Wilfred Smith. Tickets will go on sale March 10th at 9:00 a.m. in the Whelan Memorial Building, with the doors to open at 8:30 a.m.

Semi-Annual Meeting Of I.C.A. Last Night

The semi-annual meeting of the Institute of Chartered Accountants of Prince Edward Island was held last evening at the Queen Hotel with Mr. D. J. Gill, the Director of Taxation in Charlottetown, in attendance as guest of honor. The meeting was presided over by the Institute's president, Mr. Randolph W. Manning and was attended by both members and students of the Institute.

In a brief ceremony, Mr. Manning presented certificates of membership to H. Gordon Williams, Arthur J. Garrett and H. Raymond Hennessey who last fall wrote and passed their final examinations. Mr. Manning gave a very interesting talk in which he traced the history of the Institute of Chartered Accountants of Prince Edward Island, then outlined the career of chartered accountancy and some of the problems which are confronting the profession in Canada today. Mr. Gill congratulated the three newly qualified members and remarked on the value and importance of the accountancy degree which they had obtained.

For a number of years now, most Provincial Institutes of Chartered Accountants have awarded prizes to their candidates obtaining the highest marks in the various grades of the examinations which are written each year by students all across Canada. The names of winners of the prizes offered by the Prince Edward Island Institute to candidates in the 1953 examinations were announced as follows:

Primary—J. N. Arsenault, Summerside.

Intermediate—David A. Andrew, Charlottetown.

Final—H. Raymond Hennessey, Summerside.

Mr. Hennessey, the only prize winner who had been able to attend the meeting, was presented his \$25.00 cash award by the Institute's secretary-treasurer.

Expenditures On Experimental Sta.

OTTAWA, (Special)—Since 1946, the Federal Government has spent a total of \$1,424,674 on the Experimental Station at Charlottetown and illustration stations in other parts of the province. This was revealed in a return tabled in the Commons today in reply to a question asked by T. J. Kickham, Liberal member for Kings.

Average cost of these experimental establishments over the past eight years has been \$178,000 a year. Annual spending has increased continuously from \$96,000 in 1946-47 to \$229,594 in 1952-53. Cost of operation of the establishments in the 10 months from April 1, 1953 to January 31, 1954 including salaries and rentals was \$221,313. All moneys were spent by the Department of Agriculture.

Main Sources Of Farm Injuries

A survey made of accidents on Canadian farms for the year 1946-47 showed that there were 37,200 non-fatal accidents that year.

Seven main sources of danger account for injuries:

1. The greatest single cause of accidents on the farm is the tractor. These accidents are caused by carelessness, hurrying, fatigue and child-divers. Over half of the tractor accidents are upsets. Driving too fast over rough ground or while making turns, driving too close to ditch banks and failing to apply the wheel brakes evenly when making quick stops, are the main causes of overturning. To avoid tipping, the wheels should be spread as far apart as practical for the job at hand.
2. The wheel, seat and controls of the average tractor are made for the average man. Children do not have the experience or judgment necessary to cope with emergencies. Keep children off, at least until they are over 16 years of age. It is not safe to take anyone, especially children, as an extra rider on a tractor.
3. Second on the list of farm hazards are farm equipment and tools. Accidents in the barn and other buildings may be caused by improper lighting, sharp and pointed tools left lying around, open hay or straw chutes, broken ladders and stairs. The remedy for each of these is obvious.
4. Automobiles and trucks.
5. Farm animals. It is important to treat animals with kindness but firmness. Keep yourself "in the clear" when working with animals. Keep dangerous animals in safe pens.
6. Wood-cutting and trimming trees. If you are not familiar with the rules for felling trees, consult your local forester or Provincial Department of Forestry.
7. Electricity. A basic rule in working with electricity is to disconnect the equipment and make sure of proper grounding before trying to make repairs. See that electrical wires are not overloaded.
8. Fires. The modern farm has most of the fire hazards which are found in small factories, but usually the farmer takes fewer precautions in guarding against fire. Also once a fire starts, the chances of bringing it under control are fewer because of inadequate equipment, poor water supply and lack of trained fire-fighters without in easy reach. Certain steps can be taken to help fight fire if it breaks out. An emergency water supply in a barrel, cistern or pond, and boxes of sand in the buildings, may stop a fire at the start. There is also the advantage of working out some system of community fire protection.

Red Cross Special Names Teams

The Special Names Committee for the Charlottetown Red Cross Campaign under the chairmanship of Capt. O. R. Simons, (above) met at Red Cross Headquarters yesterday afternoon when the following teams received lists of those they are to call on during the coming week:

Dr. Owen Curtis and Frank MacKenzie; Lt. Col. K. M. Johnstone and Walter Hyndman; T. D. DeBlois and Ivan Harper; A. B. Belcher and Gordon MacDonald; P. W. Turner and J. C. Montgomery; Brig. G. G. Peake and J. T. Davies; Major Frank Storey and M. A. Farmer; W. M. Mellish and Dr. J. H. Shaw; Frank Curtis and Arthur Mould; Fulton Pierce and N. D. MacLean; T. G. Ives and G. A. Walter; E. D. Reid and Lt. Col. L. F. Macdonald; Ralph Jones and Allister MacLeod; A. W. Gaudet and E. C. Johnston.

World Day Of Prayer Meeting

The Charlottetown meeting of the World Day of Prayer for women was held in St. Peter's schoolroom yesterday afternoon. The meeting was conducted by Mrs. Harold Pickard of St. Peter's Cathedral.

With her on the platform and assisting in the service were members of the city churches: Mrs. J. A. MacMillan, St. James; Mrs. A. J. MacPhee, Baptist Church; Mrs. J. H. Bishop, Church of Scotland; Capt. Titcombe of the Salvation Army; Mrs. M. V. Dunbar, Christian Church; Mrs. Rendie Larler; Mrs. M. J. MacMillan, St. Paul's; and Mrs. Lea Saunders, Trinity Church.

The speaker, Capt. Titcombe, read from the eleventh chapter of St. Luke's Gospel. She spoke of the Bible story of the man who, when an unexpected guest arrived to go to his friend for bread; so we, when faced with a situation with which we cannot cope, turn to Christ in prayer; "more things are wrought by prayer than this world dreams of."

The old familiar hymn "Nearer My God To Thee," by the music of Lewis Carey, was beautifully sung by Mrs. Bertman Patterson.

The day's offering will be forwarded to the Women's Inter-Church Council of Canada for world-wide Christian work.

Potato Feeding Tests At Farm

During the three years 1949-1951, a feeding experiment at the Charlottetown Experimental Station comparing turnips and potatoes as a succulent feed for dairy cattle in milk, was conducted. The conclusions from this experiment are that raw, sliced potatoes can be used to replace turnips in the ration at the approximate rate of 1 pound of potatoes for 2 pounds of turnips when fed at the rate of 1 3/4 pounds per 100 pounds body weight.

S.D.U. Debaters Lose Decision

Information from Ottawa early this morning indicated that St. Dunstan's University lost a decision to St. Patrick's College, Ottawa in the semi-finals for the Dominion Intercollegiate debating championship.

There was no immediate information as to the outcome of the other section of the semi-finals, nor was it known which side of the debate the S.D.U. team took. The resolution was "Resolved that Red China should be admitted to the United Nations."

COSTLY FUMBLE

YORKTON, Sask. (CP)—A farmer at Tonkin near here accidentally shot 14 of his own chickens. Hearing a loud noise in the hen-house, he grabbed a shotgun to investigate. As he opened the door, his dog nudged his hand and the gun discharged.

LONDON, (AP)—The death of James Stockley, 91, retired Scotland Yard detective who took part in the futile hunt for the killer called "Jack the Ripper" in 1888, was announced Friday. Stockley rose to the rank of chief inspector before his retirement in 1911.

ED'S TAXI

LUCKY NUMBERS
98,656 — 99,747

March 1st has come and gone and with it's passing the work of the Musical Festival programme committee enters it's most active period. Not until all entries have been received and tabulated by Mrs. Cook, can the task of organizing the classes into days, sessions and halls be undertaken.

An increasing number of entries requires that the committee use every minute of the festival days as economically as possible in order that each entry may enjoy its proper share of programme time. Required time for each entry is computed in minutes and fractions of minutes, total minutes of entries becoming time allotted to the class. Co-operation on the part of contestants is therefore required in the matter of prompt and orderly appearance on the platform as designated in the programme. Otherwise sessions run long overtime.

One of the greatest difficulties encountered by this committee is that of so arranging the programme that contestants are not scheduled to appear in two halls at the same time. Every effort is made to accommodate the contestants and if they have complied with the note on the entry form which asks for a listing of individual members of group entries they have helped considerably in the committee's effort.

The 1954 programme will not be perfect! They shall try to do their best and others can help now with constructive criticism. Take the 1953 programme, examine it carefully and if you feel it can be improved telephone your ideas to the convener, Mrs. R. R. Hurst, at telephone 3255 before the printer starts his work on April 1st.

Your sincere and genial co-operation in making the schedules work for eight days, three sessions in three halls plus new expansion in Summerside will insure for all a happy festival.

Syllabus

It has only recently been noted that through a regrettable oversight, the name of a member has been inadvertently omitted from the list of the Syllabus Committee. The Convener wishes to have it known that Mrs. Horace MacEwen, who has worked ardently and given much time and helpful advice toward the completion of the Syllabus, is a member, and her name should appear on the list printed in the Syllabus.

were reviewed by Mrs. Ian Rankin. There was then a lengthy discussion on the Ways and Means of the Chapter and it was unanimously agreed that the talent project which was so successful last fall, would be continued again in the near future.

Mrs. Ralph Dumont was elected a councillor of the Chapter.

The meeting was then adjourned followed by a tasty lunch. The hostesses for the evening were Mrs. Ross Down, Mrs. H. E. Miller, Jr., and Mrs. Jean Jones.

OLD CUSTOM

Curfew has been run every evening for 500 years in the town of Prestegne, Wales.

Two Injured in Collision

A collision between a car and a truck at the 48 Cross Roads last evening at 8:30 sent two men to the Prince Edward Island Hospital. Chesley Buell from Murray Harbour received a badly lacerated hand and a possible fractured jaw while Reg. Heartz who lives on White Street at the northern extremity of the City has a possible fractured knee and multiple contusions and abrasions to the face, hands and legs.

It is reported that the two vehicles met head-on with the left front wheels of each connecting. An ambulance was called and the two men were rushed to the hospital. Latest reports indicate that they are not in danger and are resting comfortably.
